

## **POLICY NOTE**

### **THE POLICE PENSIONS (CONTRIBUTIONS) AMENDMENT (SCOTLAND) REGULATIONS 2014**

**SSI 2014/62**

The above instrument was made in exercise of the powers conferred by section 1 of the Police Pensions Act 1976. Functions under that Act as regards Scotland have been executively devolved to the Scottish Ministers. The instrument is subject to negative procedure.

#### **Policy Objectives**

The Police Pension Regulations 1987 (SI 1987/257) and the Police Pensions (Scotland) Regulations 2007 (SSI 2007/201) require members of both police pension schemes to pay contributions to the relevant Scheme as a condition of membership. Although the Scottish Ministers have certain responsibilities in relation to the police schemes, wider policy for occupational pensions is reserved to the UK Government.

The 2010 UK Spending Review set out the UK Government's intention to increase members' contribution rates in public service pension schemes by an average of 3.2 per cent of pay by April 2014 with the increases spread across three years. The first increase was applied with effect from 1 April 2012 and also introduced "tiered" contribution rates which reflect that higher earners generally receive larger scheme benefits from final salary defined benefit schemes. Following further consideration of this policy and whether there were any viable alternatives, Scottish Ministers determined to apply the second round of increases.

The Cabinet Secretary for Finance Employment and Sustainable Growth, John Swinney MSP, confirmed on 5 November 2013 that the third increase would be implemented from 1 April 2014 and the above instrument makes provision for these increases.

#### **Consultation**

To comply with the requirements of section 1 (1) of the Police Pensions Act 1976 a formal consultation was undertaken which included the Police Negotiating Board from 27 January to 14 February 2014. The consultation was issued to representatives of police officers and employers and relevant Scottish and UK Government Departments. Staff associations remain opposed to any increases to members' contributions. 680 responses were received to the consultation and a summary of the consultation responses will be made available on the Scottish Public Pensions Agency website [www.sppa.gov.uk](http://www.sppa.gov.uk).

#### **Impact Assessments**

An equality impact statement on the introduction of this policy is being finalised and will reflect this instrument.

## **Financial Effects**

The increases are designed to raise on average increases in employees' contributions of 3.2% by April 2014 as part of the UK Government's policy.

## **Business and Regulatory Impact Assessment**

This policy introduces the final of three increases to employee scheme contributions. The limited available data indicates the number of opt outs from the Schemes has not been affected by this policy. No Business and Regulatory Impact Assessment is necessary as the instrument has no financial effects on the Scottish Government, local government or on business.
