The Environmental Permitting
(England and Wales) Regulations 2010

PART 2

Environmental Permits

CHAPTER 4

Standard rules

Notification of revisions of standard rules

28.—(1) This regulation applies where the rule-making authority proposes to revise standard rules under regulation 26(4).

(2) Before the rule-making authority complies with regulation 26(5), the regulator must notify any operator who holds a relevant environmental permit—

- (a) of the proposed revisions;
- (b) of the date when the revised rules will be published, which must not be less than 3 months after the date the notification is served; and
- (c) that on this date the revised rules will become conditions of the environmental permit.

(3) But the authority may publish the revised rules before 3 months after the date the notification is served if the revisions comprise only minor administrative changes.

(4) The revised rules take effect when published under regulation 26(5).

(5) In this regulation, “relevant environmental permit” means an environmental permit which will be affected by the proposed revisions.
