

**EXPLANATORY MEMORANDUM TO**  
**THE ENVIRONMENT (MISCELLANEOUS AMENDMENTS) (NORTHERN**  
**IRELAND) (EU EXIT) REGULATIONS 2019**

**2019 No. [XXXX]**

**1. Introduction**

1.1 This explanatory memorandum has been prepared by the Department for Environment, Food and Rural Affairs (Defra) and is laid before Parliament by Act.

**2. Purpose of the instrument**

2.1 The Environment (Miscellaneous Amendments) (Northern Ireland) (EU Exit) Regulations 2019 makes minor and technical amendments to primary and subordinate legislation under section 8 of the European Union (Withdrawal) Act 2018. It mirrors provisions in Defra’s The Environment (Amendment etc.) (EU Exit) Regulations 2019. The purpose of the amendments is to ensure that the relevant legislation remains operable after the United Kingdom (“UK”) withdraws from the European Union (“EU”).

*Explanations*

What did any relevant EU law do before EU exit day?

2.2 This legislation is a continuation of existing policies, which ensures that statutory instruments (that apply only in Northern Ireland) function legally after EU exit.

Why is it being changed?

2.3 After EU exit, without amendment, the legislation would not operate properly and it would disrupt areas such as waste, producer responsibility, environmental provisions, noise regulations and environmental liability.

What will it now do?

2.4 This instrument will ensure the Northern Ireland legislation will continue to operate after EU exit as it does now.

**3. Matters of special interest to Parliament**

*Matters of special interest to the Joint Committee on Statutory Instruments*

3.1 None.

*Matters relevant to Standing Orders Nos. 83P and 83T of the Standing Orders of the House of Commons relating to Public Business (English Votes for English Laws)*

- 3.2 The territorial application of this instrument is limited to Northern Ireland.
- 3.3 As the instrument is subject to affirmative resolution procedure there are no matters relevant to Standing Orders Nos. 83P and 83T of the Standing Orders of the House of Commons relating to Public Business at this stage.
- 3.4 The Department has reached this view because the SI is made under powers in section 8(1) of the European Union (Withdrawal) Act 2018 and makes only minor, technical amendments to Northern Ireland Statutory Rules to ensure operability after the UK leaves the EU.

#### **4. Extent and Territorial Application**

- 4.1 The territorial extent of this instrument is Northern Ireland only.
- 4.2 The territorial application of this instrument is Northern Ireland only.

#### **5. European Convention on Human Rights**

- 5.1 Dr Thérèse Coffey MP, has made the following statement regarding Human Rights:
- 5.2 *“In my view the provisions of the Environment (Miscellaneous Amendments) (Northern Ireland) (EU Exit) Regulations 2019 are compatible with the Convention rights.”*

#### **6. Legislative Context**

- 6.1 The SI makes minor, technical amendments to Northern Ireland legislation, relating to waste, producer responsibility, environmental provisions, noise regulations and environmental liability, to ensure operability after EU exit. The SI does not introduce any new policies but simply ensures that the legislation continues to operate in the same way on EU exit day as it does now.

#### **7. Policy background**

*What is being done and why?*

- 7.1 This instrument makes amendments to the relevant pieces of domestic legislation to allow them to operate properly after EU exit.
- 7.2 This instrument applies to policy areas which are a transferred matter for Northern Ireland under the Northern Ireland Act 1998. The UK Government remains committed to restoring devolution in Northern Ireland. This is particularly important in the context of EU exit where we want devolved Ministers to take the necessary actions to prepare Northern Ireland for EU exit. We have been considering how to ensure a functioning statute book across the UK including in Northern Ireland for EU exit in the absence of a Northern Ireland Executive. With EU exit day less than one year away, and in the continued absence of a Northern Ireland Executive, the window to prepare Northern Ireland's statute book for EU exit is narrowing. UK Government Ministers have therefore decided that in the interest of legal certainty in Northern Ireland, the UK Government will take through the necessary secondary legislation at Westminster for Northern Ireland, in close consultation with the Northern Ireland departments. This is one such instrument.
- 7.3 Part 1 of this SI provides a short introduction.

- 7.4 Part 2 of this SI makes amendments to primary legislation concerning the environment. Specifically it removes references to the term “Community Treaties” and replaces it with “retained EU obligations”.
- 7.5 Part 3 of this SI makes amendments to subordinate legislation concerning the environment. These amendments make technical changes that remove references to European directives.
- 7.6 Part 4 of this SI makes saving provisions in respect of amendments made to the Environment (Northern Ireland) Order 2002 (S.I. 2002 No.3153 (N.I.7)) in Part 2.

## **8. European Union (Withdrawal) Act/ Withdrawal of the United Kingdom from the European Union**

- 8.1 This instrument is being made using the power in section 8 of the European Union (Withdrawal) Act 2018 in order to address failures of retained EU law to operate effectively or other deficiencies arising from the withdrawal of the UK from the EU. In accordance with the requirements of that Act the Minister has made the relevant statements as detailed in Part 2 of the Annex to this explanatory memorandum.

## **9. Consolidation**

- 9.1 There are no current plans to consolidate the legislation amended by this instrument.

## **10. Consultation outcome**

- 10.1 This instrument was not subject to formal consultation. The Environment (Miscellaneous Amendments) (Northern Ireland) Regulations 2019, are technical in nature, and make no policy changes.

## **11. Guidance**

- 11.1 There is no associated guidance.

## **12. Impact**

- 12.1 There is no, or no significant, impact on business, charities or voluntary bodies.
- 12.2 There is no, or no significant, impact on the public sector.
- 12.3 An Impact Assessment has not been prepared for this instrument because the proposed amendments are minor and technical in nature, relating to the maintenance of existing regulatory standards and will have no, or no significant, impact on the private, voluntary or public sector.

## **13. Regulating small business**

- 13.1 The legislation does not apply to activities that are undertaken by small businesses.
- 13.2 The proposed amendments are minor and technical in nature and no disproportionate impacts are expected to affect small and micro businesses. No specific action is proposed to minimise regulatory burdens on small businesses

## **14. Monitoring & review**

- 14.1 The approach to monitoring of this legislation is that the Department of Agriculture, Environment and Rural Affairs will monitor and review the impact of the instrument as part of its standard policy-making procedures, and will ensure that the provisions are adhered to.

14.2 As this instrument is made under the European Union (Withdrawal) Act 2018, no review clause is required.
