Charges

(2) Where the Agency cannot comply with paragraph (1) because it has insufficient information available to it to enable it to calculate the official controls charge for any accounting period in respect of any such premises as are specified in that paragraph, it shall notify the operator of those premises of an interim charge, being such amount as the Agency estimates (having regard to the information it has) the official controls charge to be.

(3) Where the Agency has notified an operator of an interim charge in accordance with paragraph (2) and sufficient information becomes available to the Agency to calculate the official controls charge, it shall calculate that charge and—

- (a) where it exceeds the interim charge, notify the operator of the final charge, being the amount by which the official controls charge exceeds the interim charge; or
- (b) subject to paragraph (6), where it is less than the interim charge, credit to the operator the amount by which the interim charge exceeds the official controls charge.

(5) Where any agreed slaughterhouse staff costs have been used to calculate a charge falling to be notified under paragraph (1), (2) or (3), those costs shall be set off against the amount of that charge in calculating the actual charge notified thereunder, provided that no refund shall be made to the relevant operator.

(6) Where under paragraph (3)(b) a sum is to be credited to an operator, the Scottish Ministers or the Agency acting on their behalf may, if they so determine, pay such sum to the operator concerned instead of crediting it to the operator.

Withdrawal of official controls

4. Where the Scottish Ministers, or the Agency acting on their behalf have obtained decree against an operator of any premises for any sum which is payable to Scottish Ministers under regulation 3(4) and the operator fails within a reasonable time thereafter to comply with that decree, the Scottish Ministers may (without prejudice to any other legal remedy open to them)

direct the Agency not to exercise any further official controls at those premises in respect of which the debt accrued until the debt has been satisfied.

CALCULATION OF THE OFFICIAL CONTROLS CHARGE

The official controls charge

1. Subject to paragraph 2, the official controls charge payable by the operator of any premises for any accounting period shall be the lower of—

- (a) the sum of—
 - (i) the standard charge incurred in relation to those premises for that period, and
 - (ii) any additional charge incurred in relation to those premises for that period by virtue of paragraph 7; and
- (b) the time costs generated by those premises for that period.

2.—(1) This paragraph applies where the official controls charge calculated under paragraph 1 for any accounting period (amount A), when added to the official controls charge payable in respect of all earlier accounting periods falling within the same financial period (amount B), produces a total (amount C) which is greater than the amount of the official controls charge which would be payable under paragraph 1 if those accounting periods were one accounting period (amount D).

(2) Where this paragraph applies, the official controls charge payable by an operator for an accounting period shall be the amount by which amount D exceeds amount B.

(3) In this paragraph “financial period” means—

- (a) the period commencing on 1st January 2007 and ending on 25th March 2007; and
- (b) thereafter, the period commencing on the Monday immediately following the last Sunday in March in any year and ending on the last Sunday in March in the following year.

The standard charge

3. The standard charge for any accounting period (expressed in Euros) payable by the operator of a slaughterhouse shall be calculated by multiplying the rate specified in the following Table applicable to a given type of animal by the number of animals of that type slaughtered and/or dressed there in the period.

4. The standard charge for any accounting period (expressed in Euros) payable by the operator of a game-handling establishment in respect of wild game dressed there during that period shall be calculated by multiplying the rate specified in the following Table applicable to a given type of animal that is categorised as wild game by the number of animals of that type dressed there in the period.

5. The standard charge for any accounting period (expressed in Euros) payable by the operator of a cutting plant or of a game-handling establishment in respect of meat brought into the plant or establishment during that period for the purposes of being cut up or boned there shall be calculated by multiplying by 3 the number of tonnes of such meat.

6. The standard charge (expressed in Euros) shall be converted into sterling by multiplying it by the Euro / sterling conversion rate applicable in the year in which the official controls giving rise to the charge were carried out.

7.—(1) Where in respect of an accounting period the Agency incurs increased costs because of inefficiency in the operation of premises, it may, in accordance with this paragraph, add an additional charge to the standard charge incurred in relation to the premises for that period.

(2) The additional charge shall be a sum equal to the time costs generated by the inefficiency for the accounting period concerned.

(3) The Agency may not make an additional charge in accordance with this paragraph unless it has notified the operator of its intention to do so.

(4) The notification referred to in sub-paragraph (3) shall be given as soon as is practicable after the Agency has concluded that it wishes to make an additional charge in accordance with this paragraph.

(6) For the purposes of sub-paragraph (5)(d), (e) and (g), the Agency and the operator shall agree working hours and working practices and shall keep the working hours and working practices so agreed under review.

(7) Where, following any such review, it appears to the Agency and the operator that it is appropriate to do so, they may by further agreement vary any working hours or working practices agreed pursuant to sub-paragraph (6).

(8) Where any working hours or working practices have been varied pursuant to sub-paragraph (7) they shall be treated as having been agreed pursuant to sub-paragraph (6).

(9) No additional charge may be made in accordance with this paragraph in respect of any increased costs incurred because of any variation in working hours or working practices which does not alter the working hours or working practices which have been agreed in accordance with sub-paragraph (6).

8.—(1) An operator who does not agree that an additional charge is justified under paragraph 7 may request that the question be determined by a person nominated for the purpose pursuant to sub-paragraph (3)(a).

(2) A request under sub-paragraph (1) shall be made within 1 week of the Agency giving the operator notice under paragraph 7(3).

(3) Where an operator makes a request under sub-paragraph (1)–

Time costs

9. The time costs generated by any premises in any accounting period shall (subject to paragraphs 10 and 11) be calculated by–

- (a) multiplying the time (expressed in hours and fractions of an hour) spent by each inspector exercising official controls at those premises in the period by the hourly rate applicable to that inspector determined or varied in accordance with paragraphs 12 to 14;
- (b) adding the results together; and
- (c) adding any agreed slaughterhouse staff costs for the period.

10. The time costs in respect of any official controls shall include any overtime payments or other similar allowances made to the inspector concerned under that inspector's contract of employment or contract for services for exercising those official controls.

 - (i) when that inspector is available for exercising official controls but is not in fact exercising any such controls; and
 - (ii) for which the inspector is paid under a contract of employment or contract for services,

shall be counted as if it was time when the inspector was exercising official controls.

12. The Agency shall determine the hourly rate applicable to inspectors and may determine different rates for different inspectors or different classes of inspector, having regard to the level of qualifications and experience of different inspectors or classes of inspector and to the cost of exercising official controls by different inspectors or classes of inspector.

13. 14. The Agency may vary any rate determined pursuant to paragraph 12 where, having regard to variations in the costs referred to in paragraph 13, it appears to it to be necessary to do so.
