EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the Pharmaceutical Society of Northern Ireland (General) Regulations (Northern Ireland) 1994 ([S.R. 1994 No. 202](#)) (the principal Regulations) to enable the registrar to annotate the register of pharmaceutical chemists to indicate pharmacists who have particular qualifications, specialist areas of practice and status.

Regulation 9(3) of the principal Regulations is amended to confirm that a person with the annotation “SP” (Pharmacist Supplementary Prescriber) recorded against his name in the register of pharmaceutical chemists is qualified to order drugs, medicines and appliances as a Pharmacist Supplementary Prescriber.

These Regulations also insert paragraph (4) into Regulation 9 of the principal Regulations, to set out the requirements to enable a person’s entry in the register to be annotated “IP” (Pharmacist Independent Prescriber). This annotation will confirm that he is qualified to order drugs, medicines and appliances as a pharmacist independent prescriber.

The amendments to Regulation 9 of the principal Regulations also allow for professional experience from a relevant European State to be considered as part of the two year registration requirement for annotation as either a Pharmacist Independent Prescriber or a Pharmacist Supplementary Prescriber.
