2012 No. 192

The Building Regulations (Northern Ireland) 2012

PART F

Conservation of fuel and power

Provision of information

47. Where regulation 39 applies, the person carrying out the work shall give, not more than 5 days after completion of the work, a notice in writing to—

- (a) the building owner giving sufficient information about the building, its fixed building services, and their ongoing maintenance requirements, so that the building can be operated and maintained to conserve fuel and power; and
- (b) the district council stating that the requirements of sub-paragraph (a) have been met.
