**2021 No. 334**

**PUBLIC HEALTH**

The Health Protection (Coronavirus, Restrictions)  
Regulations (Northern Ireland) 2021 (Amendment  
No. 20) Regulations (Northern Ireland) 2021

	<i>at 2.30 p.m. on 9th</i>
<i>Made</i> - - - -	<i>December 2021</i>
	<i>at 3.30 p.m. on 9th</i>
<i>Laid before the Assembly</i>	<i>December 2021</i>
<i>Coming into operation in accordance with</i>	
<i>regulation 1(2)</i>	

The Department of Health<sup>(1)</sup>, makes the following Regulations in exercise of the powers conferred by sections 25C(1), 3(c), 4(d) and 25F(2) of the Public Health Act (Northern Ireland) 1967<sup>(2)</sup>.

These Regulations are made in response to the serious and imminent threat to public health which is posed by the incidence and spread of severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) in Northern Ireland.

The Department of Health considers that the restrictions and requirements imposed by these Regulations are proportionate to what they seek to achieve, which is a public health response to that threat.

In accordance with section 25Q of that Act the Department of Health is of the opinion that, by reason of urgency, it is necessary to make these Regulations without a draft having been laid before, and approved by a resolution of, the Assembly.

## **EXPLANATORY NOTE**

*(This note is not part of the Regulations)*

These Regulations amend the Health Protection (Coronavirus, Restrictions) Regulations (Northern Ireland) 2021 by making a number of amendments. These include the removing the definition of active period, changing the required timeframe for a negative Rapid Antigen Test from 48 hours to the day of, or day before, the relevant time, removing the requirement to provide photographic ID if the evidence provided includes a photo and rewording Regulation 16E to ensure greater clarity. Further minor changes have been made the wording on who is responsible for a relevant premises or event, the system a responsible person must have in place, and the enforcement of this. Some further minor changes have been made to other wording. None of the changes in this Amendment offer any substantive policy changes and are technical changes.

No regulatory impact assessment has been prepared for these Regulations.
