

Croydon Tramlink Act 1994

1994 CHAPTER xi

PART II

WORKS

9 Requirements applicable to tramways

- (1) The tramways shall be so laid and maintained that the distance between the sides of the widest carriages to be used on the tramways when passing one another thereon shall not be less than 380 millimetres (15 inches).
- (2)
 - (a) On completion of any tramway the Corporation shall provide traffic signs to give warning to other traffic of the presence of the tramway.
 - (b) Subject to any directions and any other requirements given or imposed by the Secretary of State with respect to such a traffic sign, the places at which the traffic signs are displayed shall be such as may be approved by the highway authority.
- (3)
 - (a) Where a tramway has been constructed in a street in such manner that—
 - (i) the uppermost surface of the rails is level with the surface of the street;
or
 - (ii) the level of the width of the carriageway occupied by the tramway path is altered as provided in section 7 (4) (Further works and powers) of this Act;works for the purpose, or having the effect, of altering the level of the part of the street in which the tramway is situated shall not be carried out without the consent of the Corporation.
 - (b) Consent under paragraph (a) above may be given subject to such reasonable terms and conditions as the Corporation may require, but shall not be unreasonably withheld, and any difference arising under this paragraph shall be determined by the Secretary of State.
