(b) In the case of an appeal under sub-paragraph (ii) of paragraph (a) of this subsection, the court shall dismiss the appeal if it is satisfied that the informality, defect or error was not a material one.

(4) (a) Whenever in the opinion of the Trustees it is necessary as a matter of urgency to carry out repairs to a harbour work referred to in subsection (1) of this section in order to prevent immediate danger to any person navigating within the harbour or to any vessel within the harbour and the owner or occupier thereof is unable or unwilling immediately to carry out such repairs, the Trustees may enter upon the harbour work and carry out only such repairs as are necessary to prevent the danger and may, subject to the provisions of paragraph (b) of this subsection, recover the expenses reasonably incurred by them in so doing from the owner or occupier of the harbour work in the manner provided in subsection (3) of this section.

(b) In proceedings to recover expenses incurred by the Trustees under paragraph (a) of this subsection the court shall inquire whether the Trustees were reasonably justified in carrying out the repairs and, if the court determines that they were not so justified, the Trustees shall not recover the expenses or any part thereof.

(5) Any authorised officer of the Trustees may, on producing, if so required, some duly authenticated document showing his

authority, enter at all reasonable times upon any harbour work for the purpose of ascertaining whether the same is out of repair or insecure or is injurious or likely to be injurious to the channels and berths of the harbour or the free navigation therein.
