Authorisations

General Binding Rules

7.—(1) A controlled activity specified in Column 1 of Part 1 of Schedule 3 is authorised under these Regulations if it is carried out in accordance with the rules of general application ("general binding rules") specified for that activity in Column 2 of that Schedule.

(2) Part 2 of that Schedule has effect for the purposes of the interpretation of the Schedule.

(a) 1985 c.48; amended by the Statute Law Repeals Act 1993 (c.50), the Environmental Protection Act 1990 (c.43), the Petroleum Act 1998 (c.17) and the Food Standards Act 1999 (c.28).
Registration

8.—(1) Subject to Part 2 of Schedule 10, SEPA may authorise the carrying on of a controlled activity in accordance with the provisions of this regulation.

(2) SEPA may, in authorising such an activity, impose such conditions as it considers necessary or expedient for the purposes of protection of the water environment.

(3) An authorisation given under this regulation ("registration") shall be given by registering the particulars specified in paragraph (4) in the register maintained under regulation 33.

(4) The particulars are–
   (a) the activity authorised;
   (b) any conditions imposed under paragraph (2); and
   (c) the date of authorisation.

Water Use Licence

9.—(1) Subject to Part 2 of Schedule 10, SEPA may authorise the carrying on of a controlled activity under this regulation subject to the conditions provided for in this regulation.

(2) SEPA shall impose such conditions as it considers necessary or expedient for the purposes of protection of the water environment.

(3) A condition imposed under this regulation may require an applicant to carry out works or do other things in relation to land not within the ownership or control of that applicant.

(4) Where a condition is imposed in accordance with paragraph (3), it shall be the responsibility of the applicant to obtain all consents necessary to allow the condition to be complied with.

(5) When considering whether to grant an authorisation under paragraph (1), and when imposing conditions in respect of a licence under this regulation, SEPA–
   (a) shall have regard to all controlled activities being carried on or likely to be carried on in the area of the water environment likely to be affected by the controlled activity to which the application relates;
   (b) may have regard to any agreement reached between different persons concerning controlled activities carried on in the relevant area of the water environment.

(6) SEPA shall only grant an authorisation under this regulation if–
   (a) a person has been identified who will be responsible for securing compliance with the authorisation and the conditions specified in it;
   (b) it is satisfied that that person will secure such compliance; and
   (c) it is a condition of that authorisation that that person secures such compliance.

(7) An authorisation granted under this regulation ("water use licence") shall specify the date on which it takes effect.

(a) O.J. No. L 020, 26.1.80, p.43.
(a) which has not been authorised under regulations 8 or 9;
(b) under regulation 7, but that additional measures are necessary to protect the water environment;
(c) under regulation 8 but that it should now be authorised under regulation 9;
(d) under regulation 9 but that it should now be authorised under regulation 8,

SEPA may treat the activity as an activity in respect of which an application has been made, and may, as it thinks fit, grant an authorisation under regulation 8 or 9.

(2) Where SEPA decides to treat an activity as an activity in respect of which an application has been made–
(a) the charge referred to in regulation 12(a) is payable, and
(b) the remaining provisions of Part III apply as if such an application had been made.

(3) SEPA shall give notice to the responsible person, if any, or to the operator that it is treating the activity in accordance with paragraph (1).

PART III
Applications and Application Procedure

(b) such information in such form as SEPA may reasonably require.

Advertisement of application

13.—(1) Where SEPA receives an application it may, where it considers that the controlled activity has or is likely to have a significant adverse impact on the water environment, require the application to be advertised in accordance with this regulation.

(2) SEPA shall serve notice requiring the applicant to advertise the application within 28 days beginning with the date on which the notice was served.

(3) SEPA shall specify in a notice under paragraph (2)—
(a) the form of the advertisement;
(b) the text to be included in the advertisement;
(c) the publications or locations in which the advertisement should be placed; and

(4) An advertisement under paragraph (2) shall explain that any person affected or likely to be affected by, or having an interest in, the application may make representations to SEPA in writing within 28 days beginning with the date of the advertisement and give the address to which such representations should be sent.

(5) SEPA shall consider all written representations made under paragraph (4).

(6) The requirements of this regulation shall not apply insofar as they would require the advertisement of information which is not to be included in the register maintained under regulation 33 by virtue of regulation 34.
Further information etc.

14.—(1) SEPA may request such additional information in relation to any application as it reasonably requires.

(2) SEPA may request such additional information within such period as it may specify, or agree with the applicant in writing.

(3) SEPA may carry out such examination and investigation as it considers necessary to allow it to make a determination in respect of the application.

(4) SEPA may require an applicant to nominate a person who shall be responsible for securing compliance with the terms of any authorisation to be granted in accordance with regulation 9, within such period as it may specify.

(3) SEPA shall consider an application and shall either grant or refuse to grant an authorisation to carry on the activity, or, as the case may be, each of the activities referred to in that application, and shall notify the applicant of its decision.

(4) Where SEPA refuses to grant an application (in whole or in part) it shall, when notifying that refusal, give its reasons for doing so.

(5) Where SEPA decides to grant an authorisation, it shall, having considered the matters referred to in paragraph (1) and the nature of the impact or likely impact of the activity (whether on its own or in association with other activities) on the water environment, grant it in the form of an authorisation under either—

(a) regulation 8, or

(b) regulation 9.

Time-limits for determining applications

16.—(1) SEPA shall determine an application—

(a) for an authorisation under regulation 8, within 30 days; and

(b) for an authorisation under regulation 9 within 4 months,

beginning with the date on which it receives the application; but may determine it within such other period as may be agreed in writing with the applicant.

(2) For the purposes of calculating the periods mentioned in paragraph (1), SEPA shall disregard any periods—

(a) beginning with the date on which it serves notice under regulation 13(2) and ending with the date by which any written representations must be made under regulation 13(4); and

(b) beginning with the date it requests information under regulation 14(1) and ending with the expiry of the period specified or agreed under regulation 14(2).
Where SEPA fails to determine the application within the period provided for in paragraph (1) the application shall be deemed to have been refused.

Where paragraph (3) applies, SEPA shall notify the applicant of that refusal and the reasons for it.

Determinations of applications by the Scottish Ministers

17.—(1) The Scottish Ministers may direct SEPA to refer to them for their determination—

(a) applications under these Regulations of any class or description specified in the direction;

(b) any particular application, or any part of any particular application,

(2) The Scottish Ministers shall consult SEPA before issuing a direction under paragraph (1).

(3) The Scottish Ministers may cause a local inquiry to be held in relation to any such application, and the provisions of subsections (2) to (8) of section 210 of the Local Government (Scotland) Act 1973(a) (power to direct inquiries) apply to inquiries held in accordance with this provision.

(4) The provisions of regulations 13, 14 and 15(1) to (3) apply to the Scottish Ministers in respect of an application referred in accordance with paragraph (1) as they do to SEPA in respect of an application made under regulation 12.

(5) When they have determined an application, the Scottish Ministers shall direct SEPA—

(a) to grant or refuse to grant an authorisation to carry on the activity, or any of the activities, referred to in the application or in the relevant part of the application, as the case may be;

(b) where the determination is that an authorisation is to be granted under regulation 8 or 9, to grant that authorisation in accordance with that regulation;

(c) where the determination is that an authorisation is to be granted subject to conditions, to grant that authorisation, specifying the conditions on which the authorisation is to be granted, and, if appropriate, identifying the responsible person for that authorisation;

(d) where the determination is to refuse to grant an authorisation, to notify the applicant of that refusal, specifying the reasons for refusal.

(2) A variation under paragraph (1) may include removing, adding or amending any condition of an authorisation.

Procedure for variation

20.—(1) Regulations 12, 13, 14 and 15(1) apply when SEPA is considering variation of an authorisation under regulation 19 as if the variation proposed by SEPA is an application, and the responsible person or operator, as the case may be, is the applicant.

(2) If SEPA decides to vary an authorisation, it shall serve notice on the applicant specifying—
   (a) the variations being made to the authorisation; and
   (b) the date on which the variations are to take effect which shall not be less than 3 months from the date on which the notice was served.

(4) Where SEPA grants an application under paragraph (1), it shall serve notice on the applicant specifying—
   (a) the variations being made to the authorisation; and
   (b) the date on which the variations are to take effect, which shall not (unless agreed by the applicant in writing) be less than 3 months from the date on which the notice was served.

(5) SEPA may issue a varied authorisation to the applicant incorporating the variations made under this regulation.

Transfer of authorisation

22.—(1) A responsible person may, jointly with another person, apply to transfer an authorisation granted under regulation 9 (in whole or in part) to the other person.

(2) The provisions of regulation 12 and 14(1) to (3) apply to an application under paragraph (1) as if it is an application.

(3) SEPA shall not grant an application under paragraph (1) unless it is satisfied that the person to whom the authorisation is to be transferred will secure compliance with the terms, limitations and conditions specified in the authorisation, or relevant part thereof.

(4) SEPA shall determine an application under this regulation within 2 months beginning with the date on which it receives the application, or such longer period as may be agreed with the applicants in writing.

(5) SEPA shall notify the applicants of its determination and, if it refuses the application, give its reasons for doing so.

(6) Where SEPA fails to determine the application within the period specified in paragraph (4), it shall be deemed to have been granted.
Conditions of transferred authorisations

23.—(1) Where an application under regulation 22 is granted, or deemed to have been granted, the following provisions of this regulation apply.

(2) In the case of a transfer of the whole of an authorisation SEPA shall send a copy of the amended authorisation specifying—

(ii) the responsible person for that authorisation; and

(iii) the date on which the new authorisation is to have effect,
to the responsible person for that part; and

(b) issue an amended authorisation in respect of the part not so transferred which specifies—

(i) the controlled activities in relation to that part and any conditions applying to them;

(ii) the responsible person for that authorisation; and

(iii) the date on which the amended authorisation is to have effect,
to the responsible person for that part.

Surrender of authorisation

24.—(1) This regulation applies where an authorisation granted under regulation 8 or 9 is in force and either—

(a) it is intended to cease the authorised activity; or

(b) the authorised activity has ceased.

(2) Where paragraph (1) applies and the authorisation is under regulation 8, the operator—

(a) where possible, shall notify SEPA of the intention to cease the authorised activity and the date on which it will cease as soon as that information is known to the operator; and

(b) shall in any event notify SEPA of the cessation of the activity within 7 days of that cessation.

(3) Where paragraph (1) applies and the authorisation is under regulation 9, the responsible person shall apply to SEPA to surrender the authorisation or part of it.

(3) Where SEPA grants an application, the notice given under paragraph (1) shall specify the date on which the authorisation ceases to have effect.

(4) In the case of a partial surrender, if SEPA is of the opinion that it is necessary to vary the authorisation to take account of the surrender, it shall send a notice to the applicant specifying—
   (a) variations to the authorisation consequent on the partial surrender; and
   (b) the date on which the authorisation, as varied, takes effect.

(5) If SEPA has failed to determine the application within the period specified in paragraph (1) the application will be deemed to be granted at the end of that period.

Suspension and revocation of authorisation

(a) it considers it necessary to do so forthwith; or

(b) it appears to SEPA, after reasonable inquiry, that no person can be found on whom to serve that notice.

(2) Where SEPA has—

(a) carried out, or secured the carrying out of, any investigation to establish whether or not a notice under regulation 28(2) is necessary, and if necessary, on whom it requires to be served; or

it shall be entitled to recover the costs of doing so from the responsible person or operator who has carried out, is carrying out or is likely to carry out the activity in respect of which the notice is served.

Enforcement by the courts

31. If SEPA is of the opinion that proceedings for an offence under regulation 40(1)(j) would afford an ineffectual remedy against a person who has failed to comply with a requirement of any notice under regulation 28, it may take proceedings in any court of competent jurisdiction for the purpose of securing compliance with that notice.
PART VI
Information and Register

Power of the Scottish Ministers and SEPA to obtain information

32.—(1) The Scottish Ministers may require SEPA, by notice served on it, to furnish such information about the discharge of its functions under these Regulations as the Scottish Ministers may require.

(2) SEPA may serve on any person a notice requiring that person to furnish to SEPA, within a period or at times specified in the notice and in a form so specified, any information so specified which SEPA reasonably considers is necessary for the purpose of any function conferred on SEPA by—

(4) Nothing in this regulation authorises the Scottish Ministers or SEPA to require disclosure of anything which a person would be entitled to refuse to disclose on grounds of confidentiality in proceedings in the Court of Session.

Public register of information

33.—(1) Subject to paragraph (5) and regulation 34, it shall be the duty of SEPA, to maintain a register containing the particulars described in Schedule 8.

(5) The provisions of regulation 16(2)(b) shall apply in respect of the period mentioned in paragraph (4) as they apply in respect of the periods mentioned in regulation 16(1).

**Procedure relating to information which might be confidential**

36.—(1) Where it appears to SEPA that any information that has been obtained by it under or by virtue of any provision of these Regulations and is required to be included in the register, might be commercially confidential, SEPA shall–

(b) give that person a reasonable opportunity–

(i) of objecting to the inclusion of the information on the ground that it is commercially confidential; and

(ii) of making representations to SEPA indicating why the person considers the information to be commercially confidential, together with such further information in support of the objection as the person considers appropriate.

(2) The provisions of regulation 14(1) and (2) shall apply to an objection under paragraph (1) as they do to an application.

(3) SEPA shall determine whether the information is or is not commercially confidential and shall give notice of its determination to the person to whom or whose business it relates.

(4) This regulation does not apply where the information is the subject of an application under regulation 35.

**Review of determination of commercial confidentiality**

37.—(1) SEPA shall periodically review its determinations under this Part that information is commercially confidential, and may do so at any time.

(2) Where SEPA is carrying out a review under paragraph (1), it shall–
(a) give the person to whom or to whose business the determination relates notice that it is reviewing that determination; and

EXPLANATORY NOTE
(This note is not part of the Regulations)

These Regulations are made under section 20 and 25 of, and schedule 2 to, the Water Environment and Water Services (Scotland) Act 2003 (asp 3) (“the Act”). The Act transposed European Parliament and Council Directive 2000/60/EEC establishing a framework for Community action in the field of water policy (O.J. No. L 327, 22.12.2000, p.1) (“the Directive”). These Regulations provide the mechanism by which most of the measures required under Article 11(3) (other than those required by Article 11(3)(b)) of the Directive will be taken. They also make provision to meet the requirements of Article 23 of the Directive in respect of those measures. Regard has been had to the requirements of Article 4, in particular Article 4.6, and to the terms of Article 14.1 of the Directive.

Part I of the Regulations sets out the scope of the Regulations and the main objectives to be achieved. Regulation 2 and Schedule 1 sets out definitions of expressions used in the Regulations. Words and expressions used in the Regulations and not defined in regulation 2 take the meaning given in the Act (see in particular sections 1(2), 3, 20(3) and (6), and 28). Regulation 3 amends the definition of controlled activities in section 20(3) of the Act, and amends the definitions of “abstraction” and “impounding works” for the purposes of that definition. Regulation 4 sets out the application of the Regulations. Regulation 4(1) and schedule 2 sets out the category of activities to which the Regulations apply – the “controlled activities”. Regulation 5 prohibits the carrying out of any controlled activity unless authorised under the Regulations. Regulation 6 makes provision for a duty to secure efficient and sustainable water use.

Part II of the Regulations describes the authorisations which are given under them and which are necessary to avoid breach of the prohibition in regulation 5. Regulation 7 makes provision for the carrying out of particular activities in accordance with general binding rules. The activities and the rules are specified in Schedule 3. Regulation 8 makes provision for the regulation of activities which are not considered to be likely to have significant adverse impact on the water environment, to be authorised in accordance with a registration, to which conditions may be attached. Regulation 9, which applies where an authorisation under regulations 7 or 8 is inappropriate, may authorise the carrying on of an activity, also subject to any conditions which are necessary or expedient for the purposes of the protection of the water environment. The matters which require to be taken into account in setting conditions under regulation 8 or 9 are set out in regulation 15. Regulation 10 makes specific provision to ensure that any activities authorised are fully compliant with Council Directive 80/68/EEC on the protection of groundwater against pollution caused by certain dangerous substances (O.J. L 20, 26.1.80, p.43). Regulation 11 gives the Scottish Environment Protection Agency (“SEPA”) powers to impose an authorisation where it considers an unauthorised activity is being carried out in contravention of regulation 5, or an activity regulated under regulation 7 requires additional measures to protect the water environment, or where an existing authorisation under regulation 8 would be more appropriately authorised under regulation 9, or vice versa.

Part III of the Regulations makes provision for applications and their determination. Regulation 12 makes provision for an application to SEPA to be in such form as SEPA may require from time to time. An application requires to be accompanied by a charge prescribed in accordance with schedule 5, and such information as SEPA may require. Regulation 13 makes provision for advertisement of applications where the activity has, or is likely to have, an adverse impact on the water environment. Regulation 14 makes provision for SEPA to request additional information. Regulation 15 sets out the requirements that SEPA must comply with when determining an application. This includes assessing the risk to the water environment posed by the activity concerned and applying the requirements of the legislation set out in Part I of Schedule 4. Regulation 16 makes provision for the time limits within which SEPA must deal with applications and for periods that may be disregarded in calculating those time limits. Regulation 17 makes provision for Scottish Ministers to direct SEPA to refer to them for their determination, any application or applications under these Regulations. Discretion is given to Ministers as to whether or not to hold a local inquiry into an application and provision is made for the determination of the application by Scottish Ministers to be implemented by SEPA.
Part IV of the Regulations makes provision for the modification and termination of authorisations. Regulation 18 requires SEPA to periodically review the authorisations it grants under regulations 8 and 9, and to make recommendations to Scottish Ministers regarding any changes that may be necessary to Schedule 3 (general binding rules). Regulation 19 gives power to SEPA to review any authorisation under regulations 8 or 9 and regulation 20 makes provision for the procedure to be followed in such a variation. Regulation 21 makes provision for the responsible person or operator in respect of an authorisation to apply for a variation of it, and makes provision for the procedure to be followed in such cases. Regulation 22 makes provision for transfer of an authorisation and regulation 23 makes provision for conditions to be attached to such transfers. Regulation 24 makes provision in respect of the surrender of authorisations and regulation 25 makes provision for the determination of a surrender application in relation to authorisations under Regulation 9. Regulation 26 makes provision for revocation or suspension of an authorisation.

Part V makes provision for enforcement of the Regulations. Regulation 27 places a duty on SEPA to monitor compliance with and enforce the provisions of the Regulations. It requires SEPA to consult and collaborate with the Environment Agency in respect of the discharge of their functions under the Regulations in the Solway Tweed River Basin District and the Northumbria River Basin District. Regulation 27 also gives SEPA power to have other persons carry out examination and investigation on its behalf for the purposes of discharging its duties under the Regulations, and the power to authorise persons to exercise the powers specified in Part I of Schedule 6 in accordance with the requirements of Parts II and III of that Schedule. Parts IV and V of Schedule 6 make provision for the evidential status of certain matters dealt with in accordance with Schedule 6 and for compensation in certain circumstances. Regulation 28 gives SEPA the power to issue enforcement notices to ensure compliance with the Regulations and to remedy or prevent significant adverse impacts on the water environment or any part of it. SEPA may issue a notice requiring the responsible person or operator to carry out steps, within such time limits as it may consider appropriate, and those steps may include cessation of the controlled activity for a specified period. Regulation 29 gives the SEPA the power to itself carry out steps that could be required in an enforcement notice and to be entitled to recover the cost of doing so from the responsible person or operator. Regulation 30 deals with the circumstances in which an enforcement notice requires a responsible person or operator to carry out work on land outside the ownership or control of that person. In particular, it makes provision for the payment of compensation in certain circumstances and Schedule 7 makes provision for application for and assessment of the level of compensation. Regulation 31 makes provision for SEPA to take proceedings in any court of jurisdiction against a person who has failed to comply with the requirements of an enforcement notice where it considers prosecution for such failure would not afford an effective remedy.

Part VI of the Regulations make provision for obtaining information and for the maintenance of a public register of information in respect of the Regulations. Regulation 32 gives Scottish Ministers power to obtain information from SEPA, and for SEPA to obtain information from other persons. Regulation 33 requires SEPA to maintain a register of the particulars specified in Schedule 8. SEPA has a duty is to make the register available at all reasonable times for inspection by the public, free of charge. Regulations 34 to 39 make provision in respect of confidential information. Regulation 34 defines confidential information; regulation 35 makes provision for a person giving information to have it determined commercially confidential; regulation 36 makes provision for SEPA itself to determine that information is commercially confidential; regulation 37 enables SEPA to periodically review its determinations of commercial confidentiality and regulation 38 makes provision in relation to information that has been determined not to be commercially confidential. Regulation 39 allows Scottish Ministers to give SEPA directions that particular information or descriptions of information are to be included in the register.
Part VII makes provision in relation to offences. Regulation 40(1) specifies the actions or inactions which are created as offences under the Regulations. Regulation 40(2) makes provision for penalties on conviction. Regulation 41 makes provision in respect of the commission of offences by bodies corporate. Regulation 42 makes provision for when the commission of an offence by one person is due to the act or default of another person. Regulation 43 makes provision as to the admissibility of evidence in specified circumstances. Regulation 44 specifies defences to the offences set out in Regulation 40(1). Regulation 45 makes provision for the court, in addition to, or instead of, imposing a punishment, to order the convicted person to carry out steps to remedy the adverse impact on the water environment resulting from the commission of the offence.

Part VIII makes provision for appeals. Regulation 46 specifies the circumstances in which appeals may be made to Scottish Ministers. Regulation 47 makes provision as to the decisions Scottish Ministers may make and the action to be taken to implement those decisions. Regulation 48 makes provision for the continuation or the suspension of the effect of the decision appealed against. Regulation 49 makes miscellaneous provisions in respect of appeals, gives effect to Schedule 9 in respect of appeal procedures and applies section 114 of the Environment Act 1995 to appeals under the Regulations.

Part IX makes various general provisions. Regulation 50 applies the Regulations to the Crown. Regulation 51 makes provision for the application of the Regulations to SEPA. Regulation 52 makes provision for Scottish Ministers to issue guidance to SEPA. Regulation 53 makes provision in respect of all notices served under the Regulations. Regulation 54 introduces the supplementary and transitional and savings provisions contained in Schedule 10 to the Regulations. These make provisions for the transfer of authorisations under the Control of Pollution Act 1974 to the new regime; for the interaction between existing pollution control regimes and this regime and for applications in respect of abstractions and impoundments to be made between 1st October 2005 and 31st March 2006.
