Signature

SCHEDULE 1 Genera and Species to which these Regulations apply
SCHEDULE 2 Certification requirements
PART 1 General

1. Interpretation
2. Provisions on official inspections
PART 2 Pre-basic material
3. Pre-basic material (other than mother plants and rootstocks not belonging to a variety)
4. Rootstocks not belonging to a variety
5. Acceptance of plants as pre-basic mother plants
6. Acceptance of rootstocks not belonging to a variety as a pre-basic mother plant
7. Verification of trueness to the description of variety
8. Maintenance of pre-basic mother plants and pre-basic material
9. Health requirements for candidate pre-basic mother plants and for pre-basic mother plants produced by renewal
10. Health requirements for pre-basic mother plants and for pre-basic material
11. Soil requirements for pre-basic mother plants and pre-basic material
12. Defects
13. Requirements concerning multiplication, renewal and propagation of pre-basic mother plants
14. Requirements concerning multiplication, renewal and propagation by micropropagation of pre-basic mother plants
PART 3 Basic material
15. Requirements for the certification of basic material

16. Rootstocks not belonging to a variety
17. Health requirements for basic mother plants and basic material
18. Soil requirements for basic mother plants and basic material
19. Requirements concerning the maintenance of basic mother plants and basic material
20. Conditions for multiplication and multiplication by micropropagation of basic mother plants
 - PART 4 Certified material
21. Requirements for certification as certified material
22. Rootstocks not belonging to a variety
23. Health requirements for certified mother plants and certified material
24. Soil requirements for certified mother plants and certified material
 - PART 5 Requirements with regard to the production site, place of production or area
25. Requirements with regard to the production site, place of production or area
 - SCHEDULE 3 CAC material
 1. Conditions for CAC material other than rootstocks not belonging to a variety
 2. CAC material: rootstocks not belonging to a variety
 3. CAC material: trueness to the description of the variety
 4. Requirements with regard to the production site, place of production or area
 - SCHEDULE 4 Registration of varieties
 1. Interpretation
 2. Register of varieties
 3. Registration
 4. Application for registration with an official description
 5. Growing trials
 6. Duration and renewal of acceptance
 7. Removal from register
 8. Additional requirements for products to be used as genetically modified food or feed
 9. Distinctness
 10. Uniformity
 11. Stability
 - SCHEDULE 5 Official labels, supplier's documents and accompanying documents
 - PART 1 Official labels
 1. An official label used in relation to pre-basic material must...
