

### SCHEDULE 3

#### GENERAL REQUIREMENTS FOR ALL LANDFILLS

##### **Nuisances and hazards**

**5.**—(1) Measures must be taken to minimise the nuisances and hazards arising from the landfill in relation to—

- (a) emissions of odours and dust;
- (b) wind-blown materials;
- (c) noise and traffic;
- (d) birds, vermin and insects;
- (e) formation of aerosols; and
- (f) fires.

(2) The landfill must be equipped so that dirt originating from the site is not dispersed onto public roads and the surrounding land.
