
SCOTTISH STATUTORY INSTRUMENTS

2013 No. 123

**The Action Programme for Nitrate Vulnerable
Zones (Scotland) Amendment Regulations 2013**

Amendment of Schedule 3

11.—(1) In Schedule 3 (calculation of maximum nitrogen application to crops), Table 5 (percentage nitrogen content taken up by a crop per given quantity of livestock manure) is amended as follows.

- (2) In Column 3, in the line regarding cattle slurry, for “35%” substitute “40%”.
- (3) In Column 3, in the line regarding pig slurry, for “45%” substitute “50%”.
