

SCHEDULE 1

Regulation 8(4) and 15(1)(a)

CONDITIONS FOR CERTIFICATION AND GRADING OF SCOTTISH SEED POTATOES

PART I

General

1. On receipt of an application for certification of any crop of seed potatoes under regulation 8(1), an authorised officer must—
 - (a) allocate to the applicant the producer's identification number (“producer's identification number”);
 - (b) allocate an identification number to the crop to which the application relates (“crop identification number”);
 - (c) conduct an official examination of the crop in order to determine—
 - (i) whether the seed potatoes may be certified as pre-basic seed potatoes, basic seed potatoes or test and trial seed potatoes; and
 - (ii) in respect of pre-basic seed potatoes and basic seed potatoes, the applicable Union grade; and
 - (d) subject to paragraphs 3 to 15, issue a crop inspection report complying with paragraph 2.
2. A crop inspection report must contain the following particulars—
 - (a) the name and address of the applicant;
 - (b) the name of the agricultural unit on which the crop was grown;
 - (c) the producer's identification number;
 - (d) the crop identification number;
 - (e) whether the seed potatoes are certified as pre-basic seed potatoes, basic seed potatoes or, as the case may be, test and trial seed potatoes;
 - (f) the applicable Union grade and field generation;
 - (g) the date on which the crop inspection report was issued;
 - (h) the variety of the crop inspected;
 - (i) the area of the crop inspected; and
 - (j) the location (O.S. No. or F.I.D. No.) of the field on which the crop was grown.
3. An authorised officer may only issue a crop inspection report if the seed potatoes are of a variety—
 - (a) for the time being listed in the National List or in the Common Catalogue; or
 - (b) for which an application has been submitted, but not withdrawn or finally determined, for acceptance on to the National List.
4. An authorised officer may only issue a crop inspection report if satisfied that the seed potatoes are or were grown on land which has not been demarcated as a contaminated plot or part of a safety zone for the purposes of [F1 paragraph 8 in Part 3 (measures for the control of Potato Wart Disease) of schedule 2 (specific measures relating to certain solanaceous species) of the Plant Health Official Controls Regulations].

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to *The Seed Potatoes (Scotland) Regulations 2015*. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details) View outstanding changes

Textual Amendments

F1 Words in [Sch. 1 para. 4](#) substituted (14.12.2019) by [The Plant Health \(Official Controls and Miscellaneous Provisions\) \(Scotland\) Regulations 2019 \(S.S.I. 2019/421\)](#), reg. 1(1), [Sch. 5 para. 10\(5\)](#) (a)

- 5.—(1) An authorised officer may only issue a crop inspection report if satisfied that—
- (a) except where sub-paragraph (2) applies, the seed potatoes have not at any stage of their production come into contact with—
 - (i) potatoes other than seed potatoes; or
 - (ii) any plant, machinery, equipment, container, store or vehicle previously used in the production of potatoes other than seed potatoes;
 - (b) the seed potatoes have, at all stages of production, been kept separate from seed potatoes of any other grade or variety;
 - (c) the propagation, growing and storage of the seed potatoes, has been carried out effectively in accordance with any notice given, or guidance published, from time to time by the Scottish Ministers for the purposes of the prevention of the occurrence, development or spread of pests and diseases;
 - (d) the seed potatoes are or were grown on an agricultural unit on which only pre-basic seed potatoes or basic seed potatoes permitted to be planted in accordance with [^{F2}paragraph 2(3) (general restrictions on the planting of potatoes) in Part 2 (general provisions relating to the planting of certain solanaceous species) of schedule 2 (specific measures relating to certain solanaceous species) of the Plant Health Official Controls Regulations], are or were grown in the same year;
 - (e) blanking in any of the growing crop of the seed potatoes is not or was not excessive;
 - (f) roguing of the growing crop of the seed potatoes has been carried out and the growing crop has not been over-rogued;
 - (g) the seed potatoes in any one crop are of a single variety; and
 - (h) the seed potatoes are taken from a crop which is free from all of the following diseases or pests—
 - (i) Potato Wart Disease (*Synchytrium endobioticum* (Schilb) Perc.);
 - (ii) Potato Cyst Nematode (*Globodera* spp. infesting potatoes);
 - (iii) Ring Rot (*Clavibacter michiganensis* subsp. *sepedonicus* (Spieck & Kotth) Davis *et al.*);
 - (iv) Brown Rot (*Ralstonia solanacearum* (Smith) Yabuuchi *et al.*);
 - (v) Potato Tuber Moth (*Phthorimaea operculella* (Zell));
 - (vi) Potato Spindle Tuber Viroid;
 - (vii) Colorado Beetle (*Leptinotarsa decemlineata* (Say));^{F3}...
 - (viii) Potato Tuber Eelworm (*Ditylenchus destructor* Thorne).
 - [^{F4}(ix) *Candidatus Liberibacter solanacearum* Liefting *et al.*; and
 - (x) *Candidatus Phytoplasma solani* Quaglino *et al.*]
- (2) This sub-paragraph applies where—
- (a) the seed potatoes and potatoes other than seed potatoes were produced on the same agricultural unit; or

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to The Seed Potatoes (Scotland) Regulations 2015. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details) View outstanding changes

- (b) the production of the seed potatoes was in accordance with arrangements approved in writing by the Scottish Ministers, prior to the use of the relevant plant, machinery, equipment, container, store or vehicle.

Textual Amendments

- F2** Words in Sch. 1 para. 5(1)(d) substituted (14.12.2019) by [The Plant Health \(Official Controls and Miscellaneous Provisions\) \(Scotland\) Regulations 2019 \(S.S.I. 2019/421\)](#), reg. 1(1), **Sch. 5 para. 10(5)(b)**
- F3** Word in Sch. 1 para. 5(1)(h)(vii) omitted (1.7.2020) by virtue of [The Seed and Plant Material \(Miscellaneous Amendments\) \(Scotland\) Regulations 2020 \(S.S.I. 2020/165\)](#), regs. 1(1), **8(2)(a)**
- F4** Sch. 1 para. 5(1)(h)(ix)(x) inserted (1.7.2020) by [The Seed and Plant Material \(Miscellaneous Amendments\) \(Scotland\) Regulations 2020 \(S.S.I. 2020/165\)](#), regs. 1(1), **8(2)(b)**

PART II

Pre-basic seed potatoes

6. An authorised officer may only certify seed potatoes as pre-basic seed potatoes if, following an official examination, the officer is satisfied that the seed potatoes meet the requirements specified in columns 2, 3 and 4 of Table I in Schedule 2 corresponding to at least one of the Union grades specified in column 1 of that Table.

7. An authorised officer may not certify seed potatoes as pre-basic seed potatoes unless the officer is satisfied that the land on which the seed potatoes are or were grown—

- (a) has, following an official examination performed prior to the planting of the crop, been found not to be contaminated with Potato Cyst Nematode (*Globodera* spp. infesting potatoes);
- (b) is not land notified as infested with Potato Cyst Nematode (*Globodera* spp. infesting potatoes) under [F5 paragraph 18 (notice that sampling unit is infested with Potato Cyst Nematode) in Part 4 (measures for the control of European populations of Potato Cyst Nematode) of schedule 2 (specific measures relating to certain solanaceous species) of the Plant Health Official Controls Regulations];
- (c) has not been found to have been contaminated with Potato Cyst Nematode (*Globodera* spp. infesting potatoes) for at least 6 years prior to the planting of the crop; and
- (d) has not been used for growing potatoes at any time during the 7 years immediately preceding the planting of the crop.

Textual Amendments

- F5** Words in Sch. 1 para. 7(b) substituted (14.12.2019) by [The Plant Health \(Official Controls and Miscellaneous Provisions\) \(Scotland\) Regulations 2019 \(S.S.I. 2019/421\)](#), reg. 1(1), **Sch. 5 para. 10(5)(c)**

8. An authorised officer may not determine the seed potatoes as meeting the requirements of Union grade PBTC, if the immediately succeeding crop produced from those potatoes is likely to contain—

- (a) plants of another variety; or
- (b) plants infected by virus.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to *The Seed Potatoes (Scotland) Regulations 2015*. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details) [View outstanding changes](#)

9. An authorised officer may not determine the seed potatoes as meeting the requirements of Union grade PB, if, in relation to the immediately succeeding crop produced from those potatoes, the number of growing plants which—

- (a) deviate from variety and type, is likely to exceed 0.01% of the total number of plants in that crop; or
- (b) show symptoms of any virus attributable to infection in the mother crop, is likely to exceed 0.5% of that total number.

PART III

Basic seed potatoes

10. An authorised officer may only certify seed potatoes as basic seed potatoes if, following an official examination, the officer is satisfied that the seed potatoes meet the requirements specified in columns 2, 3 and 4 of Table II in Schedule 2 corresponding to at least one of the grades specified in column 1 of that Table.

11. An authorised officer may not certify seed potatoes as basic seed potatoes unless the officer is satisfied that the land on which the seed potatoes are or were grown—

- (a) has, following an official examination performed prior to the planting of the crop, been found not to be contaminated with Potato Cyst Nematode (*Globodera* spp. infesting potatoes);
- (b) is not land notified as infested with Potato Cyst Nematode (*Globodera* spp. infesting potatoes) under [F6] paragraph 18 (notice that sampling unit is infested with Potato Cyst Nematode) in Part 4 (measures for the control of European populations of Potato Cyst Nematode) of schedule 2 (specific measures relating to certain solanaceous species) of the Plant Health Official Controls Regulations];
- (c) has not been found to have been contaminated with Potato Cyst Nematode (*Globodera* spp. infesting potatoes) for at least 6 years prior to the planting of the crop; and
- (d) has not been used for growing potatoes at any time during the 5 years immediately preceding the planting of the crop.

Textual Amendments

- F6** Words in [Sch. 1 para. 11\(b\)](#) substituted (14.12.2019) by [The Plant Health \(Official Controls and Miscellaneous Provisions\) \(Scotland\) Regulations 2019 \(S.S.I. 2019/421\)](#), reg. 1(1), [Sch. 5 para. 10\(5\)](#) (d)

12. An authorised officer may not determine the seed potatoes as meeting the requirements of Union grade S, SE or, as the case may be, E if, in relation to the immediately succeeding crop produced from those potatoes, the number of growing plants which—

- (a) deviate from variety, is likely to exceed 0.1% of the total number of plants in that crop;
- (b) deviate from variety and type, is likely to exceed 0.25% of that total number; or
- (c) show symptoms of any virus attributable to infection in the mother crop, is likely to exceed 4% of that total number.

PART IV

Test and trial seed potatoes

13. An authorised officer may only certify seed potatoes as test and trial seed potatoes if, following an official examination, the officer is satisfied that the seed potatoes meet the requirements specified in columns 2, 3 and 4 of Table II in Schedule 2 corresponding to at least one of the Union grades specified in column 1 of that Table.

14. An authorised officer may not certify seed potatoes as test and trial seed potatoes unless the officer is satisfied that the land on which the seed potatoes are or were grown—

- (a) has, following an official examination performed prior to the planting of the crop, been found not to be contaminated with Potato Cyst Nematode (*Globodera* spp. infesting potatoes);
- (b) is not land notified as infested with Potato Cyst Nematode (*Globodera* spp. infesting potatoes) under [F7] paragraph 18 (notice that sampling unit is infested with Potato Cyst Nematode) in Part 4 (measures for the control of European populations of Potato Cyst Nematode) of schedule 2 (specific measures relating to certain solanaceous species) of the Plant Health Official Controls Regulations];
- (c) has not been found to have been contaminated with Potato Cyst Nematode (*Globodera* spp. infesting potatoes) for at least 6 years prior to the planting of the crop; and
- (d) has not been used for growing potatoes at any time during the 5 years immediately preceding the planting of the crop.

Textual Amendments

- F7** Words in [Sch. 1 para. 14\(b\)](#) substituted (14.12.2019) by [The Plant Health \(Official Controls and Miscellaneous Provisions\) \(Scotland\) Regulations 2019 \(S.S.I. 2019/421\)](#), reg. 1(1), [Sch. 5 para. 10\(5\)\(e\)](#)

15. An authorised officer may not certify any seed potatoes as test and trial seed potatoes if, in relation to the immediately succeeding crop produced from those potatoes, the number of growing plants which—

- (a) deviate from variety, is likely to exceed 0.1% of the total number of plants in that crop;
- (b) deviate from variety and type, is likely to exceed 0.25% of that total number; or
- (c) show symptoms of any virus attributable to infection in the mother crop, is likely to exceed 4% of that total number.

SCHEDULE 2

Regulations 2(1) and 8(2) and (4)

CERTIFICATION AND GRADING: SOURCE MATERIAL REQUIREMENTS, OTHER REQUIREMENTS AND TOLERANCES

1. In this Schedule.—

- (a) Table I sets out the applicable requirements as regards source material, other requirements and tolerances in respect of the certification and grading of pre-basic seed potatoes; and
- (b) Table II sets out the applicable requirements as regards source material, other requirements and tolerances in respect of—

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to *The Seed Potatoes (Scotland) Regulations 2015*. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details) View outstanding changes

- (i) the certification and grading of basic seed potatoes; and
- (ii) the certification of test and trial seed potatoes.

2. The percentages specified in column 4 of Tables I and II reflect the maximum permitted proportion, expressed as a percentage, which the number of growing plants affected by the disease or varietal impurity may bear against the total number of plants in the sample.

TABLE I
PRE-BASIC SEED POTATOES

<i>Column 1</i> <i>Union Grade</i>	<i>Column 2</i> <i>Material</i>	<i>Source</i>	<i>Column 3</i> <i>Other Requirements</i>	<i>Column 4</i> <i>Tolerances</i>
PBTC	Nuclear stock or a crop which has been approved in writing by the Scottish Ministers.	The seed potatoes are—	<ul style="list-style-type: none"> (a) grown in a unit officially approved for production of seed potatoes of the Union grade PBTC; (b) kept free, as far as practicable, from diseases and aphids by appropriate husbandry measures; and (c) the first generation of this stock. 	<p>A sample of the seed potatoes taken during an official examination must not exceed the following tolerances—</p> <ul style="list-style-type: none"> (a) deviations from variety and type – nil; (b) Blackleg (<i>Pectobacterium</i> spp.) – nil; (c) Potato Virus Y, Potato Virus A and Potato Leafroll Virus – nil; (d) total virus (including those mentioned in paragraph (c)) – nil; (e) <i>Dickeya</i> spp. – nil; ^{F8} ... SCHEDULE 3

Regulation 4(2)(b) and 10(9)(a) and (b)

REQUIREMENTS AS TO VARIETAL PURITY AND SIZE

Requirements as to varietal purity and size

1. For the purposes of regulation 4(2)(b), the applicable requirements as regards varietal purity and size are as specified in paragraphs 2, 3, 4 and 5.

Union grade PBTC

2.—(1) This paragraph applies to seed potatoes produced in Scotland where the applicable Union grade determined under regulation 8(2)(a) is Union grade PBTC.

(2) In the case of seed potatoes to which this paragraph applies, there must be no deviation from variety.

Union grade PB

3.—(1) This paragraph applies to seed potatoes produced in Scotland where the applicable Union grade determined under regulation 8(2)(a) or, as the case may be, under regulation 15(2), is Union grade PB.

(2) Subject to sub-paragraphs (3) and (4), in the case of seed potatoes to which this paragraph applies—

- (a) there must be no deviation from variety;
- (b) the minimum size must be such that the seed potatoes do not pass through a square mesh of 25 millimetres by 25 millimetres; and
- (c) the maximum variation in size between tubers in a lot must not exceed 25 millimetres.

(3) For the purposes of determining whether a lot of seed potatoes to which this paragraph applies meets the requirements specified in sub-paragraph (2)(a), the variety of any seed potatoes is deemed to be as stated on the official label or official document in respect of the lot, if on a sample taken in accordance with regulation 17(3) and Schedule 8, the proportion of the weight of potatoes which deviate from the variety does not exceed 0.01% of the total weight of the sample.

(4) For the purposes of determining whether a lot of seed potatoes to which this paragraph applies meets the requirements specified in sub-paragraph (2)(b) or (c), the size of any seed potatoes is deemed to be as stated on the official label or official document in respect of the lot, if on a sample taken in accordance with regulation 17(3) and Schedule 8, the proportion of the weight of the potatoes which are smaller than the minimum size stated on the official label or official document and larger than the maximum size stated on the official label or official document does not exceed 3% of the total weight of the sample.

Union grade S, SE, E and test and trial seed potatoes

4.—(1) This paragraph applies to seed potatoes produced in Scotland—

- (a) where the applicable Union grade determined under regulation 8(2)(a) or, as the case may be, regulation 15(2), is Union grade S, SE, or E; or
- (b) which have been certified under these Regulations as test and trial seed potatoes.

(2) Subject to sub-paragraphs (3) and (4), in the case of seed potatoes to which this paragraph applies—

- (a) there must be no deviation from variety;

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to *The Seed Potatoes (Scotland) Regulations 2015*. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details) [View outstanding changes](#)

- (b) the minimum size must be such that the seed potatoes do not pass through a square mesh of 25 millimetres by 25 millimetres; and
- (c) the maximum variation in size between tubers in a lot must not exceed 25 millimetres.

(3) For the purposes of determining whether a lot of seed potatoes to which this paragraph applies meets the requirements specified in sub-paragraph (2)(a), the variety of any seed potatoes is deemed to be as stated on the official label or official document in respect of the lot, if on a sample taken in accordance with regulation 17(3) and Schedule 8, the proportion of the weight of potatoes which deviate from the variety does not exceed 0.1% of the total weight of the sample.

(4) For the purposes of determining whether a lot of seed potatoes to which this paragraph applies meets the requirements specified in sub-paragraph (2)(b) or (c), the size of any seed potatoes is deemed to be as stated on the official label or official document in respect of the lot, if on a sample taken in accordance with regulation 17(3) and Schedule 8, the proportion of the weight of potatoes which are smaller than the minimum size stated on the official label or official document and larger than the maximum size stated on the official label or official document does not exceed 3% of the total weight of the sample.

Seed potatoes produced outside Scotland

- 5.—(1) This paragraph applies to seed potatoes produced outside Scotland.
- (2) In the case of seed potatoes to which this paragraph applies, the lot must—
- (a) comply with the requirements relating to size in Article 10 of Council Directive [2002/56/EC](#); and
 - (b) be sufficiently homogeneous in accordance with the standards imposed by the relevant authority.

(3) For the purposes of determining whether a lot of seed potatoes to which this paragraph applies meets the requirements specified in sub-paragraph (2)(a), the size of any seed potatoes is deemed to be as stated on the official label or official document in respect of the lot, if on a sample taken in accordance with regulation 17(3) and Schedule 8, the proportion of the weight of potatoes which are smaller than the minimum size stated on the official label or official document and larger than the maximum size stated on the official label or official document does not exceed 3% of the total weight of the sample.

SCHEDULE 4

PARTICULARS TO BE PROVIDED IN RESPECT OF SEED POTATOES PRODUCED OUTSIDE THE EUROPEAN UNION

1. Species
2. Variety
3. Category
4. Country of production and inspection authority
5. Country of despatch
6. Importer
7. Quantity of seed potatoes

SCHEDULE 5

Regulations 2(1) and 10(1) and (9)

OFFICIAL LABELS

Pre-basic seed potatoes

1.—(1) The requirements set out in this paragraph apply to an official label attached to a package or container of pre-basic seed potatoes.

(2) An official label to which this paragraph applies must—

- (a) be white with a diagonal violet line;
- (b) measure not less than 110 millimetres by 67 millimetres;
- (c) state the following particulars—

Certification authority and member State or their initials;

Country of production;

Pre-basic seed potatoes;

Species indicated at least in Roman characters, under its botanical name which may be given in abridged form and without the authors' names or under its common name or both;

Crop identification number including producer's identification number ^{M1} (or equivalent);

Variety indicated at least in Roman characters;

Genetically modified (if appropriate);

Grade;

Field generation (unless otherwise requested by the applicant);

Size;

Month and year when officially sealed;

Declared net weight;

Conservation Variety (if appropriate); and

Region of origin (if appropriate).

Marginal Citations

M1 These terms are referred to in Schedule 1, Part I, paragraphs 1(a) and (b).

Basic seed potatoes

2.—(1) The requirements set out in this paragraph apply to an official label attached to a package or container of basic seed potatoes.

(2) An official label to which this paragraph applies must—

- (a) be predominately white;
- (b) measure not less than 110 millimetres by 67 millimetres and unless the package or container is intended for export to countries outside the European Union, have printed on it the words “EU Rules and Standards”; and
- (c) state the following particulars—

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to *The Seed Potatoes (Scotland) Regulations 2015*. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details) [View outstanding changes](#)

Certification authority and member State or their initials;
 [F13Officially assigned serial number;]
 Country of production;
 Basic seed potatoes;
 Species indicated at least in Roman characters, under its botanical name which may be given in abridged form and without the authors' names or under its common name or both;
 Crop identification number including producer's identification number M2 (or equivalent);
 Variety indicated at least in Roman characters;
 Genetically modified (if appropriate);
 Grade;
 Field generation (unless otherwise requested by the applicant);
 Size;
 Month and year when officially sealed;
 Declared net weight;
 Conservation Variety (if appropriate); and

M2 These terms are referred to in Schedule 1, Part I, paragraphs 1(a) and (b).

Test and trial seed potatoes

3.—(1) The requirements set out in this paragraph apply to an official label attached to a package or container of test and trial seed potatoes.

(2) An official label to which this paragraph applies must—

- (a) be orange;
- (b) measure not less than 110 millimetres by 67 millimetres and, unless the package or container is intended for export to countries outside the European Union, have printed on it the words “EU Rules and Standards”;
- (c) contain the words “variety not yet officially listed” and “for tests and trials only”; and
- (d) state the following particulars—

Certification authority and member State or their initials;

[F14Officially assigned serial number;]

Country of production;

Species indicated at least in Roman characters, under its botanical name which may be given in abridged form and without the authors names or under its common name or both;

Crop identification number including producer's identification number ^{M3} (or equivalent);

Variety and official application number, indicated at least in Roman characters;

Genetically modified (if appropriate);

Size;

Month and year when officially sealed; and

Declared net weight.

Textual Amendments

F14 Words in sch. 5 para. 3(2)(d) inserted (31.3.2017) by The Seed (Miscellaneous Amendments) (Scotland) Regulations 2016 (S.S.I. 2016/434), regs. 1(1), 7(3)(b)

Marginal Citations

M3 These terms are referred to in Schedule 1, Part I, paragraphs 1(a) and (b).

4. The size stated in accordance with paragraphs 1(2)(c), 2(2)(c) and 3(2)(d) must, in the case of sizes over 35 millimetres, be stated in multiples of 5 millimetres.

SCHEDULE 6

Regulations 9, 10(3)(c) and 16(1) and (3)
(a)

TOLERANCES FOR DISEASES, PESTS, DAMAGE AND DEFECTS

Tolerances

1.—(1) For the purposes of regulations 9 and 16—

- (a) Table I applies to seed potatoes produced in Scotland where the applicable Union grade determined under regulation 8(2)(a) or, as the case may be, under regulation 15(2), is Union grade PBTC;
- (b) Table II applies to seed potatoes produced in Scotland where the applicable Union grade determined under regulation 8(2)(a) or, as the case may be, under regulation 15(2), is Union grade PB; and
- (c) Table III (a) applies to seed potatoes produced in Scotland where the applicable Union grade determined under regulation 8(2)(a) or, as the case may be, under regulation 15(2), is Union grade S;
- (d) Table III (b) applies to seed potatoes produced in Scotland where the applicable Union grade determined under regulation 8(2)(a) or, as the case may be, under regulation 15(2), is Union grade SE; and
- (e) Table III (c) applies to—
 - (i) seed potatoes produced in Scotland where the applicable Union grade determined under regulation 8(2)(a) or, as the case may be, under regulation 15(2), is Union grade E; and
 - (ii) seed potatoes produced in Scotland and certified under these Regulations as being of test and trial seed potatoes; and

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to *The Seed Potatoes (Scotland) Regulations 2015*. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details) View outstanding changes

(f) Table IV applies to seed potatoes produced in Scotland, certified as basic seed potatoes and intended for markets outside the European Union.

(2) Subject to sub-paragraph (3), any tolerance in column 2, or, as the case may be, column 3 or 4 of any of the Tables in this Schedule which is expressed as a percentage, is a reference to the maximum proportion which the weight of potatoes affected by the disease, pest, damage or defect may bear to the total weight of the sample taken, expressed as a percentage.

(3) In the case of dirt or other extraneous matter, any tolerance in column 2 or, as the case may be, column 3 or 4 of any of the Tables in this Schedule which is expressed as a percentage is a reference to the maximum proportion which the weight of such matter may bear to the total weight of the sample taken, expressed as a percentage.

Individual tolerances

2. The individual tolerance set out in the entry in column 2 of Table I, II, III (a), (b) or (c), or IV is specified, in relation to the disease, pest, damage or defect specified in column 1 of the Table to which the entry corresponds.

Group tolerances

3. The group tolerance set out in the entry in column 3 of Table II, III (a), (b) or (c) or IV is specified, in relation to the Group of diseases, pests, damage or defects specified in column 1 of the Table to which the entry corresponds.

Collective group tolerances

4. The collective group tolerance set out in the entry in column 4 of Table II, III (a), (b) or (c) or IV is specified, in relation to the diseases, pests, damage or defects specified in Groups II, III and IV specified in column 1 of those Tables.

Allowable surface area cover

5.—(1) This paragraph applies, for the purposes of regulation 16(1) and (3), to seed potatoes to which Table II, III (a), (b) or (c) or IV applies.

(2) Subject to sub-paragraph (3), an authorised officer may deem a potato in any sample of seed potatoes to which this paragraph applies not to be affected by a disease in Group III, specified in column 1 of the Table in relation to a potato of that grade when, in the officer's opinion—

- (a) the surface area of the potato affected by the disease is less than the percentage surface area in the entry corresponding to the disease in column 5 of the Table; and
- (b) the potato has at least two eyes at the rose end wholly unaffected by the disease.

(3) Sub-paragraph (2) does not apply when the disease Powdery Scab (*Spongospora subterranea* (Wallr.) Lagerh) takes its cankerous form.

SCHEDULE 7

Regulations 12 and 13

PARTICULARS TO BE SPECIFIED IN A SALE NOTE, DELIVERY NOTE, INVOICE, ETC.

Pre basic seed potatoes

Name and address of the seller
Declared net weight
Variety
Genetically modified (if appropriate)
Pre basic seed potatoes
Grade
Field generation (if shown on official label)
Size
Crop identification number including producer's identification number
Particulars of any chemical treatment

Basic Seed potatoes

Name and address of the seller
Declared net weight
Variety
Genetically modified (if appropriate)
Basic seed potatoes
Grade
Field generation (if shown on official label)
Size
Crop identification number including producer's identification number
Particulars of any chemical treatment

SCHEDULE 8

Regulation 17(3)

SAMPLING

1. Where the bulk consists of seed potatoes comprising more than one consignment, or associated with more than one crop inspection report, the bulk must be divided so that each consignment or, as the case may be, the quantity of potatoes associated with each report, constitutes a separate lot and a separate sample of seed potatoes must be taken from each lot.

2. Where the total quantity of seed potatoes being sampled separately does not exceed 50 kilograms, all the seed potatoes must be examined.

3. Where the total quantity of seed potatoes being sampled separately exceeds 50 kilograms, but does not exceed 5 tonnes, a sample of the greater of at least 5 per cent of the weight of the quantity or 50 kilograms must be selected at random.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to The Seed Potatoes (Scotland) Regulations 2015. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details) View outstanding changes

4. Where the total quantity of seed potatoes being sampled separately exceeds 5 tonnes, a sample of at least 250 kilograms must be selected at random.
