

SCHEDULE 2

Certification requirements

PART 2

Pre-basic material

Requirements concerning multiplication, renewal and propagation by micropropagation of pre-basic mother plants

14. A supplier may multiply, renew or propagate a pre-basic mother plant which has been accepted under paragraph 5 by micropropagation for the purpose of producing other pre-basic mother plants or pre-basic material, provided that—

- (a) the multiplication, renewal or propagation by micropropagation is carried out in accordance with the appropriate EPPO protocol; and
- (b) the appropriate EPPO protocol has been tested on the relevant genus or species for a period of time considered sufficient to allow phenotype validation of the plants as regards the trueness to the description of the variety based on the observation of the fruit production or of the vegetative development of rootstocks.
