**The Products of Animal Origin (Disease Control) (Scotland) Amendment Order 2009**

**Amendment to the Products of Animals Origin (Disease Control) (Scotland) Order 2008**

3. In article 2 (interpretation: general)—
- (a) after the definition of “disease legislation” insert—
    - ““domestic market” is the market for the sale of poultry meat in England, Scotland, Wales and Northern Ireland;”;
  - (b) omit the definition of “relevant date”; and
  - (c) before the definition of “slaughter” insert—
    - ““seropositive pig” means a pig that is not a restricted animal but is required by the Scottish Ministers to be slaughtered in a slaughterhouse due to antibodies against swine vesicular disease virus being identified in that pig;
    - “seropositive pigmeat” is meat derived from a seropositive pig other than—
      - (a) restricted meat; and
      - (b) meat treated in accordance with Schedule 2 at a designated treatment centre;”.
