

SCHEDULE 2

REQUIREMENTS ON MARKETS

Biosecurity

3. Access may be permitted to alleys, pens, sale rings and loading banks of the stock area within the market premises, but any person holding a market shall ensure that those persons having access (including personnel working in the market) must wear clean clothing suitable for the purpose and rubber boots when having such access (except in the case of those handling or leading breeding bulls or other haltered cattle who may, instead of rubber boots wear robust footwear capable of being cleansed and disinfected).
