Charges

3.—(1) The Agency shall, subject to the following provisions of this regulation, notify the operator of each slaughterhouse, game-handling establishment and cutting plant in which official controls have been exercised in any accounting period of an official controls charge in respect of those official controls as soon as practicable after the end of that period.

(2) Where the Agency cannot comply with paragraph (1) because it has insufficient information available to it to enable it to calculate the official controls charge for any accounting period in respect of any such premises as are specified in that paragraph, it shall notify the operator of those premises of an interim charge, being such amount as the Agency estimates (having regard to the information it has) the official controls charge to be.

(3) Where the Agency has notified an operator of an interim charge in accordance with paragraph (2), and sufficient information becomes available to the Agency to calculate the official controls charge, it shall calculate that charge and—

- (a) where it exceeds the interim charge, notify the operator of the final charge, being the amount by which the official controls charge exceeds the interim charge; or
- (b) subject to paragraph (6), where it is less than the interim charge, credit to the operator the amount by which the interim charge exceeds the official controls charge.

(4) Any charge notified to an operator under paragraph (1), (2) or (3) shall be payable by the occupier to the Scottish Ministers and shall be recoverable on demand by the Scottish Ministers, or by the Agency acting on their behalf, as a debt from the occupier concerned.

(5) Where any slaughterhouse staff costs have been used to calculate a charge falling to be notified under paragraph (1), (2) or (3), those costs shall be set off against the amount of that charge in determining the actual charge notified thereunder, provided that the amount so set off shall not exceed the charge as originally calculated.

(6) Where under paragraph (3)(b) a sum is to be credited to an operator, the Scottish Ministers or the Agency acting on their behalf may, if they so determine, pay such sum to the operator concerned instead of crediting it to the operator.

Withdrawal of official controls

4. Where the Scottish Ministers, or the Agency acting on their behalf, have obtained decree against an operator of any premises for any sum which is payable to the Scottish Ministers under regulation 3(4) and the operator fails within a reasonable time thereafter to comply with that decree, the Scottish Ministers may (without prejudice to any other legal remedy open to them) direct the Agency not to exercise any further official controls at those premises in respect of which the debt accrued until the debt has been satisfied.

Information

5.—(1) Any person shall on demand being made by the Agency, supply—

- (a) such information as the Agency may reasonably require for the purpose of calculating the official controls charge or notifying an operator of it; and

(b) such evidence as the Agency may reasonably require to enable it to verify information supplied under sub-paragraph (a) of this paragraph.

(2) Any person who—

(a) in purported compliance with paragraph (1), knowingly or recklessly furnishes information which is false or misleading in a material particular; or

(b) without reasonable excuse, fails to comply within a reasonable time with a demand made under that paragraph,

CALCULATION OF THE OFFICIAL CONTROLS CHARGE

The official controls charge

1. Subject to paragraphs 2 and 3, the official controls charge payable by the operator of any premises for any accounting period shall be the lower of—

- (a) the sum of—
 - (i) the standard charge incurred in relation to those premises for that period, and
 - (ii) any additional charge incurred in relation to those premises for that period by virtue of paragraph 8; and
- (b) the time costs generated by those premises for that period.

2.—(1) This paragraph applies where the official controls charge calculated under paragraph 1 for any accounting period (amount A), when added to the official controls charge payable in respect of all earlier accounting periods falling within the same financial period (amount B), produces a total (amount C) which is greater than the amount of the official controls charge which would be payable under paragraph 1 if those accounting periods were one accounting period (amount D).

(2) Where this paragraph applies, the official controls charge payable by an operator for an accounting period shall be the amount by which amount D exceeds amount B.

(3) In this paragraph “financial period” means a period commencing on the Monday immediately following the last Sunday in March in any year and ending on the last Sunday in March in the following year.

3. The official controls charge payable by the operator of a slaughterhouse, game-handling establishment or cutting plant for any accounting period shall not be lower than 45% of the standard charge incurred in relation to those premises for that period.

The standard charge

4. The standard charge for any accounting period (expressed in Euro) payable by the operator of a slaughterhouse shall be calculated by multiplying the rate given in the following Table applicable to animals of a particular type by the number of animals of that type slaughtered or as the case may be dressed there during that period.

5. The standard charge for any accounting period (expressed in Euro) payable by the operator of a game-handling establishment in respect of wild game dressed there during that period shall be calculated by multiplying the rate given in the following Table applicable to animals of a particular type by the number of animals of that type dressed there during that period.

<i>Species</i>	<i>Type</i>	<i>Rate per type of animal in Euro</i>
Bovines	bovine animals aged 6 weeks or more at slaughter	4.5
	bovine animals aged less than 6 weeks old at slaughter	2.5

<i>Species</i>	<i>Type</i>	<i>Rate per type of animal in Euro</i>
Equidae and other solipeds		4.4
Pigs including wild boar	carcase weight less than 25 kg	0.5
	carcase weight greater than or equal to 25 kg	1.3
Sheep, goats and other ruminants not listed elsewhere in this Table	carcase weight less than 12 kg	0.175
	carcase weight between 12 and 18 kg inclusive	0.35
	carcase weight greater than 18 kg	0.5
Poultry, rabbits, small game birds and ground game	all broilers; all cast hens; other poultry, rabbits, small game birds and ground game weighing less than 2 kg	0.01
	poultry (not being broilers or cast hens), rabbits, small game birds and ground game weighing at least 2 kg (except those which are adult and weigh at least 5 kg)	0.02
	poultry (not being broilers or cast hens), rabbits, small game birds and ground game (all being adult) and weighing at least 5 kg	0.04
Ostriches and other ratites		1.3
Land mammals and birds of a type not mentioned above		1.3

6. The standard charge for any accounting period (expressed in Euro) payable by the operator of a cutting plant or of a game-handling establishment in relation to meat cut up or boned there shall be calculated by multiplying by 3 the number of tonnes of meat brought into the plant or establishment concerned during that period.

7. The standard charge (expressed in Euro) shall be converted into sterling by multiplying it by the Euro/Sterling conversion rate applicable in the year the official control was carried out.

8.—(1) Where in respect of an accounting period the Agency incurs increased costs because of inefficiency in the operation of premises, it may, in accordance with this paragraph, add an additional charge to the standard charge incurred in relation to the premises for that period.

(2) The additional charge shall be a sum equal to the time costs generated by the inefficiency for the accounting period concerned.

(3) The Agency may not make an additional charge in accordance with this paragraph unless it has notified the operator of its intention to do so.

(4) The notification referred to in sub-paragraph (3) shall be given as soon as is practicable after the Agency has concluded that it wishes to make an additional charge in accordance with this paragraph.

(5) For the purposes of this paragraph “inefficiency” means inefficiency on the part of the operator and shall include in particular—

- (a) delay in the start of slaughtering attributable to the operator;
- (b) mechanical breakdown caused by lack of maintenance;
- (c) enforcement action taken by the Agency or an inspector;

- (d) under-employment of inspectors caused by the operator's failure to adhere to the working hours or working practices agreed for the purposes of this paragraph pursuant to sub-paragraph (6);
- (e) insufficient provision of slaughter staff caused by the operator's failure to adhere to the working hours or working practices agreed for the purposes of this paragraph pursuant to sub-paragraph (6);
- (f) delays caused by risks to the health or safety of inspectors attributable to the operator; and
- (g) any change to the working hours or working practices agreed for the purposes of this paragraph pursuant to sub-paragraph (6) which is attributable to the operator.

(6) For the purposes of sub-paragraph (5)(d), (e) and (g), the Agency and the operator shall agree working hours and working practices and shall keep the working hours and working practices so agreed under review.

(7) Where, following any such review, it appears to the Agency and the operator that it is appropriate to do so, they may by further agreement vary any working hours or working practices agreed pursuant to sub-paragraph (6).

(8) Where any working hours or working practices have been varied pursuant to sub-paragraph (7) they shall be treated as having been agreed pursuant to sub-paragraph (6).

(9) No additional charge may be made in accordance with this paragraph in respect of any increased costs incurred because of any variation in working hours or working practices which does not alter the working hours or working practices which have been agreed in accordance with sub-paragraph (6).

9.—(1) An operator who does not agree that an additional charge is justified under paragraph 8 may request that the question be determined by a person nominated for the purpose pursuant to sub-paragraph (3)(a).

(2) A request under sub-paragraph (1) shall be made within 1 week of the Agency giving the operator notice under paragraph 8(3).

(3) Where an operator makes a request under sub-paragraph (1)–

- (a) the Agency shall nominate a person to determine the question from the list established under sub-paragraph (4);
- (b) the person so nominated shall give the operator and the Agency an opportunity to make representations on the question to be determined;
- (c) the person so nominated shall, within 1 month of being nominated, decide whether an additional charge is payable and shall notify the operator and the Agency of that decision;
- (d) the decision notified under sub-paragraph (c) shall be binding on the operator and the Agency; and
- (e) the Agency shall give effect to the decision so notified.

(4) The Agency shall establish and maintain a list of people who may be nominated for the purposes of this paragraph and shall consult those organisations appearing to represent operators before including any person on the list.

Time costs

10. The time costs in relation to any premises in any accounting period shall (subject to paragraphs 11 and 12) be calculated by–

- (a) multiplying the time (expressed in hours and fractions of an hour) spent by each inspector exercising official controls at those premises in the period by the hourly rate applicable to that inspector determined or varied in accordance with paragraphs 13 to 16;
- (b) adding the results together; and
- (c) adding any agreed slaughterhouse staff costs for that period.

11. The time costs in respect of any official controls shall include any overtime payments or other similar allowances made to the inspector concerned under that person's contract of employment or contract for services for exercising those official controls.

12. In determining the total time spent in exercising official controls, any time spent by an inspector—

- (a) in travelling to or from premises at which that person exercises official controls and for which that person is paid under a contract of employment or contract for services;
- (b) at any premises to which that person has gone for the purpose of exercising official controls and for which that person is paid under a contract of employment or contract for services (regardless of whether or not that person is able to exercise official controls there); and
- (c) at any other place—
 - (i) when that person is available for exercising official controls but is not in fact exercising any such controls, and
 - (ii) for which payment is made under that person's contract of employment or contract for services,

shall be counted as if it were time when the inspector was exercising official controls.

13. The Agency shall determine the hourly rate applicable to inspectors, and may determine different rates for different inspectors or different classes of inspector, having regard to the level of qualifications and experience of different inspectors or classes of inspector and to the cost of exercising official controls by different inspectors or classes of inspector.

14. The hourly rate for any inspector or class of inspector shall be calculated so as to reflect—

- (a) the mean salary costs and fees (including employers' pension contributions and employers' National Insurance contributions, but excluding any additional costs taken into account pursuant to paragraph 11) and other costs of providing official controls by that inspector or class of inspector; and
- (b) such proportion of the administrative costs of the exercise of official controls as the Agency considers it proper to apportion to that hourly rate.

15. For the purposes of paragraph 14(b), "administrative costs" means all costs reasonably incurred in exercising official controls including in particular the costs of—

- (a) post-qualification training given to inspectors of a particular class in relation to the performance of their functions as a member of that class;
- (b) the salaries (including the cost of overtime, and employers' pension contributions and employers' National Insurance contributions) of the staff other than inspectors engaged in the exercise of official controls, and such proportion of inspectors' remuneration as is not directly accounted for in the calculation of time costs;
- (c) providing office accommodation, equipment and services in relation to the exercise of official controls, including depreciation of any office furniture and equipment and also of providing information technology, stationery and forms;
- (d) protective clothing and equipment used in exercising official controls and of laundering such clothing;
- (e) accounting and collecting charges and of providing pay-roll and personnel services in connection with the employment of inspectors; and
- (f) other expenses and overheads incurred by or in relation to—
 - (i) inspectors exercising official controls, and
 - (ii) other staff engaged in the administration of those controls.

16. The Agency may vary any rate determined pursuant to paragraph 13 where, having regard to the factors set out in paragraphs 14 and 15, it appears to it to be necessary to do so.

17. Prior to determining or varying hourly rates in accordance with paragraphs 13 to 16, the Agency shall consult such operators as are likely to be affected by those rates.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations which apply to Scotland only, revoke the Meat (Hygiene and Inspection) (Charges) Regulations 1998 (S.I. 1998/2095, as amended by S.S.I. 2000/61 and 62 and 2001/89), which extend to the whole of Great Britain.

The Meat (Hygiene and Inspection) (Charges) Regulations 1998 implemented in relation to Great Britain the provisions of Council Directive 85/73/EEC on the financing of veterinary inspections and controls that require fees to be collected for inspections of and controls on fresh red meat, fresh poultry meat, rabbit meat, farmed game meat and wild game meat under certain Council Directives. An amended and consolidated text of Council Directive 85/73/EEC is annexed to Council Directive 96/43/EC at O.J. No. L 162, 1.7.96, p.1.

In the light of reforms to the Community regime governing food hygiene that take effect on 1st January 2006, Directive 2004/41/EC of the European Parliament and of the Council (O.J. No. L 157, 30.4.04, p.33; the revised text of Directive 2004/41/EC is now set out in a Corrigendum, O.J. No. L 195, 2.6.04, p.12) modifies Council Directive 85/73/EEC with effect from 1st January 2006 so that from that date it requires fees to be collected for official controls on meat of domestic ungulates, meat from poultry and lagomorphs, meat of farmed game and wild game meat under Regulation (EC) No. 854/2004 of the European Parliament and of the Council laying down specific rules for the organisation of official controls on products of animal origin intended for human consumption (O.J. No. L 139, 30.4.04, p.206; the revised text of Regulation (EC) No. 854/2004 is now set out in a Corrigendum, O.J. No. L 226, 25.6.04, p.83).

In the light of the modification to Council Directive 85/73/EEC described above, these Regulations implement the provisions of that Directive that now require fees to be collected for inspections of and controls on meat of domestic ungulates, meat from poultry and lagomorphs, meat of farmed game and wild game meat under Regulation (EC) No. 854/2004.

These Regulations—

- (a) require the Food Standards Agency (“the Agency”) to notify the operator of each slaughterhouse, game-handling establishment and cutting plant in which official controls have been exercised of the official controls charge that has arisen in relation to those official controls (the terms “slaughterhouse”, “game-handling establishment”, “cutting plant”, “official controls” and “official controls charge” are all defined in regulation 2) (regulation 3);
- (b) provide that any official controls charge so notified is payable by the operator to the Scottish Ministers on demand or to the Agency on their behalf (regulation 3(4));
- (c) allow the Scottish Ministers to direct the Agency to refuse to exercise any further official controls at given premises where, despite a Court order requiring the operator of the premises to pay the official controls charge for which the operator is liable, that operator fails to comply with the order (regulation 4);
- (d) require persons—
 - (i) to supply the Agency on demand with such information as it may reasonably require for the purpose of calculating the official controls charge or notifying the operator of it, and
 - (ii) to supply the Agency on demand with such evidence as it may reasonably require to verify that information (regulation 5(1));
- (e) provide that a person who—
 - (i) in response to a demand for information or evidence knowingly or recklessly furnishes false or misleading information, or
 - (ii)
 - (iii) without reasonable excuse fails to comply within a reasonable time with a demand for information or evidence,

is guilty of an offence (regulation 5(2));

Schedule 2 to these Regulations sets out how the official controls charge is to be calculated.

No regulatory impact assessment has been produced for these Regulations as they have no impact on costs of business.
