The Building Regulations (Northern Ireland) 2012

PART K

Ventilation

Provision of information

68. Where regulation 65(1) applies, the person carrying out the work shall give, not more than 5 days after completion of the work, a notice in writing to—

- (a) the building owner giving sufficient information about the buildings ventilation system and its maintenance requirements so that the building can be operated, maintained and ventilated in an efficient manner; and
- (b) the district council stating that the requirements of sub-paragraph (a) have been met.
