

SCHEDULE 17

Ralstonia solanacearum

PART A

Special measures for the control of *Ralstonia solanacearum*

14. The authorisation referred to in paragraph 12(a) may require that—
- (a) where the authorisation is granted for potato production, production shall be from basic seed potatoes and pre basic seed potatoes or from mini-tubers or micro-plants derived from officially tested sources; and
 - (b) controls on irrigation and spraying programmes, which may include a prohibition on such programmes, shall be introduced as appropriate to prevent the spread of *R. solanacearum*.
