

**Status:** This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

## SCHEDULE 16

### Special measures for the control of Potato Ring Rot

**15.** The authorisation referred to in paragraph 13(a) may require that where an authorisation is granted for potato production, production shall be from basic seed potatoes and pre basic seed potatoes or from mini-tubers or micro-plants derived from officially tested sources.
