EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations provide for enforcement of Commission Regulation (EC) No. 597/2008 amending Commission Regulation (EC) No. 372/2007 laying down transitional migration limits for plasticisers in gaskets in lids intended to come into contact with foods (O.J. No. L 164, 25.06.2008, p.12) (“the Commission Regulation”).

The Commission Regulation extends the application of Commission Regulation (EC) No. 372/2007 until 30th April 2009.

These Regulations provide for the enforcement of the Commission Regulation by amending regulation 19(3)(a) of the Plastic Materials and Articles in Contact with Food (Scotland) Regulations 2008 (“the principal Regulations”) (regulation 2(2)), omitting regulation 26(c) of those Regulations and by amending the definition of “the Commission Regulation” in the Plastic Materials and Articles in Contact with Foods (Lid Gaskets) (Scotland) Regulations 2007.

These Regulations also correct errors in the principal Regulations and make a minor amendment to the Materials and Articles in Contact with Food (Scotland) Regulations 2007 consequential to an error in the principal Regulations.

No regulatory impact assessment has been prepared in relation to these Regulations.
