SECTION 1—BENEFITS IN RESPECT OF SICKNESS, MATERNITY  
AND UNEMPLOYMENT*Article 12*

A national of either Contracting Party who has completed an insurance period under the legislation of one Party shall be entitled, together with his dependants, to receive the benefits provided under the legislation of the other Party in respect of sickness, maternity and unemployment, provided that—

(1) he has begun an insurance period under the legislation of the latter Party;

(2) he satisfies the conditions laid down by the legislation of the latter Party; and for this purpose any insurance period or equivalent period completed under the legislation of the former Party shall be treated, subject to the provisions of Article 31, as if it had been completed under the legislation of the latter Party;

(4) in the case of maternity, the benefit shall be provided under the legislation which applies to the woman or, if it is claimed by virtue of her husband's insurance, to her husband at the time when the claim is made;

(5) in the case of unemployment benefit, the unemployment occurs after the beginning of the insurance period following the date on which the national last entered the territory of the Party under whose legislation the benefit is claimed.

*Article 13*

Where a woman, being a national of either Party, is insured under the legislation of one Party or is the wife of a person so insured and is in, or is confined in, the territory of the other Party, she shall, for the purpose of any claim to receive maternity benefit in cash under the legislation of the former Party, be treated as if she were in, or had been confined in, the territory of the former Party.

*Article 14*

Where a national of either Contracting Party goes from the territory of one Party to the territory of the other, after having fallen ill in the territory of the former Party, he shall remain

entitled to receive sickness benefit under the legislation of the former Party as if he were in its territory, provided that, before his departure, the social security authority of the former Party has so agreed.

#### *Article 15.*

Where a national of either Contracting Party, ordinarily resident in the territory of one Party, becomes unemployed in the territory of the other at a time when the legislation of the latter Party applies to him and returns to the territory of the former Party, he shall receive unemployment benefit in accordance with the provisions of the legislation of the former Party; and for this purpose any insurance period or equivalent period completed by him under the legislation of the latter Party shall be treated, subject to the provisions of Article 31, as if it had been completed under the legislation of the former.

### SECTION 2—INVALIDITY PENSIONS

#### *Article 16*

(1) Where a national of either Contracting Party has completed insurance periods or equivalent periods under the legislation of both Parties, such periods shall be added together in accordance with the provisions of Article 31 for the purpose of determining his right to receive an invalidity pension.

(2) Subject to the provisions of paragraphs (3) and (5) of this Article, an invalidity pension shall be paid in accordance with the provisions of the legislation under which the national was insured in respect of his employment at the time when the disease or disablement was first medically certified, or was last so insured before that time, and the cost of such pension shall be borne by the social security authority which is responsible under that legislation.

(3) Where a national of either Party, having completed an insurance period under the legislation of one Party, had begun an insurance period under the legislation of the other Party less than one year before the beginning of the civil quarter in which his disease or disablement was first medically certified, the invalidity pension shall be paid in accordance with the provisions of the legislation of the former Party, and the cost of such pension shall be borne by the social security authority which is responsible under that legislation. This provision shall not apply if the invalidity is due to an accident.

(4) For the purpose of paragraph (3) of this Article, "civil quarter" means a period of three calendar months beginning on the 1st January, the 1st April, the 1st July or the 1st October of any year.

(5) If, after suspension or discontinuance of an invalidity pension granted under the legislation of one (or the other) Party, the national again becomes an invalid within a period of three years, the social security authority which originally granted the pension shall be responsible for resuming, in accordance with

the provisions of its own national legislation, the payment of such pension, provided that the invalidity is attributable to the disease or disablement in respect of which such pension was previously granted.

#### *Article 17*

If a national of either Contracting Party has been insured in respect of sickness under the legislation of the United Kingdom before the age of thirty-five and becomes an employed person in the territory of the Kingdom of the Netherlands after having reached that age, then he shall not be excluded from insurance in respect of invalidity under the legislation of the Kingdom of the Netherlands, provided that he has not reached the age of sixty-five, is not earning a wage which would entitle him to claim exemption from that insurance and is not exempted from that insurance on any other ground.

#### *Article 18*

Where, under the legislation of one Contracting Party, a national of either Party would be entitled to receive an invalidity pension if he were resident in the territory of that Party, he shall be entitled to receive that pension while he is resident in the territory of the other Party.

### SECTION 3—OLD AGE PENSIONS

#### *Article 19*

(1) Subject to the provisions of Article 22, where a national of either Contracting Party submits a claim to receive an old age pension by virtue of insurance periods and equivalent periods completed under the legislation of both Parties, his claim shall be determined in accordance with the provisions of the succeeding paragraphs of this Article.

(2) The appropriate social security authority of each Party shall determine, in accordance with its own national legislation, whether the national satisfies the conditions for receiving a pension under that legislation and for this purpose shall take into account all the insurance periods and equivalent periods completed by him under the legislation of the two Parties as if they had been completed under its own national legislation.

(3) Where the right to a pension is established in accordance with the provisions of paragraph (2) of this Article, the social security authority of each Party shall calculate

- (a) the pension which would have been due to the national under its own national legislation if all the insurance periods and equivalent periods completed by him under the legislation of both Parties, calculated in accordance with the provisions of Article 31, had been completed under its own national legislation, and
- (b) that part of such pension which bears the same relation to the whole as the total of all the insurance periods and equivalent periods completed by the national under its own national legislation bears to the total of all the insurance periods and equivalent periods completed by him under the legislation of both Parties.

The part thus calculated shall be the pension actually due to the national from the social security authority concerned.

(4) Where the total of all the insurance periods and equivalent periods completed by a national under the legislation of one (or the other) Party is less than six months, no pension shall be paid under the legislation of that Party.

(5) For the purpose of applying this Article an insurance period or equivalent period completed by a national shall be deemed to mean an insurance period or equivalent period completed by the husband of a national in those cases where the national concerned is a woman claiming an old age pension by virtue of her husband's insurance.

#### *Article 20*

If a national of either Contracting Party has been insured in respect of an old age pension under the legislation of the United Kingdom before the age of thirty-five and becomes an employed person in the territory of the Kingdom of the Netherlands after having reached that age, then

(1) he shall not be excluded from insurance in respect of invalidity under the legislation of the Kingdom of the Netherlands, provided that he has not reached the age of sixty-five, is not earning a wage which would entitle him to claim exemption from that insurance and is not exempted from that insurance on any other ground; and

(2) for the purpose of determining and calculating the old age pension under the legislation of the Kingdom of the Netherlands, he shall be treated as having become insured at the age of thirty-five, or at the age at which he became insured under the legislation of the United Kingdom, whichever is the more favourable.

#### *Article 21*

Where a national of either Contracting Party does not simultaneously satisfy the conditions laid down by the legislation of both Parties, his right to receive a pension under the legislation of each Party shall be established as and when he satisfies the conditions laid down by the legislation of that Party, account being taken of the provisions of Article 19.

#### *Article 22*

(1) A national of either Contracting Party may, at the time when his right to receive a pension is established, choose not to take advantage of the provisions of Article 19 of the present Convention. In that case the old age pension which he is entitled to receive under the legislation of each Party shall be paid to him separately by its social security authority without regard to insurance periods completed by him under the legislation of the other Party.

(2) Such national shall be entitled to make a fresh choice between taking advantage of the provisions of Article 19 and those of this Article, if it is in his interest to do so, either when

the legislation of either Party is amended, or when he goes from the territory of one Party to that of the other, or when, in accordance with the provisions of Article 21 or otherwise, his right to a pension is established or extended under the legislation of either Party.

#### *Article 23*

(1) Where, under the legislation of one Contracting Party, a national of either Party would be entitled to receive an old age pension if he were resident in the territory of that Party, he shall be entitled to receive that pension while he is resident in the territory of the other Party.

(2) For the purpose of applying this Article, effect shall be given to the provisions of Article 44.

#### *Article 24*

Where a special scheme established under the legislation of one Contracting Party provides that old age pensions shall be dependent on the completion of insurance periods in an occupation to which the special scheme applies, the only periods completed under the legislation of the other Party which shall be treated as insurance periods for the purpose of determining the right to receive an old age pension under the said special scheme shall be those completed under a corresponding special scheme of the latter Party. If, under the legislation of the latter Party, there is no special scheme for the occupation in question, any insurance period or equivalent period, completed under the special scheme of the former Party, shall nevertheless be treated as an insurance period or equivalent period under the general insurance scheme of the latter Party for the purpose of determining the right to receive an old age pension under that scheme.

### SECTION 4—BENEFITS IN RESPECT OF WIDOWHOOD AND ORPHANHOOD

#### *Article 25*

The provisions relating to old age pensions, contained in Section 3, shall apply to benefits in respect of widowhood provided under the legislation of the two Contracting Parties, subject to such modifications as the differing nature of the benefits shall require.

#### *Article 26*

The provisions relating to old age pensions, contained in Articles 19, 23 and 24, shall apply to benefits in respect of orphanhood provided under the legislation of the two Contracting Parties, subject to such modifications as the differing nature of the benefits shall require.

#### *Article 27*

Where a national of either Contracting Party is entitled to receive benefits in respect of orphanhood under the legislation of the two Parties in accordance with the provisions of Article 26, he shall be entitled to receive also from the social security authority of the Party in whose territory he is resident the

amount, if any, by which the total of these two benefits is less than the benefit which he would be entitled to receive under the legislation of that Party if the provisions of Article 26 were not applied in his case.

#### SECTION 5—INDUSTRIAL ACCIDENTS AND DISEASES

##### *Article 28*

Where, under the legislation of one Contracting Party relating to industrial accidents and diseases, a national of either Party would be entitled to receive a benefit if he were resident in the territory of that Party, he shall be entitled to receive that benefit while he is resident in the territory of the other Party.

##### *Article 29*

In assessing, for the purpose of the legislation of one Contracting Party, the degree of disablement due to an industrial accident, any previous industrial accident for which benefit is payable under the legislation of the other Party shall be treated as if it were an industrial accident covered by the legislation of the former Party.

##### *Article 30*

Where a national of either Contracting Party, having received a benefit for an industrial disease under the legislation of one Party submits a claim under the legislation of the other Party to receive a benefit for an industrial disease of the same kind, the social security authority of the latter Party shall be responsible for obtaining evidence as to the benefit previously paid in respect of the same disease, and shall treat that benefit as if it had been granted under its own legislation.

#### SECTION 6—GENERAL PROVISIONS

##### *Article 31*

(1) In applying the provisions contained in Articles 12, 15, 16 and 19 relating to the adding together of insurance periods and equivalent periods for the purpose of establishing the right to receive benefit, the social security authority of each Contracting Party, having regard to the relevant provisions of its own national legislation, shall add to any insurance periods and equivalent periods completed under that legislation any insurance periods and equivalent periods completed under the legislation of the other Party, except to the extent that the latter coincide with the former.

(2) The provisions of paragraph (1) of this Article shall be applied in accordance with the following rules:—

- (a) where a period of compulsory insurance completed under the legislation of one Party coincides with a period of voluntary insurance completed under the legislation of the other, only the period of compulsory insurance shall be taken into account;
- (b) where an insurance period completed under the legislation of one Party coincides with an equivalent period completed under the legislation of the other Party, only the insurance period shall be taken into account;

- (c) where an equivalent period completed under the legislation of one Party coincides with an equivalent period completed under the legislation of the other Party, account shall be taken only of the equivalent period completed under the legislation of the Party in whose territory the national concerned was last employed before the beginning of such period or, if he was not so employed, only of the equivalent period completed under the legislation of the Party in whose territory he is first employed after the end of such period.

(3) Where, for the purpose of a claim to receive an invalidity pension or old age pension under the legislation of the Kingdom of the Netherlands, an insurance period completed under the legislation of the United Kingdom is treated as if it had been completed under the legislation of the Kingdom of the Netherlands, the contributions paid in respect of that period shall be treated as if they had been paid under the legislation of the Kingdom of the Netherlands in the class applicable to the national concerned.

#### *Article 32*

Where, under the legislation of either Contracting Party, the amount of any cash benefit is related to the average wage earned during insurance periods, the average wage to be taken into account for the calculation of the benefit due to be paid under that legislation shall be calculated on the basis of the wages earned during the insurance periods actually completed under that legislation.

#### *Article 33*

Where, under the provisions of this Part of the present Convention, any cash benefit is payable by the social security authority of one Contracting Party to a person who is resident in the territory of the other Party, the payment may, at the request of that authority, be made by the social security authority of the latter Party as agent for the authority of the former Party.

#### *Article 34*

Where payment of any benefit is made by the social security authority of the Kingdom of the Netherlands as agent for the social security authority of the United Kingdom in accordance with the provisions of Article 33,

- (1) payment shall be made, except in the case of a lump sum, in arrear at monthly intervals;
- (2) any question about earnings shall be determined in accordance with the legal procedure of the Netherlands Emergency Old Age Pensions Act.

#### *Article 35*

In all cases where, under the legislation of one Contracting Party, any cash benefit would have been paid in respect of a dependant if the dependant had been in the territory of that Party, such benefit shall be paid if the dependant is in the territory of the other Party.

*Article 36*

Subject to the provisions of Articles 22 and 37, any person claiming a benefit under the legislation of either Contracting Party may choose to have his claim settled without regard to the provisions of the present Convention.

*Article 37*

(1) Where a national of either Contracting Party, who is entitled to receive a cash benefit under the legislation of one Party, claims a cash benefit under the legislation of the other Party, any provision of the legislation of the latter Party which restricts the right to receive one benefit by reason of the receipt of another benefit shall apply to that national as if the benefit payable under the legislation of the former Party were a corresponding benefit payable under the legislation of the latter Party.

(2) The provisions of paragraph (1) of this Article shall not apply to two benefits of the same kind paid in accordance with the provisions of Section 2, Section 3 or Section 4 of this Part of the present Convention.

## PART IV.—MISCELLANEOUS PROVISIONS

*Article 38*

The competent authorities

- (1) shall make such administrative arrangements as may be required for the application of the present Convention;
- (2) shall communicate to each other information regarding any measure taken by them for the application of the Convention;
- (3) shall communicate to each other, as soon as possible, information regarding any changes made under their national legislation which affect the application of the Convention.

*Article 39*

(1) The competent authorities and the social security authorities of the two Contracting Parties shall furnish assistance to one another with regard to any matter relating to the application of the present Convention as if the matter were one affecting the application of their own national legislation.

(2) The competent authorities shall, in particular, agree upon the measures to be adopted for the medical and administrative supervision of persons entitled to benefit by virtue of the present Convention.

*Article 40*

(1) Any exemption from, or reduction of, legal dues and fees, provided for in the legislation of one Contracting Party in connexion with the issue of any certificate or document required to be produced for the purposes of that legislation, shall be extended to certificates and documents required to be produced for the purposes of the legislation of the other Party.

(2) Where any certificate or other document has to be produced to the competent authority or social security authority of one (or the other) Party for the purpose of applying the present Convention, that authority shall not require the certificate or other document to be legalised or authenticated.

#### *Article 41*

Any claim, notice or appeal which should, for the purposes of the legislation of one Contracting Party, have been presented within a prescribed period to the social security authority of that Party, but which is in fact presented within the same period to the social security authority of the other Party, shall be treated as if it had been presented to the social security authority of the former Party. In such cases, the social security authority of the latter Party shall, as soon as possible, transmit the claim, notice or appeal to the social security authority of the former Party.

#### *Article 42*

The social security authorities of the Contracting Parties may, for the purpose of applying the present Convention, correspond directly with one another, or with any person entitled to receive any benefit by virtue of the present Convention, or with his legal representative.

#### *Article 43*

The amount of any benefit due in accordance with the provisions of the present Convention shall be calculated in the currency of the Contracting Party whose social security authority is responsible for such benefit.

#### *Article 44*

(1) In any case where a person left the territory of the United Kingdom before the 5th July, 1948, and had previously received one or more payments of old age pension under the legislation of the United Kingdom, he shall be entitled, if he is in the territory of the Kingdom of the Netherlands, to receive such a pension at the rate prescribed in paragraph (3) of this Article appropriate to him, and on the same conditions as if he were in the former territory; and the wife of that person, if she is in the territory of the Kingdom of the Netherlands, shall be entitled to receive such a pension at the rate prescribed in the said paragraph (3) appropriate to her, and on the same conditions as if she were in the former territory.

(2) In any case where a person left the territory of the United Kingdom before the 5th July, 1948, and would have been able, but for his absence from that territory, to receive, before that date, payments of old age pension under the said legislation, he shall be entitled to receive such a pension on the conditions set out in paragraph (1) of this Article.

(3) The rate of pension payable under the provisions of paragraphs (1) and (2) of this Article shall be determined as follows:—

- (a) if the pension was paid before the person left the territory of the United Kingdom, the rate shall be the rate applicable in that territory at the time when the pension was last paid;
  - (b) if the pension was not paid before the person left the said territory by reason of delay in making, or failure to make, a claim, the rate shall be the rate of pension which the person would have been entitled to receive immediately before leaving the said territory, if a claim had been made at that time;
  - (c) if the pension was not paid before the person left the said territory because the person (or her husband, as the case may be) had not then attained pensionable age, the rate shall be the rate at which the pension would have been paid at that age had the person remained in the said territory until the person (or her husband, as the case may be) attained that age, and made a claim;
- provided that in any case where the person left the said territory on or after the 30th September, 1946, the rate shall be the rate at which the pension would be payable had he remained in the said territory.

(4) If at any time the rates of old age pensions awarded under the legislation of the United Kingdom before the 1st October, 1946, and payable to pensioners resident outside the United Kingdom are generally increased, similar increases will be applied from the same date to such pensioners resident in the territory of the Kingdom of the Netherlands.

#### Article 45

(1) No provision of the present Convention shall confer any right to receive any payment of benefit for a period before the date of the entry into force of the Convention.

(2)—(a) Subject to the provisions of paragraph (1) of this Article, benefit, other than lump sum payments, shall be payable in accordance with the provisions of the Convention in respect of events which happened before the date of its entry into force, and for this purpose—

- (i) any benefit which has not been awarded because the person concerned has not made a claim or is absent from the territory of either Party shall be determined and paid,
- (ii) any benefit which has been suspended because the person concerned is absent from the territory of either Party shall be paid,
- (iii) any benefit which has been determined shall, where necessary, be determined afresh provided that its capital value has not been liquidated.

(b) Any benefit which is payable in accordance with the provisions of sub-paragraph (a) of this paragraph shall be paid or determined and paid, as the case may be, as from the date of the entry into force of the Convention, provided that the claim therefor is submitted within twelve months of that date.

(3) Any insurance period or equivalent period which a national of either Party has completed before the date of the entry into force of the Convention shall be taken into account for the purpose of determining the right to receive benefit in accordance with the provisions of the Convention.

*Article 46*

(1) The competent authorities of the Contracting Parties shall endeavour to resolve by negotiation any disagreement relating to the interpretation or application of the present Convention.

(2) If any such disagreement has not been resolved by negotiation within a period of three months, the disagreement shall be submitted to arbitration by an arbitral body whose composition and procedure shall be agreed upon by the Contracting Parties, or, in default of such agreement within a further period of three months, by an arbitrator chosen at the request of either Party by the President of the International Court of Justice.

(3) The decision of the arbitral body, or arbitrator, as the case may be, shall be made in accordance with the principles and spirit of the present Convention and shall be final and binding.

*Article 47*

The two Contracting Parties shall conclude, if necessary, one or more supplementary agreements based on the principles of the present Convention.

*Article 48*

In the event of the termination of the present Convention, any right acquired by a person in accordance with its provisions shall be maintained, and negotiations shall take place for the settlement of any rights then in course of acquisition by virtue of those provisions.

*Article 49*

The present Convention shall be ratified and the instruments of ratification shall be exchanged in London as soon as possible. The Convention shall enter into force on the first day of the month following the month in which the instruments of ratification are exchanged.

*Article 50*

The present Convention shall remain in force for a period of one year from the date of its entry into force. Thereafter it shall continue in force from year to year unless it is denounced in writing three months before the expiry of any such yearly period.

In witness whereof the undersigned, duly authorised by their respective Governments, have signed the present Convention and affixed thereto their seals.
