Government

EXPLANATORY NOTE

(This note is not part of the Regulations)

Section 134 of the Housing and Planning Act 2016 provides that the Secretary of State may by regulations make provision about the approval or designation of client money protection schemes for the purposes of regulations under section 133 of that Act that require a property agent to be a member of an approved or designated government administered client money protection scheme.

The Client Money Protection Schemes for Property Agents (Approval and Designation of Schemes) Regulations 2018 (“the principal regulations”) make provision under section 134.

Regulation 5 of the principal regulations, in paragraph (1), specifies conditions which must be satisfied before the Secretary of State approves a client money protection scheme. These include the condition that the rules of the scheme must require scheme members to meet the conditions for the handling of client money which are specified in paragraph (2).

The conditions specified in regulation 5(2) of the principal regulations include the requirement that a property agent must hold client money in a client money account with a bank or building society authorised by the Financial Conduct Authority.

Regulation 5(2A) of the principal regulations, which these regulations amend, provides that the rules of the scheme are to be treated as complying with that requirement if they provide that, until the relevant date, they have effect as if they required scheme members to make all reasonable efforts to hold client money in a client money account with a bank or building society authorised by the Financial Conduct Authority.

Regulation 2 of these regulations substitutes the date of 1 April 2021 for the relevant date of 1 April 2020 set out in regulation 5(2A) of the principal regulations. It therefore has the effect of extending, by a year, the application of the provision for deemed compliance with the requirement to hold client money in a client money account at an authorised bank or building society.

A full impact assessment has not been produced for this instrument as no, or no significant, impact on the private, voluntary or public sector is foreseen.
