Name and address of construction engineer:	
Name of panel of which construction engineer is a member:	
Name of reservoir manager(s):	
Date(s) of inspection:	
<p>I consider that the following measures (to be taken within the period of time specified for each) are necessary in the interests of the safety of the controlled reservoir (<i>see Note</i>):</p> <p>I direct the reservoir manager to ensure that the measures specified in this report are taken under the supervision of the construction engineer and within the period of time specified.</p> <p>[I consider that the following matters should be monitored by the supervising engineer until a final certificate is issued in respect of the relevant works:] (<i>delete if there are no such matters or if the reservoir manager is not required to appoint a supervising engineer</i>)</p>	
Signature of engineer	
Date signed	

Note

Where the safety report relates to a controlled reservoir which is:

- *being restored to use, the measures must include in particular any measures the construction engineer considers should be taken before the reservoir may safely be used for the collection and storage of water;*
- *being discontinued, the measures must include in particular any measures the construction engineer considers are necessary to secure that the resulting structure of the area complies with section 35(2)(b) of the Reservoirs (Scotland) Act 2011; or*
- *being abandoned, the measures must include in particular any measures the construction engineer considers are necessary to secure that the reservoir is incapable of filling with water above the natural level of any part of the surrounding land.*
