(4) Any certificate sent by the Government Chemist must be signed by or on behalf of the Government Chemist, but the analysis may be carried out by a person under the direction of the person who signs the certificate.

(6) Where a request is made under paragraph (2)(d) the authorised officer may give notice in writing to the person accused requesting payment of a fee specified in the notice to defray some or all of the Government Chemist's charges for performing the functions under paragraph (3) and in the absence of agreement by the person accused to pay the fee specified in the notice the authorised officer may refuse to comply with the request.
