Until Ministers prepare that plan, the documents specified in regulation 3(6) will constitute that plan, insofar as they contain policies and text that satisfy those requirements.

Regulation 4 enables the Scottish Ministers to give directions to SEPA requiring it to advise and assist them in relation to the national waste management plan.

Regulation 5 applies Part 3 of the Regulations to the preparation or modification of the national waste management plan, except where the plan or any part of it is designed for the sole purpose
