**2017 No. 119**

The Marketing of Fruit Plant and Propagating  
Material Regulations (Northern Ireland) 2017

**PART 3**

Suppliers

**Supplier's duties: identification and monitoring during production process**

**14.**—(1) During the production of plant material, a supplier must identify and monitor and have in place a plan to identify and monitor critical points in that process.

(2) The plan must include details on—

- (a) the location and number of plants;
- (b) the timing of cultivation;
- (c) propagating operations;
- (d) packaging, storage and transportation operations.

**Changes to legislation:**

There are currently no known outstanding effects for the The Marketing of Fruit Plant and Propagating Material Regulations (Northern Ireland) 2017, Section 14.
