 - (b) every profit and loss account must show the items listed in either of the profit and loss account formats in Section B.
- (2) References in this Schedule to the items listed in any of the formats in Section B are to those items read together with any of the notes following the formats which apply to those items.
- (3) The items must be shown in the order and under the headings and sub-headings given in the particular format used, but—
- (a) the notes to the formats may permit alternative positions for any particular items, and
 - (b) the heading or sub-heading for any item does not have to be distinguished by any letter or number assigned to that item in the format used.
- 2.—(1) Where in accordance with paragraph 1 an LLP's balance sheet or profit and loss account for any financial year has been prepared by reference to one of the formats in Section B, the members of the LLP must use the same format in preparing non-IAS individual accounts for subsequent financial years, unless in their opinion there are special reasons for a change.
- (2) Particulars of any such change must be given in a note to the accounts in which the new format is first used, and the reasons for the change must be explained.
- 3.—(1) Any item required to be shown in an LLP's balance sheet or profit and loss account may be shown in greater detail than required by the particular format used.
- (2) The balance sheet or profit and loss account may include an item representing or covering the amount of any asset or liability, income or expenditure not otherwise covered by any of the items listed in the format used, save that none of the following may be treated as assets in any balance sheet—
- (a) preliminary expenses,
 - (b) expenses of, and commission on, any issue of debentures, and
 - (c) costs of research.
- 4.—(1) Where the special nature of the LLP's business requires it, the members of the LLP must adapt the arrangement, headings and sub-headings otherwise required in respect of items given an Arabic number in the balance sheet or profit and loss account format used.
- (2) The members may combine items to which Arabic numbers are given in any of the formats in Section B if—

 - (b) the combination facilitates that assessment.

(3) Where sub-paragraph (2)(b) applies, the individual amounts of any items which have been combined must be disclosed in a note to the accounts.

5.—(1) Subject to sub-paragraph (2), the members must not include a heading or sub-heading corresponding to an item in the balance sheet or profit and loss account format used if there is no amount to be shown for that item for the financial year to which the balance sheet or profit and loss account relates.

(2) Where an amount can be shown for the item in question for the immediately preceding financial year that amount must be shown under the heading or sub-heading required by the format for that item.

8. Amounts in respect of items representing assets or income may not be set off against amounts in respect of items representing liabilities or expenditure (as the case may be), or vice versa.

9. The members of the LLP must, in determining how amounts are presented within items in the profit and loss account and balance sheet, have regard to the substance of the reported transaction or arrangement, in accordance with generally accepted accounting principles or practice.

PART 2

ACCOUNTING PRINCIPLES AND RULES

SECTION A

ACCOUNTING PRINCIPLES

Preliminary

10.—(1) The amounts to be included in respect of all items shown in an LLP's accounts must be determined in accordance with the principles set out in this Section.

(2) But if it appears to the LLP's members that there are special reasons for departing from any of those principles in preparing the LLP's accounts in respect of any financial year they may do so, in which case particulars of the departure, the reasons for it and its effect must be given in a note to the accounts.

Accounting principles

11. The LLP is presumed to be carrying on business as a going concern.

12. Accounting policies must be applied consistently within the same accounts and from one financial year to the next.

13. The amount of any item must be determined on a prudent basis, and in particular—

- (a) only profits realised at the balance sheet date are to be included in the profit and loss account, and

- (b) all liabilities which have arisen in respect of the financial year to which the accounts relate or a previous financial year must be taken into account, including those which only become apparent between the balance sheet date and the date on which it is signed on behalf of the members in accordance with section 414 of the 2006 Act (approval and signing of accounts).

14. All income and charges relating to the financial year to which the accounts relate must be taken into account, without regard to the date of receipt or payment.

15. In determining the aggregate amount of any item, the amount of each individual asset or liability that falls to be taken into account must be determined separately.

SECTION B

HISTORICAL COST ACCOUNTING RULES

Preliminary

16. Subject to Sections C and D of this Part of this Schedule, the amounts to be included in respect of all items shown in an LLP's accounts must be determined in accordance with the rules set out in this Section.

Fixed assets

General rules

17.—(1) The amount to be included in respect of any fixed asset must be its purchase price or production cost.

(2) This is subject to any provision for depreciation or diminution in value made in accordance with paragraphs 18 to 20.

Rules for depreciation and diminution in value

18. In the case of any fixed asset which has a limited useful economic life, the amount of—

- (a) its purchase price or production cost, or
- (b) where it is estimated that any such asset will have a residual value at the end of the period of its useful economic life, its purchase price or production cost less that estimated residual value,

must be reduced by provisions for depreciation calculated to write off that amount systematically over the period of the asset's useful economic life.

19.—(1) Where a fixed asset investment falling to be included under item A.III of either of the balance sheet formats set out in Part 1 of this Schedule has diminished in value, provisions for diminution in value may be made in respect of it and the amount to be included in respect of it may be reduced accordingly.

(2) Provisions for diminution in value must be made in respect of any fixed asset which has diminished in value if the reduction in its value is expected to be permanent (whether its useful economic life is limited or not), and the amount to be included in respect of it must be reduced accordingly.

(3) Any provisions made under sub-paragraph (1) or (2) which are not shown in the profit and loss account must be disclosed (either separately or in aggregate) in a note to the accounts.

20.—(1) Where the reasons for which any provision was made in accordance with paragraph 19 have ceased to apply to any extent, that provision must be written back to the extent that it is no longer necessary.

(2) Any amounts written back in accordance with sub-paragraph (1) which are not shown in the profit and loss account must be disclosed (either separately or in aggregate) in a note to the accounts.

Development costs

21.—(1) Notwithstanding that an item in respect of “development costs” is included under “fixed assets” in the balance sheet formats set out in Part 1 of this Schedule, an amount may only be included in an LLP’s balance sheet in respect of development costs in special circumstances.

(2) If any amount is included in an LLP’s balance sheet in respect of development costs the following information must be given in a note to the accounts—

- (a) the period over which the amount of those costs originally capitalised is being or is to be written off, and
- (b) the reasons for capitalising the development costs in question.

Goodwill

22.—(1) The application of paragraphs 17 to 20 in relation to goodwill (in any case where goodwill is treated as an asset) is subject to the following.

(2) Subject to sub-paragraph (3), the amount of the consideration for any goodwill acquired by an LLP must be reduced by provisions for depreciation calculated to write off that amount systematically over a period chosen by the members of the LLP.

(3) The period chosen must not exceed the useful economic life of the goodwill in question.

(4) In any case where any goodwill acquired by an LLP is shown or included as an asset in the LLP’s balance sheet there must be disclosed in a note to the accounts—

- (a) the period chosen for writing off the consideration for that goodwill, and
- (b) the reasons for choosing that period.

Current assets

23. Subject to paragraph 24, the amount to be included in respect of any current asset must be its purchase price or production cost.

24.—(1) If the net realisable value of any current asset is lower than its purchase price or production cost, the amount to be included in respect of that asset must be the net realisable value.

(2) Where the reasons for which any provision for diminution in value was made in accordance with sub-paragraph (1) have ceased to apply to any extent, that provision must be written back to the extent that it is no longer necessary.

Miscellaneous and supplementary provisions

Excess of money owed over value received as an asset item

25.—(1) Where the amount repayable on any debt owed by an LLP is greater than the value of the consideration received in the transaction giving rise to the debt, the amount of the difference may be treated as an asset.

(2) Where any such amount is so treated—

- (a) it must be written off by reasonable amounts each year and must be completely written off before repayment of the debt, and
- (b) if the current amount is not shown as a separate item in the LLP’s balance sheet, it must be disclosed in a note to the accounts.

Assets included at a fixed amount

- 26.—(1) Subject to sub-paragraph (2), assets which fall to be included—
- (a) amongst the fixed assets of an LLP under the item “tangible assets”, or
 - (b) amongst the current assets of an LLP under the item “raw materials and consumables”,
- may be included at a fixed quantity and value.
- (2) Sub-paragraph (1) applies to assets of a kind which are constantly being replaced where—
- (a) their overall value is not material to assessing the LLP’s state of affairs, and
 - (b) their quantity, value and composition are not subject to material variation.

Determination of purchase price or production cost

27.—(1) The purchase price of an asset is to be determined by adding to the actual price paid any expenses incidental to its acquisition.

(2) The production cost of an asset is to be determined by adding to the purchase price of the raw materials and consumables used the amount of the costs incurred by the LLP which are directly attributable to the production of that asset.

- (3) In addition, there may be included in the production cost of an asset—
- (a) a reasonable proportion of the costs incurred by the LLP which are only indirectly attributable to the production of that asset, but only to the extent that they relate to the period of production, and
 - (b) interest on capital borrowed to finance the production of that asset, to the extent that it accrues in respect of the period of production,

provided, however, in a case within paragraph (b), that the inclusion of the interest in determining the cost of that asset and the amount of the interest so included is disclosed in a note to the accounts.

- (4) In the case of current assets distribution costs may not be included in production costs.

28.—(1) The purchase price or production cost of—

- (a) any assets which fall to be included under any item shown in an LLP’s balance sheet under the general item “stocks”, and
- (b) any assets which are fungible assets (including investments),

may be determined by the application of any of the methods mentioned in sub-paragraph (2) in relation to any such assets of the same class, provided that the method chosen is one which appears to the members to be appropriate in the circumstances of the LLP.

(2) Those methods are—

- (a) the method known as “first in, first out” (FIFO),
- (b) the method known as “last in, first out” (LIFO),
- (c) a weighted average price, and
- (d) any other method similar to any of the methods mentioned above.

(3) Where in the case of any LLP—

- (a) the purchase price or production cost of assets falling to be included under any item shown in the LLP’s balance sheet has been determined by the application of any method permitted by this paragraph, and
- (b) the amount shown in respect of that item differs materially from the relevant alternative amount given below in this paragraph,

the amount of that difference must be disclosed in a note to the accounts.

(4) Subject to sub-paragraph (5), for the purposes of sub-paragraph (3)(b), the relevant alternative amount, in relation to any item shown in an LLP’s balance sheet, is the amount which would have been shown in respect of that item if assets of any class included under that item at an

amount determined by any method permitted by this paragraph had instead been included at their replacement cost as at the balance sheet date.

(5) The relevant alternative amount may be determined by reference to the most recent actual purchase price or production cost before the balance sheet date of assets of any class included under the item in question instead of by reference to their replacement cost as at that date, but only if the former appears to the members of the LLP to constitute the more appropriate standard of comparison in the case of assets of that class.

(6) “Fungible assets” means assets of any description which are substantially indistinguishable one from another.

Substitution of original stated amount where price or cost unknown

29.—(1) This paragraph applies where—

- (a) there is no record of the purchase price or production cost of any asset of an LLP or of any price, expenses or costs relevant for determining its purchase price or production cost in accordance with paragraph 27, or
- (b) any such record cannot be obtained without unreasonable expense or delay.

(2) In such a case, the purchase price or production cost of the asset must be taken, for the purposes of paragraphs 17 to 24, to be the value ascribed to it in the earliest available record of its value made on or after its acquisition or production by the LLP.

SECTION C

ALTERNATIVE ACCOUNTING RULES

Preliminary

30.—(1) The rules set out in Section B are referred to below in this Schedule as the historical cost accounting rules.

(2) Those rules, with the omission of paragraphs 16, 22 and 26 to 29, are referred to below in this Part of this Schedule as the depreciation rules; and references below in this Schedule to the historical cost accounting rules do not include the depreciation rules as they apply by virtue of paragraph 33.

31. Subject to paragraphs 33 to 35, the amounts to be included in respect of assets of any description mentioned in paragraph 32 may be determined on any basis so mentioned.

Alternative accounting rules

32.—(1) Intangible fixed assets, other than goodwill, may be included at their current cost.

(2) Tangible fixed assets may be included at a market value determined as at the date of their last valuation or at their current cost.

(3) Investments of any description falling to be included under item A III of either of the balance sheet formats set out in Part 1 of this Schedule may be included either—

- (a) at a market value determined as at the date of their last valuation, or
- (b) at a value determined on any basis which appears to the members to be appropriate in the circumstances of the LLP.

But in the latter case particulars of the method of valuation adopted and of the reasons for adopting it must be disclosed in a note to the accounts.

(4) Investments of any description falling to be included under item B III of either of the balance sheet formats set out in Part 1 of this Schedule may be included at their current cost.

(5) Stocks may be included at their current cost.

Application of the depreciation rules

33.—(1) Where the value of any asset of an LLP is determined on any basis mentioned in paragraph 32, that value must be, or (as the case may require) be the starting point for determining, the amount to be included in respect of that asset in the LLP's accounts, instead of its purchase price or production cost or any value previously so determined for that asset.

The depreciation rules apply accordingly in relation to any such asset with the substitution for any reference to its purchase price or production cost of a reference to the value most recently determined for that asset on any basis mentioned in paragraph 32.

(2) The amount of any provision for depreciation required in the case of any fixed asset by paragraphs 18 to 20 as they apply by virtue of sub-paragraph (1) is referred to below in this paragraph as the adjusted amount, and the amount of any provision which would be required by any of those paragraphs in the case of that asset according to the historical cost accounting rules is referred to as the historical cost amount.

(3) Where sub-paragraph (1) applies in the case of any fixed asset the amount of any provision for depreciation in respect of that asset—

- (a) included in any item shown in the profit and loss account in respect of amounts written off assets of the description in question, or
- (b) taken into account in stating any item so shown which is required by note (12) of the notes on the profit and loss account formats set out in Part 1 of this Schedule to be stated after taking into account any necessary provision for depreciation or diminution in value of assets included under it,

may be the historical cost amount instead of the adjusted amount, provided that the amount of any difference between the two is shown separately in the profit and loss account or in a note to the accounts.

Additional information to be provided in case of departure from historical cost accounting rules

34.—(1) This paragraph applies where the amounts to be included in respect of assets covered by any items shown in an LLP's accounts have been determined on any basis mentioned in paragraph 32.

(2) The items affected and the basis of valuation adopted in determining the amounts of the assets in question in the case of each such item must be disclosed in a note to the accounts.

(3) In the case of each balance sheet item affected (except stocks) either—

- (a) the comparable amounts determined according to the historical cost accounting rules, or
- (b) the differences between those amounts and the corresponding amounts actually shown in the balance sheet in respect of that item,

must be shown separately in the balance sheet or in a note to the accounts.

(4) In sub-paragraph (3), references in relation to any item to the comparable amounts determined as there mentioned are references to—

- (a) the aggregate amount which would be required to be shown in respect of that item if the amounts to be included in respect of all the assets covered by that item were determined according to the historical cost accounting rules, and
- (b) the aggregate amount of the cumulative provisions for depreciation or diminution in value which would be permitted or required in determining those amounts according to those rules.

Revaluation reserve

35.—(1) With respect to any determination of the value of an asset of an LLP on any basis mentioned in paragraph 32, the amount of any profit or loss arising from that determination (after allowing, where appropriate, for any provisions for depreciation or diminution in value made

otherwise than by reference to the value so determined and any adjustments of any such provisions made in the light of that determination) must be credited or (as the case may be) debited to a separate reserve (“the revaluation reserve”).

(2) The amount of the revaluation reserve must be shown in the LLP’s balance sheet under a separate sub-heading in the position given for the item “revaluation reserve” in Format 1 or 2 of the balance sheet formats set out in Part 1 of this Schedule, but need not be shown under that name.

(3) The treatment for taxation purposes of amounts credited or debited to the revaluation reserve must be disclosed in a note to the accounts.

SECTION D

FAIR VALUE ACCOUNTING

Inclusion of financial instruments at fair value

36.—(1) Subject to sub-paragraphs (2) to (5), financial instruments (including derivatives) may be included at fair value.

(2) Sub-paragraph (1) does not apply to financial instruments that constitute liabilities unless—

- (a) they are held as part of a trading portfolio,
- (b) they are derivatives, or
- (c) they are financial instruments falling within sub-paragraph (4).

(3) Unless they are financial instruments falling within sub-paragraph (4), sub-paragraph (1) does not apply to—

- (a) financial instruments (other than derivatives) held to maturity,
- (b) loans and receivables originated by the LLP and not held for trading purposes,
- (c) interests in subsidiary undertakings, associated undertakings and joint ventures,
- (d) equity instruments issued by the LLP,
- (e) contracts for contingent consideration in a business combination, or
- (f) other financial instruments with such special characteristics that the instruments, according to generally accepted accounting principles or practice, should be accounted for differently from other financial instruments.

(4) Financial instruments that, under international accounting standards adopted by the European Commission on or before 5th September 2006 in accordance with the IAS Regulation, may be included in accounts at fair value, may be so included, provided that the disclosures required by such accounting standards are made.

(5) If the fair value of a financial instrument cannot be determined reliably in accordance with paragraph 37, sub-paragraph (1) does not apply to that financial instrument.

(6) In this paragraph—

“associated undertaking” has the meaning given by paragraph 19 of Schedule 3 to these Regulations;

“joint venture” has the meaning given by paragraph 18 of that Schedule.

Determination of fair value

37.—(1) The fair value of a financial instrument is its value determined in accordance with this paragraph.

(2) If a reliable market can readily be identified for the financial instrument, its fair value is determined by reference to its market value.

(3) If a reliable market cannot readily be identified for the financial instrument but can be identified for its components or for a similar instrument, its fair value is determined by reference to the market value of its components or of the similar instrument.

(4) If neither sub-paragraph (2) nor (3) applies, the fair value of the financial instrument is a value resulting from generally accepted valuation models and techniques.

(5) Any valuation models and techniques used for the purposes of sub-paragraph (4) must ensure a reasonable approximation of the market value.

Hedged items

38. An LLP may include any assets and liabilities, or identified portions of such assets or liabilities, that qualify as hedged items under a fair value hedge accounting system at the amount required under that system.

Other assets that may be included at fair value

39.—(1) This paragraph applies to—

- (a) investment property, and
- (b) living animals and plants,

that, under international accounting standards, may be included in accounts at fair value.

(2) Such investment property and such living animals and plants may be included at fair value, provided that all such investment property or, as the case may be, all such living animals and plants are so included where their fair value can reliably be determined.

(3) In this paragraph, “fair value” means fair value determined in accordance with relevant international accounting standards.

Accounting for changes in value

40.—(1) This paragraph applies where a financial instrument is valued in accordance with paragraph 36 or 38 or an asset is valued in accordance with paragraph 39.

(2) Notwithstanding paragraph 13 in this Part of this Schedule, and subject to sub-paragraphs (3) and (4), a change in the value of the financial instrument or of the investment property or living animal or plant must be included in the profit and loss account.

(3) Where—

- (a) the financial instrument accounted for is a hedging instrument under a hedge accounting system that allows some or all of the change in value not to be shown in the profit and loss account, or
- (b) the change in value relates to an exchange difference arising on a monetary item that forms part of an LLP’s net investment in a foreign entity,

the amount of the change in value must be credited to or (as the case may be) debited from a separate reserve (“the fair value reserve”).

(4) Where the instrument accounted for—

- (a) is an available for sale financial asset, and
- (b) is not a derivative,

the change in value may be credited to or (as the case may be) debited from the fair value reserve.

The fair value reserve

41.—(1) The fair value reserve must be adjusted to the extent that the amounts shown in it are no longer necessary for the purposes of paragraph 40(3) or (4).

(2) The treatment for taxation purposes of amounts credited or debited to the fair value reserve must be disclosed in a note to the accounts.

PART 3

NOTES TO THE ACCOUNTS

(2) The reference in sub-paragraph (1)(a) to the appropriate amounts in respect of any item as at any date there mentioned is a reference to amounts representing the aggregate amounts determined, as at that date, in respect of assets falling to be included under that item on either of the following bases, that is to say—

- (a) on the basis of purchase price or production cost (determined in accordance with paragraphs 27 and 28), or

(leaving out of account in either case any provisions for depreciation or diminution in value).

- (a) the years (so far as they are known to the members) in which the assets were severally valued and the several values, and

Information where investment property and living animals and plants included at fair value

56.—(1) This paragraph applies where the amounts to be included in an LLP's accounts in respect of investment property or living animals and plants have been determined in accordance with paragraph 39.

NON-IAS GROUP ACCOUNTS

General rules

1. Group accounts must comply so far as practicable with the provisions of Schedule 1 to these Regulations as if the undertakings included in the consolidation (“the group”) were a single LLP.

2.—(1) The consolidated balance sheet and profit and loss account must incorporate in full the information contained in the individual accounts of the undertakings included in the consolidation, subject to the adjustments authorised or required by the following provisions of this Schedule and to such other adjustments (if any) as may be appropriate in accordance with generally accepted accounting principles or practice.

(2) If the financial year of a subsidiary undertaking included in the consolidation does not end with that of the parent LLP, the group accounts must be made up—

- (a) from the accounts of the subsidiary undertaking for its financial year last ending before the end of the parent LLP’s financial year, provided that year ended no more than three months before that of the parent LLP, or
- (b) from interim accounts prepared by the subsidiary undertaking as at the end of the parent LLP’s financial year.

3.—(1) Where assets and liabilities to be included in the group accounts have been valued or otherwise determined by undertakings according to accounting rules differing from those used for the group accounts, the values or amounts must be adjusted so as to accord with the rules used for the group accounts.

(2) If it appears to the members of the parent LLP that there are special reasons for departing from sub-paragraph (1) they may do so, but particulars of any such departure, the reasons for it and its effect must be given in a note to the accounts.

(3) The adjustments referred to in this paragraph need not be made if they are not material for the purpose of giving a true and fair view.

4. Any differences of accounting rules as between a parent LLP’s individual accounts for a financial year and its group accounts must be disclosed in a note to the latter accounts and the reasons for the difference given.

5. Amounts that in the particular context of any provision of this Schedule are not material may be disregarded for the purposes of that provision.

Elimination of group transactions

6.—(1) Debts and claims between undertakings included in the consolidation, and income and expenditure relating to transactions between such undertakings, must be eliminated in preparing the group accounts.

(2) Where profits and losses resulting from transactions between undertakings included in the consolidation are included in the book value of assets, they must be eliminated in preparing the group accounts.

(3) The elimination required by sub-paragraph (2) may be effected in proportion to the group’s interest in the shares of the undertakings.

(4) Sub-paragraphs (1) and (2) need not be complied with if the amounts concerned are not material for the purpose of giving a true and fair view.

Acquisition and merger accounting

7.—(1) The following provisions apply where an undertaking becomes a subsidiary undertaking of the parent LLP.

(2) That event is referred to in those provisions as an “acquisition”, and references to the “undertaking acquired” are to be construed accordingly.

8. An acquisition must be accounted for by the acquisition method of accounting unless the conditions for accounting for it as a merger are met and the merger method of accounting is adopted.

9.—(1) The acquisition method of accounting is as follows.

(2) The identifiable assets and liabilities of the undertaking acquired must be included in the consolidated balance sheet at their fair values as at the date of acquisition.

(3) The income and expenditure of the undertaking acquired must be brought into the group accounts only as from the date of the acquisition.

(4) There must be set off against the acquisition cost of the interest in the shares of the undertaking held by the parent LLP and its subsidiary undertakings the interest of the parent LLP and its subsidiary undertakings in the adjusted capital and reserves of the undertaking acquired.

(5) The resulting amount if positive must be treated as goodwill, and if negative as a negative consolidation difference.

10. The conditions for accounting for an acquisition as a merger are that adoption of the merger method of accounting accords with generally accepted accounting principles or practice.

11.—(1) Where an LLP adopts the merger method of accounting it must comply with this paragraph, and with generally accepted accounting principles or practice.

(2) The assets and liabilities of the undertaking acquired must be brought into the group accounts at the figures at which they stand in the undertaking’s accounts, subject to any adjustment authorised or required by this Schedule.

(3) The income and expenditure of the undertaking acquired must be included in the group accounts for the entire financial year, including the period before the acquisition.

(4) The group accounts must show corresponding amounts relating to the previous financial year as if the undertaking acquired had been included in the consolidation throughout that year.

12.—(1) Where a group is acquired, paragraphs 9 to 11 apply with the following adaptations.

(2) References to shares of the undertaking acquired are to be construed as references to shares of the parent undertaking of the group.

(3) Other references to the undertaking acquired are to be construed as references to the group; and references to the assets and liabilities, income and expenditure and capital and reserves of the undertaking acquired must be construed as references to the assets and liabilities, income and expenditure and capital and reserves of the group after making the set-offs and other adjustments required by this Schedule in the case of group accounts.

13.—(1) The following information with respect to acquisitions taking place in the financial year must be given in a note to the accounts.

(2) There must be stated—

(5) In ascertaining for the purposes of sub-paragraph (4) the profit or loss of a group, the book values and fair values of assets and liabilities of a group or the amount of the assets and liabilities of a group, the set-offs and other adjustments required by this Schedule in the case of group accounts must be made.

14.—(1) There must also be stated in a note to the accounts the cumulative amount of goodwill resulting from acquisitions in that and earlier financial years which has been written off otherwise than in the consolidated profit and loss account for that or any earlier financial year.

(2) That figure must be shown net of any goodwill attributable to subsidiary undertakings or businesses disposed of prior to the balance sheet date.

15. Where during the financial year there has been a disposal of an undertaking or group which significantly affects the figure shown in the group accounts, there must be stated in a note to the accounts—

- (a) the name of that undertaking or, as the case may be, of the parent undertaking of that group, and
- (b) the extent to which the profit or loss shown in the group accounts is attributable to profit or loss of that undertaking or group.

16. The information required by paragraph 13, 14 or 15 need not be disclosed with respect to an undertaking which—

- (a) is established under the law of a country outside the United Kingdom, or
- (b) carries on business outside the United Kingdom,

if in the opinion of the members of the parent LLP the disclosure would be seriously prejudicial to the business of that undertaking or to the business of the parent LLP or any of its subsidiary undertakings and the Secretary of State agrees that the information should not be disclosed.

Minority interests

17.—(1) The formats set out in Schedule 1 to these Regulations have effect in relation to group accounts with the following additions.

(2) In the balance sheet formats there must be shown, as a separate item and under an appropriate heading, the amount of capital and reserves attributable to shares in subsidiary undertakings included in the consolidation held by or on behalf of persons other than the parent LLP and its subsidiary undertakings.

- (a) a body corporate, or
- (b) a subsidiary undertaking of the parent LLP,

be dealt with in the group accounts by the method of proportional consolidation.

(2) The provisions of this Schedule relating to the preparation of consolidated accounts apply, with any necessary modifications, to proportional consolidation under this paragraph.

Associated undertakings

19.—(1) An “associated undertaking” means an undertaking in which an undertaking included in the consolidation has a participating interest and over whose operating and financial policy it exercises a significant influence, and which is not—

- (a) a subsidiary undertaking of the parent LLP, or
- (b) a joint venture dealt with in accordance with paragraph 18.

(2) Where an undertaking holds 20% or more of the voting rights in another undertaking, it is presumed to exercise such an influence over it unless the contrary is shown.

(3) The voting rights in an undertaking means the rights conferred on shareholders in respect of their shares or, in the case of an undertaking not having a share capital, on members, to vote at general meetings of the undertaking on all, or substantially all, matters.

(4) The provisions of paragraphs 5 to 11 of Schedule 7 to the 2006 Act (parent and subsidiary undertakings: rights to be taken into account and attribution of rights) apply in determining for the purposes of this paragraph whether an undertaking holds 20% or more of the voting rights in another undertaking.

21.—(1) The interest of an undertaking in an associated undertaking, and the amount of profit or loss attributable to such an interest, must be shown by the equity method of accounting (including dealing with any goodwill arising in accordance with paragraphs 17 to 20 and 22 of Schedule 1 to these Regulations).

(2) Where the associated undertaking is itself a parent undertaking, the net assets and profits or losses to be taken into account are those of the parent and its subsidiary undertakings (after making any consolidation adjustments).

(3) The equity method of accounting need not be applied if the amounts in question are not material for the purpose of giving a true and fair view.

Related party transactions

22. Paragraph 70 of Schedule 1 to these Regulations applies to transactions which the parent LLP, or other undertakings included in the consolidation, have entered into with related parties, unless they are intra group transactions.

GENERAL INTERPRETATION

Financial instruments

1. References to “derivatives” include commodity-based contracts that give either contracting party the right to settle in cash or in some other financial instrument, except where such contracts—

- (b) were designated for such purpose at their inception, and
- (c) are expected to be settled by delivery of the commodity.

2.—(1) The expressions listed in sub-paragraph (2) have the same meaning as they have in Council Directive 78/660/EEC on the annual accounts of certain types of companies^(a).

Historical cost accounting rules

4. References to the historical cost accounting rules are to be read in accordance with paragraph 30 of Schedule 1 to these Regulations.

7. Amounts which in the particular context of any provision of Schedule 1 to these Regulations are not material may be disregarded for the purposes of that provision.

Participating interests

8.—(1) A “participating interest” means an interest held by an undertaking in the shares of another undertaking which it holds on a long-term basis for the purpose of securing a contribution to its activities by the exercise of control or influence arising from or related to that interest.

(2) A holding of 20% or more of the shares of the undertaking is to be presumed to be a participating interest unless the contrary is shown.

(3) The reference in sub-paragraph (1) to an interest in shares includes—

- (a) an interest which is convertible into an interest in shares, and
- (b) an option to acquire shares or any such interest,

and an interest or option falls within paragraph (a) or (b) notwithstanding that the shares to which it relates are, until the conversion or the exercise of the option, unissued.

(4) For the purposes of this paragraph an interest held on behalf of an undertaking is to be treated as held by it.

(5) In the balance sheet and profit and loss formats set out in Schedule 1 to these Regulations, “participating interest” does not include an interest in a group undertaking.

(6) For the purpose of this paragraph as it applies in relation to the expression “participating interest”—

- (a) in those formats as they apply in relation to group accounts, and
- (b) in paragraph 19 of Schedule 3 (group accounts: undertakings to be accounted for as associated undertakings),

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations specify the form and content of the accounts of limited liability partnerships (LLPs), other than those subject to the small LLPs regime, under Part 15 of the Companies Act 2006 (c.46) (“the 2006 Act”), as applied to LLPs with modifications by the Limited Liability Partnerships (Accounts and Audit) (Application of Companies Act 2006) Regulations 2008 (S.I. 2008/[]). They do so by applying to LLPs, with modifications, provisions of the Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008 (S.I. 2008/410).

The accounts of small LLPs are dealt with separately in the Small Limited Liability Partnerships (Accounts) Regulations 2008 (S.I. 2008/[]).

The Regulations replace provisions previously contained in the Schedules to Part 7 of the Companies Act 1985 (c.6) (“the 1985 Act”) and in the Schedules to Part 8 of the Companies (Northern Ireland) Order 1986 (S.I. 1986/1032 (N.I. 6)) (“the 1986 Order”) as applied to LLPs with modifications by the Limited Liability Partnerships Regulations 2001 (S.I. 2001/1090) and the Limited Liability Partnerships Regulations (Northern Ireland) 2004 (SR (NI) 2004/307). The Regulations extend to the whole of the United Kingdom, reflecting the extent of the 2006 Act.

The Regulations come into force on 1st October 2008 and apply to financial years beginning on or after that date (regulation 2). The corresponding provisions of the 1985 Act or the 1986 Order as applied to LLPs with modifications continue to apply to accounts for financial years beginning before that date.

Regulation 3 of, and Schedule 1 to, the Regulations specify the form and content of the individual accounts of an LLP the members of which are preparing non-IAS individual accounts (as defined in section 395 of the 2006 Act as applied to LLPs). Schedule 1 re-enacts Schedule 4 to the 1985 Act and Schedule 4 to the 1986 Order as applied to LLPs, with two substantive modifications. Paragraph 36(4) of Schedule 1 gives LLPs the option of including financial instruments in the accounts at a fair value provided that they may be so included under international accounting standards adopted under the IAS Regulation (as defined in section 474(1) of the 2006 Act as applied to LLPs) on or before 5th September 2006, and provided that the disclosures required by such standards are made. Paragraph 70 requires LLPs to make certain disclosures about transactions with related parties.

Regulation 4 specifies certain exemptions for medium-sized LLPs the members of which are preparing non-IAS individual accounts. It re-enacts the exemptions in section 246A of the 1985 Act and in Article 254A of the 1986 Order as applied to LLPs, save that medium-sized LLPs are required to disclose their turnover in the accounts delivered to the registrar of companies. Medium-sized LLPs are exempted from making the disclosures about related party transactions required by paragraph 70 of Schedule 1 to the Regulations.

Regulation 5 of, and Schedule 2 to, the Regulations specify information about related undertakings which the members of an LLP must include in the notes to the individual or group accounts, whether they are non-IAS or IAS individual accounts. The Schedule re-enacts Schedule 5 to the 1985 Act and Schedule 5 to the 1986 Order as applied to LLPs.

Regulation 6 of, and Schedule 3 to, the Regulations specify the form and content of non-IAS group accounts (as defined in section 403 of the 2006 Act as applied to LLPs). The Schedule re-enacts Schedule 4A to the 1985 Act and Schedule 4A to the 1986 Order as applied to LLPs, save that paragraphs 9, 13 and 17 have been simplified to facilitate convergence with international accounting standards.

Regulation 7 of, and Schedule 4 to, the Regulations contain general interpretation provisions.

An Impact Assessment of the effect that these Regulations will have on the costs of business, charities or voluntary bodies has been prepared and is available from the Department for Business, Enterprise and Regulatory Reform, Corporate Law and Governance Directorate, 1 Victoria Street, London SW1H 0ET.
