
SCOTTISH STATUTORY INSTRUMENTS

2003 No. 428

The Air Quality Limit Values (Scotland) Regulations 2003

Review of classifications

8.—(1) The Scottish Ministers shall review the classification of each zone under regulation 7 at least once in every five years in accordance with Part II of Schedule 3.

(2) The Scottish Ministers shall also review the classification of any zone under regulation 7 in the event of significant changes in activities affecting ambient concentrations in that zone of any of the relevant pollutants.
