- (b) has received a certificate, or has been registered in accordance with rules from time to time laid down by the Wages Council, or has made application for such certificate or registration which has been duly acknowledged and

is still under consideration. Provided that the certification or registration of a learner will become invalid if at any time during learnership the provisions set out in this Schedule relating thereto are not complied with.

Provided that an employer may employ a learner on his or her first employment in the trade without a certificate or registration for a probation period not exceeding four weeks, but in the event of such learner being continued thereafter in the employment, the probation period must be included in the period of learnership.

#### Paragraph 8.

The advances to be given to female learners commencing at under 21 years of age become due, during the first two years' employment in the trade, as from the first Monday in January and July of each year, the learner being entitled to her first advance on the first Monday in January or July, as the case may be, provided she has been in the trade at least three months. For the first two hours worked in excess

of 7¼ hours .. .. . TIME-AND-A-QUARTER

Provided that where it is or may become the established practice of the employer to require the worker's attendance on only 5 days in the week,

- (ii) On a Saturday (or the weekly short day substituted therefor) not being a customary holiday—
- (a) in respect of that class of worker which customarily attends on 6 days in the week

#### B. WORKERS EMPLOYED ON PIECE WORK :

Male and female workers employed on piece work are entitled to receive in respect of each hour of overtime worked, in addition to piece rates each of which would yield, in the circumstances of the case, to an ordinary worker, at least the same amount of money as the appropriate piece work basis time rate—

an amount equivalent to ONE-QUARTER, ONE-HALF or the WHOLE of the appropriate piece work basis time rate

according as the overtime rate payable under the provisions of sub-paragraph A, if the worker had been employed on time work, would have been equivalent to time-and-a-quarter, time-and-a-half, or double time, respectively.

#### Paragraph 13.

The expression "customary holiday" means—

- (a) Christmas Day (or, if Christmas Day falls on a Sunday, such other week day as may be appointed by national proclamation or, if none is so appointed, the next following Tuesday), Boxing Day, Easter Monday, Easter Tuesday, and two other days (being days on which the worker normally works) in the course of a calendar year to be fixed by the employer and notified to the worker not less than three weeks before the holiday;

### GENERAL

#### APPLICATION OF STATUTORY MINIMUM REMUNERATION TO PIECE WORKERS

#### Paragraph 15.

In the case of male or female workers employed on piece work, each piece rate paid must be such as will yield, in the circumstances of the case, to an ordinary worker, at least the same amount of money as the appropriate piece work basis time rate. In determining whether any piece rate satisfies the fore-

going condition regard will be had only to the earnings of ordinary workers, that is, workers of ordinary skill and experience in the class of work in question and not to the earnings of workers of less than ordinary skill and experience, for example, juvenile and infirm workers.

#### EMPLOYMENT OF JUVENILE WORKERS ON PIECE WORK

##### Paragraph 16.

An employer will, in any case where a learner or other juvenile worker is employed on piece work during the first six months of his employment in the trade, be deemed to pay wages at less than the minimum rate unless he shows that such worker has received in respect of his employment on piece work in each week during that period, at least the same amount of money as such worker would have been entitled to receive if employed on time work.

An employer will, in any case where any such worker is so employed at any time subsequent to the first six months of his employment in the trade, be deemed to pay wages at less than the minimum rate unless he shows that such worker has, in respect of his employment on piece work, been paid at piece rates which would yield, in the circumstances of the case, to an ordinary worker (not being a juvenile worker) at least the same amount of money as the appropriate piece work basis time rate.

#### WAITING TIME

##### Paragraph 17.

(1) A worker is entitled to payment of statutory minimum remuneration as aforesaid during all the time during which he is present on the premises of his employer unless he is so present either without his employer's consent, express or implied, or for some purpose unconnected with his work and other than that of waiting for work to be given to him to perform.

(2) A piece worker is, during any time during which he is present as aforesaid and is not doing piece work, entitled to payment of the general minimum time rate applicable to the workers of the class to which he belongs.

Provisions (1) and (2) do not apply when—

- (a) a worker is present on his employer's premises by reason only of the fact that he is resident thereon, or
- (b) a worker is present on his employer's premises during normal meal times in a room or place in which no work is being done and is not waiting for work to be given to him to perform.

#### APPLICABILITY OF STATUTORY MINIMUM REMUNERATION

- (3) The lining with fur of any of the above-mentioned garments where carried out in association with or in conjunction with the making of such garments;
- (4) (a) All processes of embroidery or decorative needle-work where carried on in association with or in conjunction with the making, altering, repairing, renovating, or remaking of any of the above-mentioned tailored garments other than hand-embroidery or hand-drawn thread-work on garments made of linen or cotton or of mixed linen and cotton;
