DRAFT SCOTTISH STATUTORY INSTRUMENTS

---

**2019 No.**

**The Cremation (Scotland) Regulations 2019**

*Management and operation of crematoriums*

**Maintenance and operation of crematoriums**

**4.—(1)** The cremation authority must, in respect of each crematorium for which it is the cremation authority, ensure—

- (a) the equipment installed at each crematorium is maintained—
    - (i) in efficient working order,
    - (ii) in good repair, and
    - (iii) in a clean and orderly condition,
  - (b) staff are trained in the operation of the equipment installed at the crematorium, and
  - (c) the equipment is regularly serviced.
- (2) The cremation authority must prepare and maintain a written record of—
- (a) all training undertaken by staff operating at the crematorium, and
  - (b) each service check carried out in accordance with paragraph (1)(c).
