- (a) a qualifying condition is satisfied; or
- (b) the pension is—
 - (i) a derivative pension,
 - (ii) a substituted pension or,
 - (iii) a relevant injury pension.

(2) In relation to any period on or after 8th April 2024, the pension authority may increase the annual rate⁽⁷⁾ of the pension—

- (b) for a pension which began on or after 10th April 2023, by 6.7 per cent multiplied by—

where A is the number of complete months in the period between the beginning date of the pension and 8th April 2024.

(3) In relation to a lump sum which is payable on or after 10th April 2023 but before 8th April 2024, the pension authority may increase the lump sum by 6.7 per cent multiplied by—

$$\frac{A}{12}$$

where A is the number of complete months in the period between the beginning date of the lump sum (or, if later, 10th April 2023) and the date on which it becomes payable.

4.—(1) Where—

- (a) a person is entitled to an increase in a guaranteed minimum pension on 8th April 2024; and

the amount by reference to which any increase is calculated for the purposes of article 3(2) must be reduced by an amount equal to the rate of the guaranteed minimum pension unless the Department of Finance otherwise direct in accordance with the provision of Article 69A⁽⁸⁾ of the 1975 Order⁽⁹⁾.

EXPLANATORY NOTE

(This note is not part of the Order)

Under section 69 of the Social Security Pensions (Northern Ireland) Order 1975 (c.15) (increase of official pensions), where the Department for Communities under section 132(1) of the Social Security Administration (Northern Ireland) Act 1992 (c.8), directs that the sums which are the additional pensions in long-term benefits are to be increased by a specified percentage, the Department of Finance shall provide by order for the increase in the rates of public service pensions. The Pensions (Increase) Act (Northern Ireland) 1971 (c.35) defines certain terms and sets out when a pension “begins” (the day after the last day of service in respect of which the pension is payable) and how the increase applies to lump sums.

The increase to be applied is the same as the percentage (or in some circumstances a fraction of the percentage) by which the Department for Communities has, by direction under the Social Security Administration (Northern Ireland) Act 1992, increased the sums which are the additional pensions in long-term benefits, namely the additional pension entitlements accruing to employees in respect of earnings for service after 5th April 1978.

For pensions which began before 10th April 2023 the increase is 6.7 per cent.

For pensions which began on or after 10th April 2023 the increases (following the calculation set out in article 3) are as follows:—

<i>Pensions Beginning</i>	<i>Percentage Increase</i>
10th April 2023 to 23rd April 2023	6.7%
24th April 2023 to 23rd May 2023	6.14%
24th May 2023 to 23rd June 2023	5.58%
24th June 2023 to 23rd July 2023	5.03%
24th July 2023 to 23rd August 2023	4.47%
24th August 2023 to 23rd September 2023	3.91%
24th September 2023 to 23rd October 2023	3.35%
24th October 2023 to 23rd November 2023	2.79%
24th November 2023 to 23rd December 2023	2.23%
24th December 2023 to 23rd January 2024	1.68%
24th January 2024 to 23rd February 2024	1.12%
24th February 2024 to 23rd March 2024	0.56%

Article 3 of the Order provides for increases on certain deferred lump sums which become payable on or after 10th April 2023 and before 8th April 2024.

The Order also makes provision for the amount by reference to which any increase in the rate of an official pension is to be calculated to be reduced by an amount equal to the rate of any guaranteed minimum pension entitlement deriving from the employment which gives rise to the official pension.
