is a reference to that instrument as amended from time to time.

(4) The Interpretation Act (Northern Ireland) 1954(11) applies to these regulations as it applies to an Act of the Assembly.

Scope

3.—(1) These Regulations apply to products intended for human consumption, except for any product intended for the manufacture of fine bakery wares, pastries or biscuits.

(2) These Regulations do not apply to a product traded using a name listed in Part 2 of the table in Part 1 of Schedule 3 that is brought into Northern Ireland from another part of the United Kingdom or an EEA State or from the Republic of Turkey, in which it was lawfully marketed.

Use of a product name

4.—(1) A person who trades in a product that complies with the requirements of a Part of Schedule 3 specified in column 2 of the table in Part 1 of Schedule 3 must use the name of the product listed in the corresponding entry in column 1 of that table, in trade, as the name of the product.

(2) A person must not use a product name listed in column 1 of the table in Part 1 of Schedule 3, in trade, as the name of a product unless the product complies with the requirements for that product specified in the Part of Schedule 3 listed in the corresponding entry in column 2 of that table.

(3) Paragraph (2) does not prevent a product name being used, in trade, in addition to the name of another product if—

- (a) the use of the product name in that way is in accordance with practices used to designate the other product; and
- (b) the other product cannot be confused with a regulated product.

Indication of kinds of fruits used

5.—(1) A person must not trade in a regulated product unless the product name is supplemented with an indication of the kinds of fruits used to manufacture the product in accordance with paragraphs (2) to (4).

(2) Where a regulated product is manufactured using a single kind of fruit, the product name must be supplemented with an indication of the kind of fruit used to manufacture the product.

(3) Where a regulated product is manufactured from two kinds of fruit, the product name must be supplemented with an indication of those kinds of fruit in descending order of the weight of the raw materials of the fruit used to manufacture the product.

(4) Where a regulated product is manufactured from three or more kinds of fruit, the product name must be supplemented—

- (a) with an indication of the kinds of fruit used in descending order of the weight of the raw materials of fruit used to manufacture the product;

- (b) with the words “mixed fruit” or similar wording; or
- (c) with the number of kinds of fruit used.

Fruit content indication

6.—(1) A person must not trade in a regulated product unless the labelling of the product indicates the fruit content of the product in accordance with paragraphs (2) to (4).

(2) The fruit content must be indicated by including the words “prepared with x g of fruit per 100 g” with the quantity in grams of fruit from which the fruit pulp, fruit purée, fruit juice, fruit peel and aqueous extract of fruit used for every hundred grams of the finished product are derived being inserted in place of the “x”.

(3) If aqueous extracts are used in the manufacture of a regulated product, the fruit content of the finished product must be calculated after deducting the weight of any water used to prepare the aqueous extracts.

(4) The fruit content indication required by paragraph (1), as read with paragraph (2), must appear in the same visual field as the product name and be in clearly visible characters.

Total sugar content indication

7.—(1) A person must not trade in a regulated product unless the labelling of the product indicates the total sugar content of the finished product in accordance with paragraphs (2) to (5).

(2) The total sugar content must be indicated by including the words “total sugar content: x g per 100 g”, with the content in grams of soluble solids in each hundred grams of the finished product inserted in place of the ‘x’.

(3) The total sugar content of the finished product as indicated on the labelling must be determined by a refractometer at 20°C.

(4) The total sugar content of the finished product as indicated on the labelling must be accurate to ± 3 refractometric degrees.

(5) The total sugar content indication required by paragraph (1), as read with paragraph (2), must appear in the same visual field as the product name and be in clearly visible characters.

(6) Paragraph (1) does not apply where a claim as regards the sugar content of a regulated product is made and the product is marked or labelled, as regards its sugar content, with the prescribed nutrition labelling as set out in Articles 30 to 35 of Regulation (EU) No 1169/2011.

Residual sulphur dioxide

8. A person must not trade in a regulated product that is listed in Part 1 of the table in Part 1 of Schedule 3 that has a residual sulphur dioxide content of more than 10 milligrams per kilogram unless, in addition to any particular required to be identified in a list of ingredients by Regulation (EU) No 1169/2011, the presence of that residual sulphur dioxide is indicated in the list of ingredients of the product according to the percentage by weight of the residual sulphur dioxide in the product.

Enforcement

9. It is the duty of each district council within its district to enforce these Regulations.

Application and modification of provisions of the Order

10.—(1) The provisions of the Order specified in column 1 of the table in Schedule 4 apply with the modifications specified in column 2 of that table for the purposes of these Regulations.

(2) Paragraph 1 is without prejudice to the application of the Order to these Regulations for the purposes other than those specified in paragraph (1).

Revocation

11. The Jam and Similar Products Regulations (Northern Ireland) 2003(**12**) are revoked.
