

SCHEDULE 5

PART II

MAXIMUM WEIGHT OF A SEED LOT AND MINIMUM WEIGHT OF A SUBMITTED SAMPLE

Maximum weight of a seed lot of mixtures

25. The maximum weight of a seed lot to which regulation 8 applies shall be 10 tonnes, except that, where more than 50% of the mixture consists of species of seeds for which the maximum seed lot weight prescribed in seeds regulations is more than 10 tonnes, the maximum weight of a mixture shall be that of the larger or largest seed lot.
