Registration and provision for special cases

Notification of liability to be registered

3.—(1) A person who is required by section 22(3) of the Act to notify Revenue Scotland of an intention to carry out taxable activities shall do so in accordance with Revenue Scotland administrative arrangements, including the formatting of the notification.

(2) The notification referred to in this regulation shall be made within 30 days of the earliest date after 15th February 2015 on which the person either forms or continues to have the intention to carry out taxable activities.

Changes in particulars

4.—(1) A person who has made a notification under regulation 3, whether or not it was made in accordance with paragraph (2) of that regulation, shall, within 30 days of—

- (a) discovering any inaccuracy in; or
- (b) any change occurring which causes to become inaccurate,

any of the information which was contained in or provided with the notification, notify Revenue Scotland in writing and furnish it with full particulars.

(2) Without prejudice to paragraph (1) above, a registrable person shall, within 30 days of any change occurring in any of the circumstances referred to in paragraph (4) below, notify Revenue Scotland in writing and furnish it with particulars of—

- (a) the change; and
- (b) the date on which the change occurred.

(3) A registrable person who discovers that any information contained in or provided with a notification under paragraph (1) or (2) above was inaccurate shall, within 30 days of discovering the inaccuracy, notify Revenue Scotland in writing and furnish it with particulars of—

- (a) the inaccuracy;
- (b) the date on which the inaccuracy was discovered;
- (c) how the information was inaccurate; and
- (d) the correct information.

(4) The circumstances mentioned in paragraph (2) above are the following circumstances relating to the registrable person or any taxable business carried on by that person—

- (a) the person’s name, trading name (if different) and address and the landfill sites which the person operates;
- (b) the person’s status, namely whether carrying on business as a sole proprietor, body corporate, partnership or other unincorporated body;

(a) 2010 c.4.

(c) in the case of a partnership, the name and address of any partner.

(5) Any person failing to comply with a requirement imposed in any of paragraphs (1) to (3) above shall be liable to a penalty under section 209 of the RSTP Act.

(6) Where, in relation to a registered person, Revenue Scotland is satisfied that any of the information recorded in the register is or has become inaccurate, it may correct the register accordingly.

(7) For the purposes of paragraph (6) above, it is immaterial whether or not the registered person has notified Revenue Scotland of any change which has occurred in accordance with paragraphs (1) to (3) above.

Notification of cessation of taxable activities

5. A person who is required by section 22(4) of the Act to notify Revenue Scotland of the person's having ceased to have the intention to carry out taxable activities shall, within 30 days of the person's so having ceased, notify Revenue Scotland in writing and shall therein inform it of—

- (a) the date on which the person ceased to have the intention of carrying out taxable activities; and
- (b) if different, the date on which the person ceased to carry out taxable activities.

Transfer of a going concern

6.—(1) Where—

- (a) a taxable business is transferred as a going concern;
- (b) the registration of the transferor has not already been cancelled;
- (c) as a result of the transfer of the business the registration of the transferor is to be cancelled and the transferee has become liable to be registered; and
- (d) an application is made in respect of the transfer by both the transferor and the transferee,

Revenue Scotland may with effect from the date of the transfer cancel the registration of the transferor and register the transferee with the registration number previously allocated to the transferor.

(2) An application under paragraph (1) above shall be treated as the notification referred to in regulation 5.

(3) Where the transferee of a business has been registered under paragraph (1) above with the registration number previously allocated to the transferor—

- (a) any liability of the transferor existing at the date of the transfer to make a return or account for or pay any tax under Part 3 of these Regulations shall become the liability of the transferee;
- (b) any entitlement of the transferor, whether or not existing at the date of the transfer, to credit or payment under Part 4 of these Regulations shall become the entitlement of the transferee.

(4) In addition to the provisions set out in paragraph (3) above, where the transferee of a business has been registered under paragraph (1) above with the registration number previously allocated to the transferor during an accounting period subsequent to that in which the transfer took place (but with effect from the date of the transfer) and any—

- (a) return has been made;
- (b) tax has been accounted for; or
- (c) entitlement to credit has been claimed,

by either the transferor or the transferee, it shall be treated as having been done by the transferee.

(5) Where—

- (a) a taxable business is transferred as a going concern;

- (b) the transferee removes material as described in regulation 17(2) or (4); and
- (c) the transferor has paid tax on the disposal concerned,

then, whether or not the transferee has been registered under paragraph (1) above with the registration number previously allocated to the transferor, any entitlement to credit arising under Part 5 of these Regulations shall become the entitlement of the transferee.

Representation of unincorporated body

7.—(1) Where anything is required to be done by or under the Act (whether by these Regulations or otherwise) by or on behalf of an unincorporated body other than a partnership, it shall be the joint and several responsibility of—

- (a) every member holding office as president, chairman, treasurer, secretary or any similar office;
- (b) if there is no such office, every member holding office as a member of a committee by which the affairs of the body are managed; or
- (c) if there is no such office or committee, every member;

but, subject to paragraph (2) below, if it is done by any of the persons referred to above that shall be sufficient compliance with any such requirement.

(2) Where an unincorporated body other than a partnership is required to make any notification such as is referred to in regulations 3 to 5, it shall not be sufficient compliance unless the notification is made by a person upon whom a responsibility for making it is imposed by paragraph (1) above.

(3) Where anything is required to be done by or under the Act (whether by these Regulations or otherwise) by or on behalf of a partnership, it shall be the joint and several responsibility of every partner; but if it is done by one partner or, in the case of a partnership whose principal place of business is in Scotland, by any other person authorised by the partnership with respect thereto that shall be sufficient compliance with any such requirement.

Bankruptcy or incapacity of registrable persons

8.—(1) If a registrable person becomes bankrupt or incapacitated, Revenue Scotland may, from the date on which the registrable person became bankrupt or incapacitated, as the case may be, treat as a registrable person any person carrying on any taxable business of the registrable person; and any legislation relating to Scottish landfill tax shall apply to any person so treated as though that person were a registered person.

(2) Any person carrying on such business as aforesaid shall, within 30 days of commencing to do so, inform Revenue Scotland in writing of that fact and the date of the bankruptcy order or of the nature of the incapacity and the date on which it began.

(3) Where Revenue Scotland have treated a person carrying on a business as a registrable person under paragraph (1) above, they shall cease so to treat that person if—

- (a) the registration of the registrable person is cancelled, whether or not any other person is registered with the registration number previously allocated to the registrable person;
- (b) the bankruptcy is discharged or the incapacity ceases; or
- (c) the person ceases carrying on the business of the registrable person.

(4) In relation to a registrable person which is a company, the references in this regulation to the registrable person becoming incapacitated shall be construed as references to its going into liquidation or receivership or entering administration; and references to the incapacity ceasing shall be construed accordingly.

PART 3

Accounting, payment, and non-disposal areas

Interpretation

9. In this Part, the first accounting period of a registrable person shall begin on the effective date of registration.

Making of returns

10.—(1) Subject to paragraph (3) below and save as Revenue Scotland may otherwise allow, a registrable person shall, in respect of each accounting period, make a return to Revenue Scotland.

(2) Subject to paragraph (3) below, a registrable person shall make each return not later than 44 days following the end of the period to which it relates.

(3) Where Revenue Scotland consider it necessary in the circumstances of any particular case, it may—

- (a) vary the length of any accounting period or the date on which it begins or ends or by which any return must be made;
- (b) allow or direct the registrable person to make a return in accordance with sub-paragraph (a) above;
- (c) allow or direct a registrable person to make returns to a specified address,

and any person to whom Revenue Scotland gives any direction such as is referred to in this regulation shall comply therewith.

Payment of tax

11.—(1) Where a return is to be made under regulation 10, the tax or additional tax payable must be paid to Revenue Scotland at the same time as the return is made.

(2) Tax payable as a result of the amendment of a return must be paid at the same time as the amendment is made.

(3) For the purposes of subsections (1) and (2), tax is treated as paid if arrangements satisfactory to Revenue Scotland are made for payment of the tax.

(4) A return under regulation 10 must also include a declaration by the taxpayer that the return is, to the best of the taxpayer's knowledge, correct and complete.

(5) However, where the taxpayer authorises an agent to complete the return, the agent must certify in the return that the taxpayer has declared that the information provided in the return is to the best of the taxpayer's knowledge, correct and complete.

(6) Revenue Scotland shall not be obliged to reimburse any tax owed by it to an operator (as defined in section 12(2) of the Act) until any outstanding tax return has been made by the operator and tax in respect of the return has been paid to Revenue Scotland.

(7) See section 74 of the RSTP Act for the taxpayer's right to amend a return and sections 100 to 103 of that Act in respect of defences by Revenue Scotland of unjustified enrichment in respect of a claim by the taxpayer for reimbursement in respect of an overpayment of tax.

Non-disposal areas

12.—(1) An officer of Revenue Scotland is authorised to require a person to designate a part of a landfill site (a "non-disposal area"), and a person must designate a non-disposal area if so required.

(2) Where material at a landfill site is not going to be disposed of as waste and Revenue Scotland considers, or one of its officers considers, there to be a risk to the collection of landfill tax—

- (a) the material must be deposited in a non-disposal area; and
- (b) a registrable person must give Revenue Scotland, or one of its officers, information and maintain a record in accordance with paragraph (4) below.

(3) A designation ceases to have effect if a notice in writing to that effect is given to a registrable person by Revenue Scotland.

(4) A registrable person must maintain a record in relation to the non-disposal area of the following information, and give this information to Revenue Scotland or to one of its officers if requested—

- (a) the weight and description of all material deposited there;
- (b) the intended destination or use of all such material and, where any material has been removed or used, the actual destination or use of that material;
- (c) the weight and description of any such material sorted or removed.

Interpretation

13. In this Part—

“relevant accounting period” means—

- (a) in the case of an entitlement to credit arising under Part 5 of these Regulations, the accounting period in which the reuse condition or, as the case may be, the enforced removal condition was satisfied;
- (b) in the case of an entitlement to credit arising under Part 6 of these Regulations, the accounting period in which the period of one year from the date of the issue of the landfill invoice expired;
- (c) in the case of an entitlement arising under Part 7 of these Regulations, the accounting period in which the qualifying contribution was made;

“relevant amount” means the amount of the credit as determined in accordance with Part 5, 6 or 7 of these Regulations, as the case may be;

“relevant tax” means the tax, if any, that was required to have been paid as a condition of the entitlement to credit.

Scope

14.—(1) This Part applies to entitlements to credit arising under Part 5, 6 or 7 of these Regulations.

(2) No credit arising under any provision of these Regulations may be claimed except in accordance with this Part.

Claims in returns

15.—(1) Subject to paragraphs (2) and (3) below, a person entitled to credit may claim it by deducting its amount from any tax due from the person for the relevant accounting period or any subsequent accounting period and, where that is done, the person shall make a return for that accounting period accordingly.

(2) Where the entitlement to credit arises under Part 7 of these Regulations, paragraph (1) above shall apply as if there were substituted for “or any subsequent accounting period” the words “or any subsequent accounting period in the same contribution year as determined in relation to that person under regulation 27”.

(3) Revenue Scotland may make directions generally or with regard to particular cases prescribing rules in accordance with which credit may or shall be held over to be credited in an accounting period subsequent to the relevant accounting period; and where such a direction has been made that credit, subject to any subsequent such direction varying or withdrawing the rules, may only be claimed in accordance with those rules.

Payments in respect of credit

16.—(1) Subject to paragraph (5) below, where the total credit claimed by a registrable person in accordance with this Part exceeds the total of the tax due from the person for the accounting period, Revenue Scotland shall pay to the person an amount equal to the excess.

(2) Where Revenue Scotland has cancelled the registration of a person in accordance with section 22(6) of the Act, and the person is not a registrable person, the person shall make any claim in respect of credit to which this Part applies by making an application in writing.

(3) A person making an application under paragraph (2) above shall furnish to Revenue Scotland full particulars in relation to the credit claimed, including (but not restricted to)—

- (a) except in the case of an entitlement to credit arising under Part 7 of these Regulations, the return in which the relevant tax was accounted for;
- (b) except in the case of an entitlement to credit arising under Part 7 of these Regulations, the amount of the tax and the date and manner of its payment;
- (c) the events by virtue of which the entitlement to credit arose.

(4) Subject to paragraph (5) below, where Revenue Scotland is satisfied that a person who has made a claim in accordance with paragraphs (2) and (3) above is entitled to credit, and that the person has not previously had the benefit of that credit, it shall pay to the person an amount equal to the credit.

(5) Revenue Scotland shall not be liable to make any payment under this regulation unless and until the person has made all the returns which the person was required to make.

PART 5

Credit: permanent removals etc

Entitlement to credit

17.—(1) An entitlement to credit arises under this Part where—

- (a) a registered person has accounted for an amount of tax and, except where the removal by virtue of which sub-paragraph (b) below is satisfied takes place in the accounting period in which credit arising under this Part is claimed in accordance with Part 4 of these Regulations, the registered person has paid that tax; and
- (b) in relation to the disposal on which that tax was charged, either—
 - (i) the reuse condition has been satisfied; or
 - (ii) the enforced removal condition has been satisfied.

(2) The reuse condition is satisfied where—

- (a) the disposal has been made with the intention that the material comprised in it—
 - (i) would be recycled or incinerated;
 - (ii) removed for use (other than by way of a further disposal) at a place other than a relevant site; or

- (iii) removed for use in restoration of a relevant site and the material involved has previously been used to create or maintain temporary hard standing, to create or maintain a temporary screening bund or to create or maintain a temporary haul road;
 - (b) that material, or some of it, has been recycled, incinerated or permanently removed from the landfill site, as the case may be, in accordance with that intention;
 - (c) that recycling, incineration or removal—
 - (i) has taken place no later than one year after the date of the disposal; or
 - (ii) where water had been added to the material in order to facilitate its disposal, has taken place no later than five years after the date of the disposal; and
 - (d) the registered person has, before the disposal, notified Revenue Scotland in writing that the registered person intends to make one or more removals of material in relation to which sub-paragraphs (a) to (c) above will be satisfied.
- (3) For the purpose of paragraph (2)(a)(ii) above a relevant site is the landfill site at which the disposal was made or any other landfill site.
- (4) The enforced removal condition is satisfied where—
- (a) the disposal is in breach of the terms of the licence or permit, as the case may be, by virtue of which the land constitutes a landfill site;
 - (b) the registered person has been directed to remove the material comprised in the disposal, or some of it, by the Scottish Environment Protection Agency and the registered person has removed it, or some of it; and
 - (c) a further taxable disposal of the material has been made and, except where the registered person is the person liable for the tax chargeable on that further disposal, the registered person has paid to the site operator an amount representing that tax.
- (5) The amount of the credit arising under this Part shall be equal to the tax that was charged on the disposal; except that where only some of the material comprised in that disposal is removed, the amount of the credit shall be such proportion of that tax as the material removed forms of the total of the material.
- (6) In this regulation—
- “disposal area” means any area of a landfill site where any disposal takes place;
 - “hard standing” means a base within a landfill site on which any landfill site activity such as sorting, treatment, processing, storage or recycling is carried out;
 - “haul road” means any road within the landfill site which gives access to a disposal area;
 - “screening bund” means any structure on a landfill site (whether below or above ground) put in place to protect or conceal any landfill site activity or to reduce nuisance from noise.

PART 6

Credit: bad debts

Interpretation

18. In this Part—

- “claim” means a claim in accordance with Part 4 of these Regulations for an amount of credit arising under this Part and “claimant” shall be construed accordingly;
- “customer” means a person for whom a taxable activity is carried out by the claimant;
- “outstanding amount” means, in relation to any claim—
 - (a) if at the time of the claim the claimant has received no payment in respect of the amount written off in his accounts, the amount so written off; or

- (b) if at that time he has received a payment, the amount by which the amount written off exceeds the payment (or the aggregate of the payments);

“relevant disposal” means any taxable disposal upon which a claim is based;

“security” means—

- (a) in relation to Scotland, any security (whether heritable or moveable), any floating charge and any right of lien or preference and right of retention (other than a right of compensation or set-off); and
- (b) in relation to England, Wales and Northern Ireland, any mortgage, charge, lien or other security.

Scope

19. An entitlement to credit arises under this Part where—

- (a) a registered person has carried out a taxable activity for a consideration in money for a customer with whom the registered person is not connected;
- (b) the registered person has accounted for and paid tax on the disposal concerned;
- (c) the whole or any part of the consideration for the disposal has been written off in the registered person’s accounts as a bad debt;
- (d) the registered person has issued a landfill invoice in respect of the disposal which shows the amount of tax chargeable;
- (e) that invoice was issued—
 - (i) within 14 days of the date of the disposal; or
 - (ii) within such other period as may have been specified by Revenue Scotland;
- (f) a period of one year (beginning with the date of the issue of that invoice) has elapsed; and
- (g) the following provisions of this Part have been complied with.

Amount of credit

20. The credit arising under this Part shall be of an amount equal to such proportion of the tax charged on the relevant disposal as the outstanding amount forms of the total consideration.

Evidence required in support of claim

21. The claimant, before making a claim, shall hold in respect of each relevant disposal—

- (a) a copy of the landfill invoice issued by the claimant;
- (b) records or any other documents showing that the claimant has accounted for and paid tax on the disposal; and
- (c) records or any other documents showing that the consideration has been written off in the claimant’s accounts as a bad debt.

Records required to be kept

22.—(1) Any person who makes a claim shall make a record of that claim.

(2) The record referred to in paragraph (1) above shall contain the following information in respect of each claim made—

- (a) in respect of each relevant disposal—
 - (i) the amount of tax charged;
 - (ii) the return in which that tax was accounted for and when it was paid;
 - (iii) the date and identifying number of the landfill invoice that was issued;

- (iv) any consideration that has been received (whether before the claim was made or subsequently);
 - (v) the details of any transfer note;
 - (b) the outstanding amount;
 - (c) the amount of the claim;
 - (d) the return in which the claim was made.
- (3) Any records made in pursuance of this regulation shall be kept in a single account known as “the landfill tax bad debt account”.

Attribution of payments

23.—(1) Where—

- (a) the claimant has carried out a taxable activity for a customer;
- (b) there exist one or more other matters in respect of which the claimant is entitled to a debt owed by the customer (whether they involve a taxable disposal or not and whether they are connected with waste or not); and
- (c) a payment has been received by the claimant from the customer,

the payment shall be attributed to the taxable activity and the other matters in accordance with the rule set out in paragraphs (2) and (3) below (and the debts arising in respect of the taxable activity and the other matters are collectively referred to in those paragraphs as debts).

(2) The payment shall be attributed to the debt which arose earliest and, if not wholly attributed to that debt, thereafter to debts in the order of the dates on which they arose, except that attribution under this paragraph shall not be made if the payment was allocated to a debt by the customer at the time of payment and the debt was paid in full.

(3) Where—

- (a) the earliest debt and the other debts to which the whole of the payment could be attributed arose on the same day; or
- (b) the debts to which the balance of the payment could be attributed in accordance with paragraph (2) above arose on the same day,

the payment shall be attributed to those debts by multiplying, for each such debt, the payment made by a fraction of which the numerator is the amount remaining unpaid in respect of that debt and the denominator is the amount remaining unpaid in respect of all those debts.

Repayment of credit

24.—(1) Where—

- (a) a claimant has benefited from an amount of credit to which the claimant was entitled under this Part; and
- (b) either—
 - (i) a payment for the relevant disposal is subsequently received; or
 - (ii) a payment is, by virtue of regulation 23, treated as attributed to the relevant disposal,

the claimant shall repay to Revenue Scotland such amount as equals the amount of the credit, or the balance thereof, multiplied by a fraction of which the numerator is the amount so received or attributed, and the denominator is the amount of the outstanding consideration.

(2) Where the claimant—

- (a) fails to comply with the requirements of regulation 22; or
- (b) in relation to the documents mentioned in that regulation, fails to comply with either—
 - (i) section 99(1) of the RSTP Act; or
 - (ii) any obligation arising under 111(4)(a) of that Act,

the claimant shall repay to Revenue Scotland the amount of the claim to which the failure to comply relates.

Writing off debts

25.—(1) This regulation shall apply for the purpose of determining whether, and to what extent, the consideration is to be taken to have been written off as a bad debt.

(2) The whole or any part of the consideration for a taxable activity shall be taken to have been written off as a bad debt where—

- (a) the customer has become insolvent—
 - (i) through sequestration or bankruptcy or entering into any accommodation with the customer’s creditors; or
 - (ii) by going into insolvent winding up or by entering administration;
- (b) the claimant because of the insolvency of the customer has to any extent not been able to recover the consideration;
- (c) the claimant has written it off in accounts as a bad debt; and
- (d) the claimant has made an entry in relation to that activity in the landfill tax bad debt account in accordance with regulation 22 (and this shall apply regardless of whether a claim can be made in relation to that activity at that time).

(3) Where the claimant owes an amount of money to the customer which can be set off, the consideration written off in the landfill tax bad debt account shall be reduced by the amount so owed.

(4) Where the claimant holds in relation to the customer an enforceable security, the consideration written off in the landfill tax bad debt account shall be reduced by the value of the security.

(2) Subject to paragraph (3) below, a person shall be entitled to credit in respect of 90 per cent of the amount of each qualifying contribution made by the person in any accounting period; and for this purpose a qualifying contribution made—

- (a) in one accounting period;
- (b) before the return for the previous accounting period has been made; and
- (c) before the period within which that return is required to be made has expired,

shall be treated as having been made in the accounting period mentioned in sub-paragraph (b) above (and not in the accounting period in which it was in fact made).

and where in respect of any accounting period the person is entitled to a payment under regulation 16 the aggregate of the tax payable by that person in respect of the accounting periods mentioned in sub-paragraphs (a) and (b) above shall be reduced by the amount of that payment.

(9) For the purposes of paragraph (8) above any entitlement to credit arising under this Part shall be disregarded in determining the tax payable by a person in respect of any period.

- (a) the body to whom the sum is transferred shall be treated as having received qualifying contributions of the amount concerned; and

the person shall pay to Revenue Scotland an amount equal to 90 per cent of the amount by which the open market value exceeds the consideration; but this is subject to paragraph (7) below.

(7) A person required to pay an amount to Revenue Scotland by paragraph (6) above—

(a) shall not be required to pay more than the total amount of relevant credit;

- (a) “asset” includes land, goods or services and any interest in any of these;
 - (b) the open market value of an asset is the amount of the consideration in money that would be payable for the asset by a person standing in no such relationship with any person as would affect that consideration;
 - (c) “relevant credit” means credit arising under this Part—
 - (i) from which a person has benefited; and
 - (ii) which has arisen in respect of qualifying contributions made by the person to the body in question or treated by virtue of regulation 28(5) as having been received by that body from the person.

- (j) where the amount of tax is shown separately, a statement confirming that that tax may not be treated as the input tax of any person.

(2) In paragraph (1)(j) above “input tax” has the same meaning as in section 24(1) of the Value Added Tax Act 1994(a).

PART 9

Determination of weight of material disposed of

Scope

35. This Part applies for the purpose of determining the weight of material comprised in a disposal; and references in this Part to weight shall be construed as references to the weight of such material.

(a) 1994 c.23.

Basic method

36.—(1) Except where regulation 37 or 38 applies and subject to paragraph (2) below, a registrable person shall determine weight by weighing the material concerned.

(2) The weighing of the material shall be carried out at the time of the disposal; and for this purpose any time at which section 26 of the Act requires the disposal to be treated as made shall be disregarded.

Specified methods

37.—(1) Except where regulation 38 applies, this regulation applies where Revenue Scotland has specified rules for determining weight in a notice published by it and not withdrawn by a further notice.

(2) A specification made by Revenue Scotland as described in paragraph (1) above may make provision for—

- (a) the method by which weight is to be determined;
- (b) the time by reference to which weight is to be determined.

(3) A specification made by Revenue Scotland as described in paragraph (1) above may provide—

- (a) that it is to have effect only in relation to disposals of such descriptions as may be set out in the specification;
- (b) that it is not to have effect in relation to particular disposals unless Revenue Scotland is satisfied that such conditions as may be set out in the specification are met in relation to the disposals.

(4) Where this regulation applies the registrable person shall determine weight in accordance with the rules in the specification (and not in accordance with the rule in regulation 36).

Agreed methods

38.—(1) This regulation applies where—

- (a) the registrable person and an authorised person have agreed in writing that weight shall be determined in accordance with rules other than those described in regulation 36 or specified under regulation 37; and
- (b) a direction under paragraph (3) below has not been made.

(2) Rules may be agreed under this regulation as regards—

- (a) the method by which weight is to be determined;
- (b) the time by reference to which weight is to be determined.

(3) Where rules have been agreed under this regulation and Revenue Scotland believes that they should no longer be applied because they do not give an accurate indication of the weight or they are not being fully observed or for some other reason, it may give a direction (which may be contained in guidance) that the agreed rules shall no longer have effect.

(4) Where this regulation applies the registrable person shall determine weight in accordance with the rules agreed (and not in accordance with the rule in regulation 36 or 37).

(5) Subject to paragraphs (6) to (8) below, rules may be agreed regarding the discounting of water if, and only if—

- (a) no water is present in the material naturally and the water is present because—
 - (i) it has been added for the purpose of enabling the material to be transported for disposal;
 - (ii) it has been used for the purpose of extracting any mineral; or
 - (iii) it has arisen, or has been added, in the course of an industrial process; or

(b) the material is the residue from the treatment of effluent or sewage by a water treatment works.

(6) Rules may not be agreed under paragraph (5) above where any of the material is capable of escaping from the landfill site concerned by leaching unless—

(a) it is likely to do so in the form of water only; or

(b) the leachate is to be collected on the site concerned and treated in order to eliminate any potential it has to cause harm.

(7) Where the material falls within paragraph (5)(a) above rules may not be agreed under paragraph (5) above unless the total water which has been added, or (in a case falling within paragraph (5)(a)(iii) above) has arisen or has been added or both, constitutes 25 per cent. or more of the weight at the time of the disposal.

(8) Where the material falls within paragraph (5)(b) above rules may not be agreed under paragraph (5) above except for the discounting of water which has been added prior to disposal (and not of water which is present in the material naturally).

(9) For the purposes of paragraph (8) above any water which has been extracted prior to disposal shall be deemed to be water that has been added, except that where the water extracted exceeds the quantity of water added that excess shall be deemed to have been present naturally.
