EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the Plant Health (Import Inspection Fees) (Scotland) Regulations 2005 (“the principal Regulations”). The principal Regulations implement Article 13d of Council Directive [2000/29/EC](#) (O.J. L 169, 10.7.2000, p.1) (“the Council Directive”) which requires Member States to charge fees to cover costs occasioned by the documentary checks, identity checks and plant health checks of certain imports of plants, plant products and other objects from third countries.

The Council Directive contains a procedure (Articles 13a(2), 13d(2) and 18(2)) for setting reduced rates of inspection for imports of certain plants and plant products and for charging fees at a proportionately reduced rate.

Schedule 1 to the principal Regulations sets out the standard fees for plant health checks. Schedule 2 to the principal Regulations sets out the fees for reduced rate inspections.

These Regulations remove *Mangifera* originating in Brazil from Schedule 2 in light of the Notification of Reduced Plant Health Checks for Certain Products of 29th June 2011, published by the Commission under Article 2(2) of Commission Regulation [\(EC\) 1756/2004](#) (O.J. L 313, 12.10.2004, p.6). That Regulation makes provision for the publication of a list of products for which plant health checks may be carried out at a reduced frequency, and specifies the level of the reduced frequency.

The effect of these Regulations is that the fee for importing *Mangifera* originating in Brazil will increase from £6.62 per consignment up to 25,000 kg in weight (£9.93 if the inspection takes place outside normal working hours) to £13.24 per consignment up to 25,000 kg in weight (£19.86 if the inspection takes place outside normal working hours). For each additional 1,000 kg or part thereof the fee will increase from £0.26 (£0.39 if the inspection takes place outside normal working hours) to £0.52 (£0.78 if the inspection takes place outside normal working hours). This is an increase of 50%.
