ARTICLE 4

Resident

- (1) For the purposes of this Agreement, the term “resident of a Contracting State” means:
- (a) in the case of the United Kingdom, any person who, under the tax laws of the United Kingdom, is liable to tax therein by reason of his residence, place of management, place of incorporation or any other criterion of a similar nature;
 - (b) in the case of Kuwait, an individual who is a Kuwaiti national and who is present in Kuwait for a period or periods totalling in the aggregate at least 183 days in the fiscal year concerned, and a company which is incorporated or has its place of management in the State of Kuwait.
- (2) A resident of a Contracting State shall also include the Government of that State and any political subdivision or local authority thereof.
- (3) Where by reason of the provisions of paragraph (1) of this Article an individual is a resident of both Contracting States, then his status shall be determined in accordance with the following rules:
- (a) he shall be deemed to be a resident only of the Contracting State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident only of the State with which his personal and economic relations are closer (centre of vital interests);

- (4) Where by reason of the provisions of paragraph (1) of this Article a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident only of the State in which its place of effective management is situated.

ARTICLE 5

Permanent establishment

- (1) For the purposes of this Agreement, the term “permanent establishment” means a fixed place of business through which the business of an enterprise is wholly or partly carried on.
- (2) The term “permanent establishment” includes especially:
- (a) a place of management;
 - (b) a branch;
 - (c) an office;
 - (d) a factory;
 - (e) a workshop;
 - (f) a mine, an oil or gas well, a quarry or any other place relating to the exploration for, or exploitation of, natural resources.
- (3) A building site or construction or installation project constitutes a permanent establishment only if it continues for a period of more than six months.

(4) The term “permanent establishment” likewise encompasses the furnishing of services, including consultancy services, by an enterprise of a Contracting State through employees or other personnel engaged by the enterprise for such purpose, in the other Contracting State but only if activities of that nature continue for the same project or a connected project for a period or periods aggregating more than six months within any twelve-month period.

(5) Notwithstanding the preceding provisions of this Article, the term “permanent establishment” shall be deemed not to include:

- (a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
- (b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
- (c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
- (d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise, or of collecting information, for the enterprise;
- (e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;
- (f) the maintenance of a fixed place of business solely for any combination of activities mentioned in sub-paragraphs (a) to (e) of this paragraph, provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

(6) Notwithstanding the provisions of paragraphs (1) and (2) of this Article, where a person—other than an agent of an independent status to whom paragraph (7) of this Article applies—is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts on behalf of the enterprise, that enterprise shall be deemed to have a permanent establishment in that Contracting State in respect of any activities which that person undertakes for the enterprise unless the activities of such person are limited to those mentioned in paragraph (5) of this Article which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

(7) An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business. However, when the activities of such an agent are devoted wholly or almost wholly on behalf of that enterprise and the transactions between the agent and the enterprise are not made under arm’s length conditions, he will not be considered an agent of an independent status within the meaning of this paragraph.

(8) The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other Contracting State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

ARTICLE 6

Income from immovable property

(1) Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other Contracting State.

(2) The term “immovable property” shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case

include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships and aircraft shall not be regarded as immovable property.

(3) The provisions of paragraph (1) of this Article shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

(4) The provisions of paragraphs (1) and (3) of this Article shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

ARTICLE 7

Business profits

(1) The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other Contracting State but only so much of them as is attributable to that permanent establishment.

(2) Subject to the provisions of paragraph (3) of this Article, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

(3) In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the Contracting State in which the permanent establishment is situated or elsewhere. However, no such deduction shall be allowed in respect of amounts, if any, paid (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission, for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the permanent establishment. Likewise, no account shall be taken, in the determination of the profits of a permanent establishment, of amounts charged (otherwise than towards reimbursement of actual expenses), by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the head office of the enterprise or any of its other offices.

(4) No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

(5) Insofar as it has been customary in a Contracting State to determine, according to its administrative practice, the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph (2) of this Article shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

(6) For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

(7) Where profits include items of income or capital gains which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

ARTICLE 8

Shipping and air transport

(1) Profits of an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in that Contracting State.

(2) For the purposes of this Article, profits from the operation of ships or aircraft in international traffic include:

- (a) profits from the rental on a bareboat basis of ships or aircraft; and
- (b) profits from the use, maintenance or rental of containers (including trailers and related equipment for the transport of containers) used for the transport of goods or merchandise;

where such rental or such use, maintenance or rental, as the case may be, is incidental to the operation of ships or aircraft in international traffic.

(3) The provisions of paragraphs (1) and (2) of this Article shall also apply to profits from the participation in a pool, a joint business or an international operating agency, but only to so much of the profits so derived as is attributable to the participant in proportion to its share in the joint operation.

ARTICLE 9

Associated enterprises

(1) Where:

- (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State; or
- (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State; and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

(2) Where a Contracting State includes in the profits of an enterprise of that State—and taxes accordingly—profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned Contracting State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Agreement and the competent authorities of the Contracting States shall if necessary consult each other.

ARTICLE 10

Dividends

(1) Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

(2) However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of, and is subject to tax in respect of the dividends in the other Contracting State, the tax so charged shall not exceed:

- (a) 5 per cent. of the gross amount of the dividends if the beneficial owner is a company which controls, directly or indirectly, at least 10 per cent. of the voting power in the company paying the dividends;
- (b) 15 per cent. of the gross amount of the dividends in all other cases.

The provisions of this paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

(3) The term “dividends” as used in this Article means income from shares, or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the Contracting State of which the company making the distribution is a resident and also includes any other item which, under the laws of the Contracting State of which the company paying the dividend is a resident, is treated as a dividend or distribution of a company.

(4) The provisions of paragraphs (1) and (2) of this Article shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other Contracting State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14 of this Agreement, as the case may be, shall apply.

(5) Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other Contracting State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other Contracting State, nor subject the company's undistributed profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in that other Contracting State.

(6) The provisions of this Article shall not apply if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the shares or other rights in respect of which the dividend is paid to take advantage of this Article by means of that creation or assignment.

ARTICLE 11

Interest

(1) Interest arising in a Contracting State and paid to a resident of the other Contracting State who is the beneficial owner of such interest shall be taxable only in that other State.

(2) The term “interest” as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures.

The term interest shall not include any item which is treated as a dividend under the provisions of Article 10 of this Agreement.

(3) The provisions of paragraph (1) of this Article shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other Contracting State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14 of this Agreement, as the case may be, shall apply.

(4) Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest paid exceeds, for whatever reason, the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount of interest. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

(5) The provisions of this Article shall not apply if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the debt-claim in respect of which the interest is paid to take advantage of this Article by means of that creation or assignment.

ARTICLE 12

Royalties

(1) Royalties arising in a Contracting State, and paid to a resident of the other Contracting State may be taxed in that other State.

(2) However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent. of the gross amount of the royalties.

(3) The term “royalties” as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work (including cinematograph films, and films or tapes for radio or television broadcasting), any patent, trade mark, design or model, plan, secret formula or process, or for information (know-how) concerning industrial, commercial or scientific experience.

(4) The provisions of paragraphs (1) and (2) of this Article shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14 of this Agreement, as the case may be, shall apply.

(5) Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties paid exceeds, for whatever reason, the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

(6) Royalties shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties

was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the Contracting State in which the permanent establishment or fixed base is situated.

(7) The provisions of this Article shall not apply if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the rights in respect of which the royalties are paid to take advantage of this Article by means of that creation or assignment.

ARTICLE 13

Capital gains

(1) Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 of this Agreement and situated in the other Contracting State may be taxed in that other State.

(2) Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such fixed base, may be taxed in that other State.

(3) Gains derived by an enterprise of a Contracting State from the alienation of ships or aircraft operated in international traffic or movable property pertaining to the operation of such ships or aircraft shall be taxable only in that Contracting State.

(4) Gains from the alienation of any property other than that referred to in paragraphs (1), (2) and (3) of this Article shall be taxable only in the Contracting State of which the alienator is a resident.

(5) The provisions of paragraph (4) of this Article shall not affect the right of a Contracting State to levy according to its law a tax on capital gains from the alienation of any property derived by an individual who is a resident of the other Contracting State and has been a resident of the first-mentioned Contracting State at any time during the five years immediately preceding the alienation of the property.

ARTICLE 14

Independent personal services

(1) Income derived by a resident of a Contracting State in respect of professional services or other activities of an independent character shall be taxable only in that State unless he has a fixed base regularly available to him in the other Contracting State for the purpose of performing his activities. If he has such a fixed base, the income may be taxed in the other State but only so much of it as is attributable to that fixed base.

(2) The term “professional services” includes especially independent scientific, literary, artistic, educational or teaching activities, as well as the independent activities of physicians, lawyers, engineers, architects, dentists and accountants.

ARTICLE 15

Dependent personal services

(1) Subject to the provisions of Articles 16, 18, 19, 20 and 21 of this Agreement, salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.

(2) Notwithstanding the provisions of paragraph (1) of this Article, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if all the following conditions are met:

(2) Where income in respect of personal activities exercised by an entertainer or a sportsman in his capacity as such accrues not to the entertainer or the sportsman himself but to another person, that income may, notwithstanding the provisions of Articles 7, 14 and 15 of this Agreement, be taxed in the Contracting State in which the activities of the entertainer or sportsman are exercised.

(3) The provisions of paragraphs (1) and (2) of this Article shall not apply to income derived by entertainers or sportsmen who are residents of a Contracting State from their personal activities as entertainers or sportsmen exercised in the other Contracting State if their visit to that other Contracting State is substantially supported from the public funds of the first-mentioned Contracting State, nor to income derived by a non-profit making organisation which is a resident of a Contracting State in respect of such activities provided no part of its income is payable to, or is otherwise available for the personal benefit of its proprietors, founders or members. In such a case, the income shall be taxable only in the Contracting State of which the entertainer, sportsman or non-profit making organisation, as the case may be, is a resident.

ARTICLE 21

Teachers and Researchers

(1) An individual who visits one of the Contracting States for a period not exceeding two years for the purpose of teaching or engaging in research at a university, college, school or other recognised educational institution in that Contracting State, and who immediately before that visit was a resident of the other Contracting State, shall be taxable only in that other State on any remuneration for such teaching or research for a period not exceeding two years from the date he first visits that Contracting State for such purpose.

(2) The provisions of this Article shall apply to income from research only if such research is undertaken by the individual in the public interest and not primarily for the benefit of some other private person or persons.

ARTICLE 22

Other income

(1) Items of income beneficially owned by a resident of a Contracting State, wherever arising, which are not dealt with in the foregoing Articles of this Agreement, other than income paid out of trusts or the estates of deceased persons in the course of administration, shall be taxable only in that State.

(2) The provisions of paragraph (1) of this Article shall not apply to income, other than income from immovable property as defined in paragraph (2) of Article 6 of this Agreement, if the recipient of such income, being a resident of a Contracting State, carries on business in the other Contracting State through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the income is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14 of this Agreement, as the case may be, shall apply.

(3) Where, by reason of a special relationship between the person referred to in paragraph (1) of this Article and some other person, or between both of them and some third person, the amount of the income referred to in that paragraph exceeds the amount (if any) which would have been agreed upon between them in the absence of such a relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such a case, the excess part of the income shall remain taxable according to the laws of each Contracting State, due regard being had to the other applicable provisions of this Agreement.

(4) The provisions of this Article shall not apply if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the rights in respect of which the income is paid to take advantage of this Article by means of that creation or assignment.

ARTICLE 23

Capital

(1) Capital represented by immovable property referred to in Article 6 of this Agreement, owned by a resident of a Contracting State and situated in the other Contracting State, may be taxed in that other State.

(2) Capital represented by movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or by movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, may be taxed in that other State.

(3) Capital represented by ships and aircraft operated in international traffic, and by movable property pertaining to the operation of such ships and aircraft, shall be taxable only in the Contracting State in which the profits are taxable in accordance with Article 8 of this Agreement.

(4) All other elements of capital of a resident of a Contracting State shall be taxable only in that State.

ARTICLE 24

Elimination of double taxation

(1) Subject to the provisions of the law of the United Kingdom regarding the allowance as a credit against United Kingdom tax of tax payable in a territory outside the United Kingdom (which shall not affect the general principle hereof):

- (a) Kuwaiti tax payable under the laws of Kuwait and in accordance with this Agreement, whether directly or by deduction, on profits, income or chargeable gains from sources within Kuwait (excluding in the case of a dividend, tax payable in respect of the profits out of which the dividend is paid) shall be allowed as a credit against any United Kingdom tax computed by reference to the same profits, income or chargeable gains by reference to which the Kuwaiti tax is computed;
- (b) in the case of a dividend paid by a company which is a resident of Kuwait to a company which is a resident of the United Kingdom and which controls directly or indirectly at least 10 per cent. of the voting power in the company paying the dividend, the credit shall take into account (in addition to any Kuwaiti tax for which credit may be allowed under the provisions of sub-paragraph (a) of this paragraph) the Kuwaiti tax payable by the company in respect of the profits out of which such dividend is paid.

For the purposes of this paragraph, the term “Kuwaiti tax” shall not include:

- (a) the contribution from the net profits of Kuwaiti shareholding companies payable to the Kuwaiti Foundation for Advancement of Science (KFAS);
- (b) the Zakat.

(2) In the case of Kuwait:

Where a resident of Kuwait derives income or owns capital which, in accordance with the provisions of this Agreement, may be taxed in both the United Kingdom and Kuwait, Kuwait shall allow as a deduction from the tax on the income or on the capital of that resident, an amount equal to the tax paid on the income or on the capital in the United Kingdom.

Such deduction in either case shall not, however, exceed that part of the tax on the income or on the capital, as computed before the deduction is given, which is attributable, as the case may be, to the income or to the capital which may be taxed in the United Kingdom.

(3) For the purposes of paragraphs (1) and (2) of this Article, profits, income and capital gains owned by a resident of a Contracting State which may be taxed in the other Contracting State in accordance with this Agreement shall be deemed to arise from sources in that other Contracting State.

ARTICLE 25

Partnerships

Where, under any provision of this Agreement, a partnership is entitled, as a resident of Kuwait, to exemption from tax in the United Kingdom on any income or capital gains, that provision shall not be construed as restricting the right of the United Kingdom to tax any member of the partnership who is a resident of the United Kingdom on his share of such income or capital gains; but any such income or gains shall be treated for the purposes of Article 24 of this Agreement as income or gains from sources in Kuwait.

ARTICLE 26

Non-discrimination

(1) Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other Contracting State in the same circumstances, in particular with respect to residence, are or may be subjected.

(2) The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other Contracting State than the taxation levied on enterprises of that other Contracting State carrying on the same activities.

(3) Except where the provisions of paragraph (1) of Article 9, paragraph (4) or (5) of Article 11, paragraph (5) or (7) of Article 12, or paragraph (3) or (4) of Article 22 of this Agreement apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned Contracting State.

(4) Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned Contracting State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned Contracting State are or may be subjected.

(5) Nothing contained in this Article shall be construed as obliging either Contracting State to grant to individuals not resident in that State any of the personal allowances, reliefs and reductions for tax purposes which are granted to individuals so resident or to its nationals.

(6) The provisions of this Article shall apply to the taxes which are the subject of this Agreement.

ARTICLE 27

Mutual agreement procedure

(1) Where a resident of a Contracting State considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Agreement, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph (1) of Article 26 of this Agreement, to that of the Contracting State of which he is a national.

(2) The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with this Agreement.

(3) The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of this Agreement.

(4) The competent authorities of the Contracting States may communicate with each other directly for the purpose of reaching an agreement in the sense of the preceding paragraphs.

ARTICLE 28

Exchange of information

(1) The competent authorities of the Contracting States shall exchange such information as is necessary for carrying out the provisions of this Agreement or of the domestic laws of the Contracting States concerning taxes covered by this Agreement insofar as the taxation thereunder is not contrary to this Agreement. Any information received by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that Contracting State and shall be disclosed only to persons or authorities (including courts and administrative bodies) involved in the assessment or collection of, the enforcement or prosecution in respect of, or the determination of appeals in relation to, the taxes covered by this Agreement. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

(2) In no case shall the provisions of paragraph (1) of this Article be construed so as to impose on a Contracting State the obligation:

- (a) to carry out administrative measures at variance with the laws and administrative practices of that or of the other Contracting State;
- (b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
- (c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy.

ARTICLE 29

Members of diplomatic or permanent missions and consular posts

(1) Nothing in this Agreement shall affect the fiscal privileges of members of a diplomatic or permanent mission, consular post or an international organisation under the general rules of international law or under the provisions of special agreements.

(2) Notwithstanding the provisions of paragraph (1) of Article 4 of this Agreement, an individual who is a member of a diplomatic or permanent mission or consular post of a Contracting State or of any third state which is situated in the other Contracting State or who is an official of an international organisation, and any member of the family of such an individual, shall not be deemed to be a resident of the other Contracting State for the purposes of this Agreement if he is subject to tax on income or capital gains in that other Contracting State only if he derives income or capital gains from sources therein.

ARTICLE 30

Entry into force

(1) Each of the Contracting States shall notify to the other the completion of the procedures required by its law for the bringing into force of this Agreement. This Agreement shall enter into force on the date of the later of these notifications and shall thereupon have effect:

- (a) in the United Kingdom:

Draft Legislation: This is a draft item of legislation. This draft has since been made as a UK Statutory Instrument: *The Double Taxation Relief (Taxes on Income) (Kuwait) Order 1999 No. 2036*

(2) The Agreement between the Government of the United Kingdom of Great Britain and Northern Ireland and the Government of the State of Kuwait for the avoidance of double taxation on revenues arising from the business of international air transport signed at London on 25th September 1984 shall terminate and cease to be effective from the date upon which this Agreement has effect in respect of the taxes to which this Agreement applies in accordance with the provisions of paragraph (1) of this Article.

ARTICLE 31

Termination

This Agreement shall remain in force until terminated by one of the Contracting States. Either Contracting State may terminate this Agreement, through diplomatic channels, by giving notice of termination at least six months before the expiry of the period of five years beginning with the date of entry into force of this Agreement or before the expiry of any subsequent period of five years beginning with the end of a previous period. In such event, this Agreement shall cease to have effect:

PART II

PROTOCOL AS TO THE INTERPRETATION AND APPLICATION IN THE CONTRACTING STATES OF THE AGREEMENT BETWEEN THE UNITED KINGDOM OF GREAT BRITAIN AND NORTHERN IRELAND AND THE STATE OF KUWAIT FOR THE AVOIDANCE OF DOUBLE TAXATION AND THE PREVENTION OF FISCAL EVASION WITH RESPECT TO TAXES ON INCOME AND ON CAPITAL SIGNED AT LONDON ON THE 23RD DAY OF FEBRUARY 1999

At the moment of signing the Agreement for the Avoidance of Double Taxation and the Prevention of Fiscal Evasion with respect to Taxes on Income and on Capital, this day concluded between the

United Kingdom and the State of Kuwait, the undersigned have agreed upon the following provisions which shall be an integral part of the Agreement:

(1) With respect to paragraph (2) of Article 4:

It is understood that:

- (a) an institution is a resident of a Contracting State if it was created by the Government of that State, a political sub-division or local authority thereof, and it is recognised as a Government institution by mutual agreement of the competent authorities of the Contracting States;
- (b) the Kuwait Investment Authority has been recognised as a Government institution for the purposes of sub-paragraph (a);
- (c) the Kuwait Investment Office is the London branch of the Kuwait Investment Authority acting as agent for the Government of the State of Kuwait.

(2) With respect to paragraphs (1) and (2) of Article 7:

It is understood that where an enterprise of a Contracting State sells goods or merchandise or carries on business in the other Contracting State through a permanent establishment situated therein, the profits of that permanent establishment shall be determined only on the basis of the remuneration which is attributable to the actual activity of the permanent establishment for such sales or business. In particular, in the case of contracts for the survey, supply, installation or construction of industrial, commercial or scientific equipment or premises, or of public works, when the enterprise has a permanent establishment, the profits of such permanent establishment shall be determined only on the basis of that part of the contract which is effectively carried out by the permanent establishment in the State where the permanent establishment is situated. The profits related to that part of the contract which is carried out by the head office of the enterprise shall be taxable only in the State of which the enterprise is a resident.

(3) With respect to paragraph (6) of Article 7:

It is understood that if the information available to the competent authority of a Contracting State is inadequate to determine the profits to be attributed to the permanent establishment of an enterprise, nothing in that Article shall affect the application of any law of that State relating to the determination of the tax liability of a person by the making of an estimate by the competent authority, provided that the law shall be applied, so far as the information available to the competent authority permits, in accordance with the principles of Article 7.

(4) With respect to Articles 10(6), 11(5), 12(7) and 22(4):

In the event that a resident of a Contracting State is denied relief from taxation in the other Contracting State by reason of one of those provisions, the competent authority of that other Contracting State shall provide advance notification of, and explain the reasons for, this to the competent authority of the first-mentioned Contracting State.

(5) With respect to Article 26:

It is understood that:

- (a) the provisions of that Article will not be fully implemented by the State of Kuwait until the State of Kuwait harmonises the tax regimes applicable to enterprises which are carrying on activities in Kuwait;
- (b) nothing in that Article imposes a legal obligation on a Contracting State to extend to the residents of the other Contracting State, the benefit of any treatment, preference or privilege which may be accorded to any other State or its residents by virtue of the formation of a customs union, economic union, a free trade area or by virtue of any regional or sub-regional arrangement relating wholly or mainly to taxation, to which the first-mentioned State may be a party.

EXPLANATORY NOTE

(This note is not part of the Order)

The Agreement with the State of Kuwait is set out in Part I of the Schedule to this Order.

The Agreement provides for business profits not arising through a permanent establishment to be taxed only in the country of the taxpayer's residence. Profits attributable to a permanent establishment may be taxed in the country in which the permanent establishment is situated (Articles 5 and 7).

Income from immovable property and gains derived from the alienation of such property may be taxed in the country in which the property is situated (Articles 6 and 13).

International transport profits are generally to be taxed only in the country of residence of the operator (Article 8).

The Agreement includes rules for determining taxable profits when a company in one country is related to a company in the other country (Article 9).

The rate of tax imposed in the country of source on dividends derived by a resident of the other country who is subject to tax on them there shall not, in general, exceed 5 per cent. of the gross amount if the beneficial owner is a company controlling at least 10 per cent. of the voting power in the company paying the dividends; and 15 per cent. of the gross amount of the dividends in all other cases (Article 10).

In general, interest is to be taxed only in the country in which the beneficial owner is resident (Article 11).

Royalties may be taxed in the country of source at a rate not exceeding 10 per cent. if the beneficial owner is a resident of the other country.

Gains arising from the disposal of movable property are normally to be taxed only in the country of the taxpayer's residence. Gains arising from the disposal of movable property forming assets of a permanent establishment or fixed base which the taxpayer has in the other country may be taxed in that other country (Article 13).

The earnings of temporary business visitors and some other individuals are, subject to certain conditions, only to be taxed in the country of the taxpayer's residence (Articles 14 and 15).

Fees received by a resident of one country in his capacity as a director of a company resident in the other country may be taxed in the latter country (Article 16).

Income derived from the activities of artistes and sportsmen may be taxed in the country in which those activities are performed (Article 17).

Draft Legislation: This is a draft item of legislation. This draft has since been made as a UK Statutory Instrument: *The Double Taxation Relief (Taxes on Income) (Kuwait) Order 1999 No. 2036*

Occupational pensions (other than those paid in respect of Government service) and annuities are to be taxed only in the recipient's country of residence, provided that the recipient is subject to tax in that country on the income concerned (Article 18).

Government service remuneration and pensions are normally taxable only by the paying Government (Article 19).

Certain payments made to students and business trainees (Article 20) and the remuneration of visiting teachers and researchers (Article 21) are, subject to certain conditions, to be exempt from tax in the country visited.

Other income not specified in the Agreement is taxable only in the recipient's country of residence (Article 22).

The Capital Article (Article 23) provides that capital represented by immovable property may be taxed in the country in which the property is situated. Capital represented by movable property is normally to be taxed only in the taxpayer's country of residence.

Where income continues to be taxable in both countries credit will be given in the taxpayer's country of residence for tax imposed by the other country. In the case of dividends, the United Kingdom will give credit for the underlying tax paid in Kuwait where the shareholder is a United Kingdom company which controls at least 10 per cent. of the voting power in the company paying the dividends (Article 24).

There are provisions safeguarding nationals and enterprises of one country against discriminatory taxation in the other country (Article 26) and for consultation (Article 27) and exchanges of information (Article 28) between the taxation authorities of the two countries.

The Protocol set out in Part II of the Schedule contains provisions as to the interpretation and application in the United Kingdom and Kuwait of Articles 4, 7, 10, 11, 12, 22 and 26 of the Agreement.

The Agreement will enter into force on the date of the later of the notifications by each country of the completion of its legislative procedures. The Agreement is to take effect in the United Kingdom for any financial year beginning on or after 1st April in respect of corporation tax, and for any year of assessment beginning on or after 6th April for income tax and capital gains tax, in the calendar year following that in which it enters into force.
