- (a) for scheme year 12, on or before the 7th day after the commencement day;
- (b) for scheme years 13, 14 and 15, by 14th February preceding the start of the scheme year.

16.—(1) The Authority must—

- (a) calculate, in accordance with regulation 17, the non-core spending obligation for each compulsory scheme electricity supplier for each scheme year, and

Calculation of non-core spending obligation

17.—(1) The non-core spending obligation of a compulsory scheme electricity supplier (“C”) for a scheme year, subject to any adjustments under regulation 18 or 19, is—

- (a) where the Secretary of State adjusts the initial overall spending target for the scheme year in accordance with paragraph 4(3) or (4) of Schedule 1—
 - (i) A, if C is not a relevant supplier;
 - (ii) A + B, if C is a relevant supplier and the initial overall spending target is increased in accordance with paragraph 4(3) of Schedule 1;
 - (iii) A – B, if C is a relevant supplier and the initial overall spending target is reduced in accordance with paragraph 4(4) of Schedule 1;

- (b) “B” is—
 - (i) if the scheme year is scheme year 12, C’s relevant percentage (as determined under regulation 13(2) of the 2011 Regulations for scheme year 11) of the amount by which the initial overall spending target for scheme year 12 is adjusted in accordance with paragraph 4(3) or (4) of Schedule 1;
 - (ii) otherwise, C’s obligation percentage for the preceding scheme year of the amount by which the initial overall spending target for the scheme year is adjusted in accordance with paragraph 4(3) or (4) of Schedule 1.

(3) For the purposes of this regulation, “the obligation percentage” in relation to C and a scheme year is—

$$\left(\frac{X}{Y}\right) \times 100 \%$$

where—

- (a) “X” is the relevant number of GB domestic customers, and
- (b) “Y” is the total number of GB domestic customers of—
 - (i) all compulsory scheme electricity suppliers, and
 - (ii) all scheme gas suppliers who are connected to a compulsory scheme electricity supplier.

- (4) For the purposes of paragraph (3)(a), the relevant number of GB domestic customers is—
- (a) if C is connected to one or more scheme gas suppliers but is not connected to any other compulsory scheme electricity suppliers, the combined number of GB domestic customers of C and its connected scheme gas suppliers;
 - (b) if C is connected to one or more scheme gas suppliers and to one or more other compulsory scheme electricity suppliers, a number equal to C% of (CE + CG) where—
 - (i) “C%” is C’s number of GB domestic customers as a percentage of CE;
 - (ii) “CE” is the combined number of—
 - (aa) C’s number of GB domestic customers, and
 - (bb) the number of GB domestic customers of C’s connected compulsory scheme electricity suppliers;
 - (iii) “CG” is the number of GB domestic customers of C’s connected scheme gas suppliers;
 - (c) otherwise, C’s number of GB domestic customers.
- (5) For the purposes of paragraphs (3) and (4)—
- (a) a reference to a supplier’s number of GB domestic customers is a reference to the supplier’s number of GB domestic customers on 31st December preceding the start of the scheme year;
 - (b) a supplier is to be treated as connected to another supplier only if they were connected on that date.
- (6) In this regulation “relevant supplier” means—
- (a) in relation to scheme year 12, a compulsory scheme electricity supplier (within the meaning given in regulation 5(1) of the 2011 Regulations) in relation to scheme year 11;
 - (b) in relation to any other scheme year, a compulsory scheme electricity supplier in relation to the preceding scheme year.

Adjustment of non-core spending obligation: scheme year 12

18.—(1) The adjustments that must be made to the non-core spending obligation for scheme year 12 (“O”) of a compulsory scheme electricity supplier (“C”) are as follows.

- (2) O must be adjusted in accordance with paragraph (3) or (4) if I is less than or exceeds S where—
- (a) “I” is the amount of spending incurred by C under Part 4 of the 2011 Regulations in scheme year 11 (as determined by the Authority in accordance with regulation 29(1)(d) of those Regulations);
 - (b) “S” is C’s non-core spending obligation under that Part of those Regulations for scheme year 11, as adjusted (where required) in accordance with regulation 14 of those Regulations.
- (3) If I is less than S, O must be adjusted by adding an amount equal to 90.6% of (S – I).
- (4) If I exceeds S, O must be adjusted by subtracting the lesser of—
- (a) an amount equal to 90.6% of (I – S), and
 - (b) an amount equal to 90.6% of the overspend amount.
- (5) For the purposes of paragraph (4) “the overspend amount” is—
- (a) 5% of S, or

- (b) where C notified the Authority of their intention to meet all or part of a failed supplier's non-core spending obligation in accordance with regulation 30A of the 2011 Regulations in scheme year 11, 10% of S.
- (6) Whether or not an adjustment is made under paragraph (2), O must be adjusted by adding an amount equal to 90.6% of the undelivered rebate amount.
- (7) For the purposes of paragraph (6) "the undelivered rebate amount" is £140 multiplied by—
 - (a) where C has made a notification under regulation 9(7) of the 2011 Regulations in respect of scheme year 11, the number of prescribed rebates as stated in that notification, and
 - (b) where C has made a notification under regulation 14(3A) of the 2011 Regulations in respect of scheme year 11, the number of prescribed rebates as stated in that notification.

Adjustment of non-core spending obligation: scheme years 13 to 15

19.—(1) The adjustments that must be made to the non-core spending obligation for a scheme year (other than scheme year 12) ("O") of a compulsory scheme electricity supplier ("C") are as follows.

- (2) O must be adjusted in accordance with paragraph (3) or (4) if I is less than or exceeds S where—
 - (a) "I" is the amount of spending incurred by C under this Part (as determined by the Authority in accordance with regulation 27) in the preceding scheme year;
 - (b) "S" is C's non-core spending obligation for the preceding scheme year as adjusted for that year, where required, in accordance with regulation 18 or this regulation.
- (3) If I is less than S, O must be adjusted by adding (S – I).
- (4) If I exceeds S, O must be adjusted by subtracting the lesser of—
 - (a) (I – S), and
 - (b) the relevant amount.
- (5) For the purposes of paragraph (4) "the relevant amount" is—
 - (a) 5% of S, or
 - (b) where C notified the Authority of their intention to meet all or part of a failed supplier's non-core spending obligation in accordance with regulation 29, 10% of S.
- (6) Whether or not an adjustment is made under paragraph (2), O must be adjusted by adding an amount equal to the undelivered rebate amount.
- (7) For the purposes of paragraph (6) "the undelivered rebate amount" is £150 multiplied by, where C has made a notification under regulation 12(8) in respect of the preceding scheme year, the number of prescribed rebates as stated in that notification.

CHAPTER 2

Obligation to incur spending etc.

Obligation to incur spending and amounts of spending

- 20.**—(1) In each scheme year, a compulsory scheme electricity supplier must incur spending under this Part to the amount of its non-core spending obligation.
- (2) In doing so, the supplier—
 - (a) must include spending under Chapter 3 (industry initiatives), subject to the requirements and limits in paragraphs (3) to (5);
 - (b) may include spending under Chapter 4 (activities specified by the Secretary of State).

(3) Where the aggregate non-core spending obligation for the scheme year exceeds £10 million, the amount of spending on financial assistance under regulation 21 which a supplier counts towards its non-core spending obligation—

- (a) must be no less than the obligation percentage of £5 million, but
- (b) must not, in total, exceed the obligation percentage of £10 million.

(4) Where the aggregate non-core spending obligation for the scheme year exceeds £6 million, the amount of spending on debt write-off under regulation 21 which a supplier counts towards its non-core spending obligation—

- (a) must not exceed the obligation percentage of £3 million in respect of customers who are supplied with neither electricity or gas through a pre-payment meter;
- (b) must not, in total, exceed the obligation percentage of £6 million.

(5) Where the aggregate non-core spending obligation for the scheme year exceeds £8 million, the amount of spending on the installation of boilers or central heating systems under regulation 21 which a supplier counts towards its non-core spending obligation must not in total exceed the obligation percentage of £8 million.

(6) In this regulation—

“financial assistance” means the activity listed in the final entry in the table in Part 1 of Schedule 2;

“obligation percentage”, in relation to a supplier, means the percentage determined in accordance with paragraph (3) of regulation 17.

(7) This regulation is subject to regulations 23 and 24.

CHAPTER 3

Industry initiatives

Spending on industry initiatives by a compulsory scheme electricity supplier

21.—(1) A compulsory scheme electricity supplier may in respect of a scheme year count towards its non-core spending obligation spending (excluding Value Added Tax) incurred in that scheme year on an activity of a kind listed in the table in Part 1 of Schedule 2 (an “industry initiative”) by—

- (a) the supplier, or
- (b) a connected gas supplier, to the extent permitted by regulation 23.

(2) But spending on an industry initiative does not count towards a supplier’s non-core spending obligation if the spending—

- (a) is incurred pursuant to a requirement in—
 - (i) any other enactment, or
 - (ii) an electricity supply or gas supply licence,
- (b) is counted by a scheme supplier towards a spending obligation or target imposed by—
 - (i) any other enactment, or
 - (ii) an electricity supply or gas supply licence, or
- (c) falls within any exception in the table in Part 1 of Schedule 2.

(3) In addition, spending on an industry initiative does not count towards a supplier’s non-core spending obligation unless—

- (a) the industry initiative has been notified to the Authority, and
- (b) either—

- (i) the spending takes place after the Authority approves the initiative, or
- (ii) in relation to scheme year 12, the spending takes place before the Authority decides whether to approve the initiative but the Authority subsequently approves it.

Approval of industry initiatives

22.—(1) A compulsory scheme electricity supplier must notify the Authority of the industry initiatives which it, or any connected scheme gas supplier, proposes to carry out.

(2) A supplier may—

- (a) make a notification for the purposes of one or more scheme years;
- (b) make more than one notification in respect of a scheme year.

(3) The Authority must approve a supplier’s notification if, but only if, it is satisfied that the supplier’s proposed industry initiatives—

- (a) meet the criteria specified in the relevant entry in the first column of the table in Part 1 of Schedule 2, and do not fall within the exceptions in the corresponding entry in the second column of the table,
- (b) ensure, so far as reasonably practicable, that every E&W domestic customer provided with benefits under the industry initiatives will be provided with energy advice and smart meter advice,
- (c) include adequate measures to ensure, so far as reasonably practicable, that benefits provided under the industry initiatives will be provided wholly or mainly to persons in fuel poverty or in a fuel poverty risk group, and
- (d) will provide value for money.

Spending on industry initiatives which may be treated as incurred by a compulsory scheme electricity supplier

23.—(1) This regulation applies where a compulsory scheme electricity supplier (“C”) is connected to one or more scheme gas suppliers on the qualifying date (referred to in this regulation as a “connected scheme gas supplier”).

(2) For the purposes of this regulation, the qualifying date is 31st December preceding the start of the scheme year.

(3) If C is not connected to any other compulsory scheme electricity supplier on the qualifying date, C may treat any amount of spending incurred under regulation 21 by a connected scheme gas supplier in the relevant scheme year as an amount of spending incurred by C in that scheme year.

(4) If C is connected to one or more compulsory scheme electricity suppliers on the qualifying date (referred to in this regulation as a “connected compulsory scheme electricity supplier”), C may treat the specified percentage of any amount of spending incurred under regulation 21 by a connected scheme gas supplier in the relevant scheme year as an amount of spending incurred by C in that scheme year.

(5) For the purposes of paragraph (4), the “specified percentage” is C’s number of GB domestic customers on the qualifying date as a percentage of the combined number of GB domestic customers of—

- (a) C, and
- (b) C’s connected compulsory scheme electricity suppliers,

on that date.

Spending incurred by a compulsory scheme electricity supplier before the commencement day

24. In scheme year 12, a compulsory scheme electricity supplier may treat as an amount of spending incurred under regulation 21 any spending which—

- (a) was incurred between 1st April 2022 and the commencement day, and
- (b) would have counted towards its non-core spending obligation by virtue of regulations 20 to 23, if these Regulations had come into force on 1st April 2022.

CHAPTER 4

Specified activities

Types of spending: activities specified by the Secretary of State

25.—(1) A compulsory scheme electricity supplier may, in respect of any scheme year, count towards its non-core spending obligation financial contributions (excluding Value Added Tax) made by the supplier in the scheme year to fund a specified activity.

(2) A “specified activity” is an activity specified in a notice published by the Secretary of State.

(3) The Secretary of State may only specify an activity in a notice if the Secretary of State is satisfied that—

- (a) the funding of the activity is open to contributions from any compulsory scheme electricity supplier,
- (b) the activity is of a kind listed in the first column of the table in Part 1 of Schedule 2, and does not fall within an exception in the second column of the table,
- (c) the activity includes adequate measures to ensure, so far as reasonably practicable, that—
 - (i) every E&W domestic customer provided with benefits under the activity will be provided with energy advice and smart meter advice, and
 - (ii) benefits provided under the activity will be provided wholly or mainly to persons in fuel poverty or in a fuel poverty risk group, and
- (d) the activity will provide value for money.

(4) But financial contributions made to fund a specified activity do not count towards a supplier’s non-core spending obligation if they are—

- (a) made pursuant to a requirement in—
 - (i) any other enactment, or
 - (ii) an electricity supply or gas supply licence, or
- (b) counted by a scheme supplier towards a spending obligation or target imposed by—
 - (i) any other enactment, or
 - (ii) an electricity supply or gas supply licence.

(5) In addition, financial contributions to fund a specified activity may count towards a supplier’s non-core spending obligation only if they are made after the Secretary of State has published the notice specifying the activity.

PART 5

Authority functions

Approvals by the Authority: procedure

- 26.**—(1) This regulation applies to notifications to the Authority under regulation 6(6) or 22.
- (2) A notification must be in such form, and contain such information, as the Authority may require.
- (3) The Authority must, before the end of the specified period—
- (a) notify the supplier of its decision, or
 - (b) if the Authority requires further information from the supplier before approving the notification, request that information from the supplier.
- (4) For the purposes of paragraph (3) “the specified period” is—
- (a) 12 weeks after the commencement day, if the notification is received by the Authority before the end of the period of eight weeks beginning with the commencement day;
 - (b) otherwise, 20 working days after receipt of the notification.
- (5) When a supplier replies to a request for further information, the Authority must before the end of the period of 20 working days beginning with the day on which the Authority receives the reply—
- (a) notify the supplier of its decision, or
 - (b) if the Authority still requires further information from the supplier before approving the notification, request that information from the supplier.
- (6) If the Authority refuses to approve a supplier’s notification, or part of a notification, the Authority must give reasons for its refusal.

Determination of amounts spent by scheme suppliers

- 27.**—(1) The Authority must in respect of each scheme year, as soon as reasonably practicable after the end of the scheme year, determine—
- (a) the total amount of rebates provided in the scheme year, or treated as being provided in the scheme year, by each scheme electricity supplier under Part 3;
 - (b) the total amount of spending on industry initiatives under Part 4 incurred, or treated as incurred, by each compulsory scheme electricity supplier which that supplier may count towards its non-core spending obligation for the scheme year;
 - (c) the total amount of spending on specified activities under Chapter 4 of Part 4 incurred by each compulsory scheme electricity supplier which that supplier may count towards its non-core spending obligation for the scheme year.
- (2) The Authority must in respect of each scheme year, as soon as reasonably practicable after the end of the scheme year, estimate for each compulsory scheme electricity supplier the proportion, expressed as a percentage—
- (a) of—
 - (i) the total amount of spending mentioned in paragraph (1)(b), and
 - (ii) the amount of spending on each industry initiative for the scheme year, which was incurred by, or treated as incurred by, the supplier in relation to households which meet the condition in paragraph (3), and
 - (b) of—

- (i) the total amount of spending mentioned in paragraph (1)(c), and
 - (ii) the amount of spending on each specified activity for the scheme year,
- which was incurred by the supplier in relation to households which meet the condition in paragraph (3).

(3) A household meets the condition in this paragraph if at least one person living in the household has significant health problems or a disability.

Provision of information to the Authority

28.—(1) The Authority may request that a scheme supplier provide it with such information as the Authority requires for the purposes of carrying out its functions in relation to the Scheme.

- (2) A request under paragraph (1)—
 - (a) must specify the date by which the information is to be provided, and
 - (b) may specify the form in which the information is to be provided.
- (3) A scheme supplier must comply with a request under paragraph (1).

Provision of information by the Authority

29.—(1) The Authority must notify the Secretary of State if—

- (a) the Authority is notified by a supplier of last resort of that supplier’s intention to meet all or part of a failed supplier’s non-core spending obligation for a scheme year, and
 - (b) that notification is made on or before 15th February in that scheme year.
- (2) A notification under paragraph (1) must be given by the Authority as soon as reasonably practicable after it is notified by the supplier of last resort.
- (3) For the purposes of this regulation—
- (a) a “supplier of last resort” is a compulsory scheme electricity supplier who is given a direction (a “last resort supply direction”) by the Authority to take over responsibility for the supply of electricity to another person’s GB domestic customers, and
 - (b) a “failed supplier” is a person in respect of whose GB domestic customers the Authority gives a last resort supply direction.

PART 6

Review

Reviews of the Scheme

30.—(1) The Secretary of State must conduct a review of the Scheme, or any aspect of the Scheme, if the Secretary of State is satisfied that a review would be desirable in order to achieve greater reductions in fuel poverty or because—

- (a) the Scottish Ministers have consulted, or are consulting, the Secretary of State in accordance with section 14A(5)(a) of the Energy Act 2010(21), or
 - (b) there has been a significant change in circumstances since the commencement day.
- (2) The Secretary of State must conduct a review of regulation 6 if the Secretary of State is satisfied that a review would be desirable in order to—

(21) Section 14A was inserted by section 58(3) of the Scotland Act 2016 (c. 11).

- (a) promote effective competition between suppliers, or
 - (b) protect the interests of GB domestic customers.
- (3) The Secretary of State must conduct a review of any aspect of the Scheme if the Secretary of State is satisfied that a review would be desirable—
- (a) to protect the interests of GB domestic customers who have significant health problems or a disability and who are in fuel poverty or in a fuel poverty risk group,
 - (b) because that aspect of the Scheme is not, or may not be, operating effectively, or
 - (c) because the effectiveness of that aspect of the Scheme could be improved.

SCHEDULE 1

Regulation 15

Determination of aggregate non-core spending obligation

General

1. The Secretary of State must determine the aggregate non-core spending obligation for a scheme year (“the current year”) in accordance with this Schedule.

Meaning of “the initial overall spending target”

2. For the purposes of this Schedule “the initial overall spending target” is—
- (a) £474 million for scheme year 12;
 - (b) £494 million for scheme year 13;
 - (c) £501 million for scheme year 14;
 - (d) £511 million for scheme year 15.

Step one: core group spending estimate

3.—(1) The Secretary of State must estimate the aggregate amount of prescribed rebates (if any) to be provided by scheme electricity suppliers under Part 3 in the current year.

- (2) This estimate is referred to in this Schedule as “the CGS estimate”.

Step two: calculation of adjusted overall spending target

4.—(1) The Secretary of State must adjust the initial overall spending target for the current year (“IOST”) in accordance with this paragraph to calculate the adjusted overall spending target.

- (2) First, the Secretary of State must—
- (a) review the relevant estimate for the relevant year (with any reduction or increase previously made to that estimate under the 2011 Regulations or these Regulations (as the case may be)) (“RE”),
 - (b) increase or reduce RE, if it appears to the Secretary of State that the aggregate amount of benefits provided under the core spending Part in the relevant year will be greater or less than RE, and
 - (c) if the Secretary of State increases or reduces RE, adjust IOST in accordance with subparagraph (3) or (4).
- (3) If RE is reduced, IOST may be increased by an amount not exceeding—
- (a) in scheme year 12, an amount equal to 90.6% of that reduction, or
 - (b) in any other case, the amount of that reduction.
- (4) If RE is increased, IOST may be reduced by an amount not exceeding—
- (a) in scheme year 12, an amount equal to 90.6% of that increase, or
 - (b) in any other case, the amount of that increase.
- (5) The Secretary of State must then—
- (a) calculate for the current year the difference between—
 - (i) the aggregate amount of benefits provided under the core spending Part in the year a-2 (“amount A”), and

- (ii) the relevant estimate (with any increase or reduction previously made to it) for year a-2 (“amount B”), and
- (b) if amount A exceeds or is less than amount B, in addition to any adjustment made in accordance with sub-paragraph (2), adjust IOST in accordance with sub-paragraph (6) or (7).
- (6) If amount A is greater than amount B, IOST may be reduced by an amount not exceeding—
 - (a) in scheme years 12 and 13, an amount corresponding to 90.6% of (A – B), or
 - (b) in any other case, (A – B).
- (7) If amount A is less than amount B, IOST may be increased by an amount not exceeding—
 - (a) in scheme years 12 and 13, an amount corresponding to 90.6% of (B – A), or
 - (b) in any other case, (B – A).
- (8) The adjusted overall spending target for the current year is IOST as adjusted in accordance with this paragraph.
- (9) For the purposes of this paragraph, the relevant estimate is—
 - (a) for scheme year 10, the core group spending estimate (within the meaning of Schedule 1 to the 2011 Regulations as it had effect for the purposes of scheme year 10) for that scheme year;
 - (b) for scheme year 11, the core group spending estimate (within the meaning of Schedule 1 to the 2011 Regulations as it had effect for the purposes of scheme year 11) for that scheme year;
 - (c) for any other scheme year, the CGS estimate for that scheme year.
- (10) In this paragraph—
 - “core spending Part”—
 - (a) in relation to scheme year 10, means Part 3 of the 2011 Regulations as it had effect for the purposes of that scheme year;
 - (b) in relation to scheme year 11, means Part 3 of the 2011 Regulations as it had effect for the purposes of that scheme year;
 - (c) otherwise, means Part 3 of these Regulations;
 - “the relevant year” means—
 - (a) where the current year is scheme year 12, scheme year 11;
 - (b) otherwise, the scheme year immediately preceding the current year;
 - “scheme year 10” has the meaning given by regulation 2(1) of the 2011 Regulations;
 - “year a-2”—
 - (a) where the current year is scheme year 12, means scheme year 10;
 - (b) where the current year is scheme year 13, means scheme year 11;
 - (c) where the current year is scheme year 14, means scheme year 12;
 - (d) where the current year is scheme year 15, means scheme year 13.

Step three: aggregate non-core spending obligation

5.—(1) Finally, the Secretary of State must calculate the aggregate non-core spending obligation for the current year in accordance with sub-paragraph (2).

- (2) The aggregate non-core spending obligation for the current year is $T - E$ where—

“T” is the adjusted overall spending target for that year, and
 “E” is the CGS estimate for that year.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations provide for the continuation in England and Wales of the scheme to reduce fuel poverty established by the Warm Home Discount Regulations 2011 (“the Scheme”). These Regulations re-enact with amendments the provisions made by those Regulations to continue the Scheme in England and Wales until 31st March 2026. The Scheme will continue to be administered and enforced by the Gas and Electricity Markets Authority (“the Authority”).

The Scheme continues to place obligations on electricity suppliers (“compulsory scheme electricity suppliers”) who have, or are part of a group of electricity or gas supply companies which together has, at least the specified number of domestic customers to incur spending in each scheme year on

the provision of benefits to customers in or at risk of fuel poverty. For the scheme year which begins when these Regulations come into force, the specified number of domestic customers is 50,000, and for later scheme years it is 1,000. “Scheme year” is defined in regulation 3 of the Regulations.

Part 3 requires compulsory scheme electricity suppliers, and other electricity suppliers who opt into this Part, to provide rebates of £150 to customers specified by the Secretary of State (“core group customers”). A person can only be specified as a core group customer if the person appears to the Secretary of State—

- (a) to be the owner or occupier of domestic premises in England or Wales at which the person is supplied with electricity or gas wholly or mainly for domestic purposes,
- (b) to occupy those premises as their sole or main residence, and
- (c) either—
 - (i) to be, or, where the person lives with their partner, to be the partner of a person, in receipt of state pension credit guarantee credit, or
 - (i) to meet, or, where the person lives with their partner, to be the partner of a person who meets, the eligibility criteria published by the Secretary of State in accordance with regulation 9.

Specific provision is made to enable persons who would ordinarily occupy premises as their sole or main residence but are in hospital, a care home or a hospice temporarily to be treated as continuing to occupy the relevant premises (see regulation 2 of the Regulations).

Part 4 requires compulsory scheme electricity suppliers to incur other spending for the purposes of reducing fuel poverty. Chapter 1 provides for the calculation, and adjustment, of the amount of spending that suppliers must incur under this Part. Chapter 2 provides for the types of spending which may be incurred (industry initiatives (Chapter 3) and specified activities (Chapter 4)) and the amounts which may be incurred on the various types of spending.

Part 5 contains supplementary provisions about procedure for matters required to be approved by the Authority, determination by the Authority of the amounts spent by suppliers, the provision of information to the Authority by suppliers and the provision of information by the Authority to the Secretary of State.

Part 6 makes provision for reviews of the Scheme by the Secretary of State.

Part 7 contains consequential provisions.
