2000 No. 320

The Electricity Works (Environmental Impact Assessment) (Scotland) Regulations 2000

PART IV

PUBLICITY AND PROCEDURES

Further information and evidence in respect of an environmental statement

13.—(1) The Scottish Ministers, when dealing with an application for a section 36 consent or a section 37 consent in relation to which an environmental statement has been provided, may in writing require the applicant to provide such further information as may be specified concerning any matter which is required to be, or may be, dealt with in the environmental statement.

(2) The Scottish Ministers may in writing require an applicant to produce such evidence as they may reasonably call for to verify any information in the applicant's environmental statement.
