

SCHEDULE 16

Potato brown rot

PART A

Special measures for the control of Potato brown rot

Susceptible material or objects contaminated or possibly contaminated with Potato brown rot

3. A notice may require that—
 - (a) contaminated susceptible material be subjected to any measure that complies with point 1 of Annex VI to [Directive 98/57/EC](#);
 - (b) possibly contaminated susceptible material be used or disposed of in accordance with point 2 of Annex VI to [Directive 98/57/EC](#);
 - (c) a contaminated object or a possibly contaminated object be—
 - (i) disposed of by destruction; or
 - (ii) cleansed and disinfected so that there is no identifiable risk of Potato brown rot spreading.
