

Explanatory Memorandum To

The Belfast International Airport (Control Over Land) Order (Northern Ireland) 2012

S.R. 2012 No. 94

1. Introduction

- 1.1. This Explanatory Memorandum has been prepared by the Department for Regional Development to accompany the Belfast International Airport (Control Over Land) Order (Northern Ireland) 2012 which is laid before the Northern Ireland Assembly.
- 1.2. The Statutory Rule is made under powers conferred by Article 8 of the Airports Order (Northern Ireland) 1994 and is subject to negative resolution procedure before the Assembly.

2. Purpose

- 2.1. The purpose and extent of this Order is to specify areas of land to be subject to control by direction made by the Department.

3. Background

- 3.1. This Order specifies the areas of land which are subject to control by directions made by the Department. Whilst the Order would enable the Department to direct that existing buildings, structures or trees be reduced in height or removed or that a private right of way be extinguished, the Department would issue directions only where it is satisfied that it is necessary to do so to ensure the safety of aircraft using the airport. Where a Direction would be given for prohibiting the erection of a building or structures, or where such building or structures may be made subject to conditions the Order provides for an appeal against such a refusal or conditions to the Planning Appeals Commission.
- 3.2. In considering any application by Belfast International Airport for a direction, the Department would take advice from the Civil Aviation Authority (CAA). Where it is satisfied that a safety case is made, the

Department would not proceed to give a direction until satisfied that the airport had exhausted all other avenues of negotiation with the landowner/occupier to remove the safety risk.

4. Consultation

4.1. The Department has completed an extensive consultation exercise in relation to the Statutory Rule. A range of stakeholders responded to the consultation. The Airport authority has also responded to the issues raised and the Department has facilitated meetings with the main stakeholders and with the airport authority. The Department has formally responded to all of the consultees.

5. Equality Impact

5.1. As part of the consultation on these legislative proposals the Department has written to all those parties in accordance with the Departments Equality Scheme. The Consultees attention was drawn to the Section 75 criteria and their views sought on any potential impacts that may arise from the implementation of these legislative proposals. The Department has considered the proposed legislative provisions against the Section 75 criteria and the responses to the consultation process and in conjunction with the Equality Unit and the Human Rights Unit has screened out the requirement for an Equality Impact Assessment in relation to these legislative proposals

6. Regulatory Impact

6.1. The Department has considered the proposed legislative provisions against the criteria for regulatory impact and concluded that this is not required for these legislative proposals

7. Financial Implications

7.1. There are no significant financial implications arising from the proposals and a regulatory impact assessment is not required.

8. Section 24 of the Northern Ireland Act 1998

8.1. There are no implications arising in relation to Section 24 of the Northern Ireland Act 1998.
