- payable on that notional amount at the interest rate specified in the agreement (“the fixed interest rate”), or
- (ii) in respect of a floor, X must pay the ring-fenced body an amount equal to C minus D (provided that amount is a positive number), where “C” is the interest payable in relation to a specified notional amount at the interest rate specified in the agreement (“the fixed interest rate”), and “D” is the interest payable in relation to that notional amount at the interest rate prevailing during the specified calculation period (“the floating interest rate”), and

    - (ii) to any investments traded by the ring-fenced body under article 6(1) for the purpose of hedging risks arising in relation to the transactions referred to in paragraph (i) (provided that those investments are hedged separately from any other investments entered into by the ring-fenced body under article 6(1)),
 is at all times less than 0.5% of the ring-fenced body’s own funds;
  - (b) the sum of the position risk requirements attributable to each individual transaction with an account holder under articles 9 to 11 is at all times less than 25% of the credit risk capital requirement of the ring-fenced body; and in calculating the sum of the position risk requirements, no position risk requirement may be set off against any other position risk requirement;
  - (c) the sum of the position risk requirements attributable to the transactions entered into by the ring-fenced body under article 11 is at all times less than 20% of the sum of the position risk requirements attributable to the transactions entered into by the ring-fenced body under articles 9 to 11;
  - (d) there is evidence available at the date on which the transaction is entered into to assess the fair value of the investment concerned in accordance with international financial reporting standard 13 (“IFRS 13”) on fair value measurement issued by the International Accounting Standards Board, as that reporting standard is amended from time to time, and that evidence would be considered to constitute a level 1 input within the meaning

- (e) at the time the transaction is entered into, the investments traded under article 10 or 11 fall within a class of derivatives that are traded on—
- (i) a trading venue in the EEA, or
  - (ii) a third country trading venue which satisfies paragraph 1(d) of Article 28 of the Regulation (EU) No 600/2014 of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments and amending Regulation No 648/2012<sup>(35)</sup>; and for these purposes, “third country trading venue” has the same meaning as in that Article.
- (2) For the purposes of this article—
- (a) the position risk requirement shall be calculated in accordance with Chapter 2 of Title IV of Part Three of the prudential requirements regulation as if the positions associated with those investments are all held in the trading book of the ring-fenced body,
  - (b) “credit risk capital requirement” means the own funds requirements set out in Article 92.3(a) of the prudential requirements regulation, excluding the risk-weighted exposure amounts determined in accordance with Title II of Part Three of that regulation for counterparty risk arising from positions which are not included in the trading book;
  - (c) “trading venue” has the meaning given in Article 4.1(24) of the Directive 2014/65/EU of 15 May 2014 of the European Parliament and of the Council on markets in financial instruments repealing Directive 2004/39/EC of the European Parliament and of the Council (recast)<sup>(36)</sup>;

  - (b) where A is not a direct participant in the system, at least one of the conditions set out in paragraph (2) is satisfied.
- (2) The conditions set out in this paragraph are—
- (a) the intermediary through which A accesses the services provided by the inter-bank payment system is another ring-fenced body which—
    - (i) is a direct participant in that payment system, and

- (ii) is a member of the same group as A;
  - (b) A is not eligible to become a direct participant in the inter-bank payment system concerned under the rules governing that payment system;
  - (c) should the intermediary through which A accesses the services of the inter-bank payment system concerned cease to be able to provide access to those services, A would be able to make the payments it proposes to make through that inter-bank payment system—
    - (i) through another intermediary, or
    - (ii) through another inter-bank payment system or by other means; or
  - (d) the PRA has, following an application made by A in accordance with paragraph (3), granted permission in accordance with paragraph (4) for A to access the services provided by the inter-bank payment system in question through the intermediary proposed by A.
- (3) An application by A for permission under paragraph (2)(d) must be made in such manner and accompanied by such information as the PRA may direct.
- (4) The PRA may only grant permission under paragraph (2)(d)—
- (a) where it considers that the ring-fenced body needs to be able to access the services provided by the inter-bank payment system in question due to exceptional circumstances; and
  - (b) after it has published a statement under paragraph (9).
- (5) The PRA shall keep any permission granted under paragraph (2)(d) under review, and shall withdraw that permission if it considers that the exceptional circumstances in question no longer apply, after following the procedure set out in paragraphs (6) and (7).
- (6) If the PRA proposes—
- (a) to refuse an application for permission under paragraph (2)(d), or
  - (b) to withdraw a permission granted under paragraph (2)(d),
- it must give the ring-fenced body a warning notice, stating why it considers that the exceptional circumstances do not apply (if sub-paragraph (a) applies), or no longer apply (if sub-paragraph (b) applies).
- (7) If the PRA has decided, after consideration of any representations received in writing from the ring-fenced body in response to the warning notice—

  - (b) to withdraw permission granted under paragraph (2)(d),
- it must give the ring-fenced body a decision notice.
- (8) If the PRA decides—

- the ring-fenced body may refer the matter to the Tribunal, and Part 9 of the Act applies to any proceedings before the Tribunal in relation to the matter.
- (9) The PRA must, before 1st July 2019, publish a statement containing guidance on what is meant by “exceptional circumstances” for the purposes of granting a permission under paragraph (2) (d) in a way appearing to the PRA to be best calculated to bring it to the attention of the public.
- (10) Part 26 of the Act applies to any notices given by the PRA under this article.
- (11) In this article—

(2) A ring-fenced body may incur a financial institution exposure if the sole or main purpose of the transaction giving rise to the exposure (by itself or in combination with other transactions) is to limit the extent to which—

- (a) the ring-fenced body,
- (b) any subsidiary undertaking of the ring-fenced body,
- (c) any sponsored structured finance vehicle of the ring-fenced body,
- (d) any conduit vehicle of the ring-fenced body, or

### EXPLANATORY NOTE

*(This note is not part of the Order)*

This Order defines the circumstances in which ring-fenced bodies will be able to deal with investments as principal by providing for exceptions to the excluded activity set out in section 142D of the Financial Services and Markets Act 2000 in relation to the management by the ring-fenced body of its own risks or of its liquid assets or the provision of derivatives to its clients. The Order also imposes prohibitions on ring-fenced bodies under section 142E, which (with the exceptions provided for) limit the way in which a ring-fenced body may have access to clearing and settlement services provided by a recognised inter-bank payment system, restrict the exposures a ring-fenced body may have to relevant financial institutions, and ensure that a ring-fenced body may not have

a subsidiary or branch in any country outside the EEA (other than operational subsidiaries which do not provide banking services).

Article 1 defines the terms used in the Order.

Article 2 defines relevant financial institution for the purposes of the Order.

Article 3 defines terms used in connection with securitisation companies and structured finance vehicles for the purposes of the Order.

Part 2 provides for an additional excluded activity (commodities trading), and sets out the circumstances in which ring-fenced bodies may engage in dealing in investments as principal, and commodities trading, as exceptions to the excluded activities.

Article 4 provides for additional circumstances in which the activity of dealing in investments as principal will be an excluded activity, clarifying the relationship between the excluded activity and the regulated activity of dealing in investments as principal. Under section 142D(2) the regulated activity of dealing in investments as principal, defined in article 14 of the Financial Services and Markets Act (Regulated Activities) Order 2001 (“the Regulated Activities Order”) (and subject to a number of exceptions which are set out in articles 15 to 20 of that Order) is an excluded activity. Article 4 ensures that dealing in investments as principal which falls within the scope of articles 15, 19 or 20 of the Regulated Activities Order 2001, and is not therefore a regulated activity, is made an excluded activity. Dealing in investments as principal which falls within the exemptions from the regulated activity set out in articles 17, 18 or 18A of the Regulated Activities Order 2001 will remain outside the scope of the excluded activity.

Article 5 provides that a ring-fenced body may not engage in commodities trading except in the circumstances set out in that article.

Article 6 provides for exceptions to the excluded activity of dealing with an investment as principal where the ring-fenced body is managing the risks associated with its business, including for example its interest rate risk, exchange rate risk, or liquidity risk (paragraphs (1) and (2)). The ring-fenced body is also permitted to deal in liquid assets or to provide collateral required for derivative transactions entered into as part of its risk management (paragraph (3)). Article 6(4) further permits a ring-fenced body to acquire investments in exchange for a loan write-off (subparagraph (a)), and to acquire debentures issued by itself, one of its subsidiaries or its parent undertaking (subparagraph (b)) (no exception is necessary to permit the ring-fenced body to deal with its own shares, as, by virtue of article 18A of the Regulated Activities Order 2001, this is not an excluded activity). It may also acquire debentures directly from an issuer where the issuer chooses to structure its borrowing in this way (paragraph (4)(c)), and to acquire shares in subsidiaries or companies in which it has a participating interest (paragraph (4)(d)). Paragraph (5) sets out the circumstances in which investments acquired under these provisions may be sold (debentures acquired under paragraph (4) (c) may not be sold – the ring-fenced body must hold them to maturity). Finally, Article 6(6) permits the ring-fenced body to use investments as security.

Article 7 permits a ring-fenced body to deal in investments as principal where the other party to the transaction is a structured finance vehicle sponsored by the ring-fenced body which satisfies the conditions set out in article 3(2). The ring-fenced body may also buy debentures issued by such a structured finance vehicle or by a conduit vehicle of the ring-fenced body.

Article 8 provides for an exception to the excluded activities of dealing in investments as principal and commodities trading where the ring-fenced body is entering into a transaction with a central bank or a wholly owned subsidiary of a central bank.

Articles 9 to 12 set out the conditions which must be satisfied by a ring-fenced body which wishes to deal in derivative instruments with its account holders.

Article 10 permits a ring-fenced body to sell currency and interest swaps, forward contracts (including futures) relating to currency, commodities or other property to its account holders.

Article 11 permits a ring-fenced body to sell certain options to its account holders, including interest rate caps and floors, and interest rate swaptions.

Article 12 sets out the conditions which must be satisfied by derivative transactions between a ring-fenced body and its account holders.

Part 3 imposes a number of prohibitions on ring-fenced bodies, and provides for exemptions to those prohibitions.

Article 13 sets out the circumstances in which a ring-fenced body may use services provided through an inter-bank payment system indirectly by an intermediary.

Articles 14 to 19 set out the circumstances in which a ring-fenced body is permitted to have an exposure to a relevant financial institution.

Article 14 permits exposures arising in relation to transactions entered into by the ring-fenced body for risk management purposes, intra-group transactions and payments exposures.

Article 15 permits exposures arising in relation to trade finance.

Article 16 permits a ring-fenced body to incur exposures to its own sponsored structured finance vehicle (which must satisfy the conditions set out in article 3(2)).

Article 17 permits a ring-fenced body to incur exposures for the purpose of conduit lending to the special purpose vehicle of an undertaking which is not itself a financial institution or to the ring-fenced body's own special purpose vehicle.

Article 18 permits a ring-fenced body incur exposures arising in the course of repo transactions.

Article 19 permits a ring-fenced body to incur exposures to relevant financial institutions which are ancillary to the provision of the core services by the ring-fenced body.

Article 20 prohibits a ring-fenced body from having a branch or a subsidiary (other than a subsidiary which does not carry out any activities which would be regulated under the Financial Services and Markets Act 2000 if they were carried on in the UK) in a country or territory outside the EEA.

Article 21 makes transitional provision to ensure that a ring-fenced body is not required to divest itself of investments which have less than two years to maturity when this order comes into force.

An Impact Assessment of the effect of the Financial Services (Banking Reform) Act 2013, and the secondary legislation to be made under it (including this Order) on the costs of business and the voluntary sector has been prepared and is available on HM Treasury's website ([www.gov.uk/treasury](http://www.gov.uk/treasury)) or from HM Treasury, 1 Horse Guards Road, London SW1A 2HQ and is annexed to the Explanatory Memorandum for this Order.
