

SCHEDULE 7

Requirements for assessment methods other than fixed measurement

PART 3

Ozone and ozone precursor substances

6. The following information shall be compiled for zones within which sources other than fixed measurement are employed to supplement information from measurement—

- (a) a description of the assessment activities carried out;
- (b) specific methods used, with references to descriptions of the method;
- (c) sources of data and information;
- (d) a description of results, including uncertainties and, in particular, the extent of any area within the zone over which concentrations exceed long-term objectives or target values; and
- (e) for long-term objectives or target values whose object is the protection of human health, the population potentially exposed to concentrations in excess of the threshold.

7. The Scottish Ministers shall ensure that maps are compiled showing concentration distributions within each zone.
