The Secretary of State, pursuant to section 52P(2)(a) of that Act, designated Warwickshire police authority as regards the financial year beginning in 2010.

The Secretary of State notified the authority in writing pursuant to section 52P(4) of that Act of the decision to designate it, the amount which the Secretary of State proposed should be the maximum for the amount calculated by it as its budget requirement for the year, the target amount for the year (that is the maximum amount which the Secretary of State proposed it could calculate as its budget requirement for the year without the amount calculated being excessive), the information taken into account by the Secretary of State under section 52P(3)(c) of that Act, the financial year as regards which the Secretary of State expected the amount calculated by it as its budget requirement for that year to be equal to or less than the target amount for that year, and the period within which the authority was able to inform the Secretary of State that it challenged or accepted the amount which the Secretary of State proposed should be the maximum for the amount calculated by it as its budget requirement for the year.

This Order applies to Warwickshire police authority. It states the amount which the amount calculated by the authority as its budget requirement for the financial year beginning in 2010 is not to exceed. An impact assessment has not been prepared for this instrument as the Secretary of State cannot make assumptions as to which services and activities may be affected when an authority calculates its budget requirement for a financial year.
