

## CHAPTER xciii.

An Act to provide for the preservation and for restricting the user of certain squares gardens and enclosures in the administrative county of London and for other purposes. A.D. 1931.

[31st July 1931.]

**W**HEREAS the squares gardens and enclosures mentioned in the schedule to this Act are situate in the administrative county of London and are free from buildings or structures other than those which have been erected thereon for or in connection with the use or enjoyment of such lands as ornamental gardens pleasure grounds and grounds for play rest or recreation :

And whereas the existence of the said squares gardens and enclosures is of great benefit to the said county by reason of the amenities arising thereby to the inhabitants thereof and by reason of the advantages to health which are thereby afforded :

And whereas in the year one thousand nine hundred and twenty-seven a royal commission was appointed “ to inquire and report on the squares and similar open spaces existing in the area of the administrative county of London with special reference to the conditions on which they are held and used and the desirability of their preservation as open spaces and to recommend whether any or all of them should be permanently safeguarded against any use detrimental to their character as open spaces and if so by what means and on what terms and conditions ” :

A.D. 1931.

And whereas the said commission made their report on the eleventh day of September one thousand nine hundred and twenty-eight whereby they recommended (inter alia) that subject to certain reservations contained therein it was desirable in the public interest that with certain exceptions referred to in that report all the enclosures described in Appendix III thereto and numbering four hundred and sixty-one enclosures should be preserved permanently as open spaces :

And whereas the squares gardens and enclosures set out in the schedule hereto are all enclosures described in the said appendix but do not include any of the enclosures so excepted as aforesaid :

And whereas it is expedient that subject as is mentioned in this Act the erection or placing of buildings structures or erections on the squares gardens and enclosures described in the said schedule hereto and the use of the said squares gardens and enclosures for purposes other than those authorised by this Act should be prohibited as hereinafter provided in this Act and that such other provisions as are contained in this Act should be enacted :

And whereas the objects aforesaid cannot be attained without the authority of Parliament :

May it therefore please Your Majesty that it may be enacted and be it enacted by the King's most Excellent Majesty by and with the advice and consent of the Lords Spiritual and Temporal and Commons in this present Parliament assembled and by the authority of the same as follows :—

Provided also that if any such other person shall object to such requisition on the ground that the right or interest in the protected square of the person who has made the claim is not well founded and sufficient to justify the Council in making the requisition such objection shall be referred to arbitration under the provisions of this Act and if the right of such person to make a claim be upheld by the arbitrator each person named in such requisition shall deliver his claim within three months after the service on him of notice of the award of the arbitrator but if the right of such person to make a claim be not upheld any other claims which may have been delivered to the Council in response to such requisition shall be deemed to be withdrawn without prejudice to the right of any person having delivered any such other claim to deliver a new claim as if the requisition of the Council had not been made.

(4) Any claim made under the provisions of this section shall contain particulars—

- (a) of the protected square in respect of which it is made and of the estate right or interest therein of the person making the same and the date of the document (if any) under which his right or interest became vested in him ;

A.D. 1931.

In estimating the amount of any such compensation the person determining the same shall have regard to the amount by which the estate right or interest in any other property of the person making the claim would be enhanced in value by reason of the protected square in respect of which or of an estate right or interest in which the compensation is claimed remaining a protected square.

(7) Within a period of six months from the date on which the amount of any compensation shall have been finally determined in respect of the estate right or interest of any person in a protected square the Council shall pay the same unless within that period they give notice in writing to such person either—

- (a) that they decline to pay the compensation determined and do not propose to make any order under the provisions of this section with reference to such protected square; or
- (b) that they decline to pay the compensation determined but propose to make an order (which they are hereby authorised to make) providing that this Act shall apply only to such part of such protected square as the Council may by such order define.

A.D. 1931.

In the event of the Council giving notice as aforesaid that they decline to pay the compensation determined and do not propose to make any order with reference to the protected square under the provisions of this section the compensation determined shall not be payable and the Council shall pay the costs incurred by the person in respect of whose estate right or interest the compensation was determined in connection with such determination and the provisions of this Act shall cease to apply to such protected square.

(8) On any such order being made any person in respect of whose estate right or interest in such protected square compensation has been determined as aforesaid shall be entitled to make a further claim for compensation in respect of any injurious affection of his estate right or interest in such protected square by the restrictions imposed by this Act on the part of such protected square defined by the order and the foregoing provisions of this section (so far as applicable) shall apply to such further claim and to the making and determination thereof and to any compensation determined in respect thereof accordingly save that—

- (a) any such claim shall be made within three months from the date of the order relating to the protected square in respect of which the claim shall be made; and
- (b) no proceedings shall lie to enforce payment of any such compensation but unless the Council shall within six months from the date on which any such compensation shall have been finally determined pay the amount thereof to the

person entitled thereto the provisions of this Act shall cease to apply to the part of such protected square in relation to which such compensation was determined; and

A.D. 1931.

(b) to determine any question of law stated for the determination of the High Court by any person to whom any question of disputed compensation under this Act has been referred;

(10) In any case in which—

(a) the Council pay any compensation determined under the provisions of this section in relation to any protected square or part thereof; or

(b) it is determined in accordance with the provisions of this section that no compensation is payable in respect of any estate right or interest in a protected square; or

(c) any person having any estate right or interest in any protected square agrees with the Council the amount of compensation payable to such person in respect of the injurious affection of his estate right or interest in such protected square or part thereof by the restrictions imposed thereon by this Act or that no compensation shall be payable in respect of such injurious affection of his said estate right or interest; or

(d) any person having any estate right or interest in any protected square fails to give notice of his intention to make a claim under the

A.D. 1931

provisions of this section as hereinbefore provided or fails when so required by the Council to submit a claim in accordance with such provisions in relation to such estate right or interest;

the provisions of this section shall cease to apply to such protected square or part thereof or to such estate right or interest as the case may be.

(11) In any case in which the Council give to any person notice under the provisions of this section that they decline to pay the compensation determined in respect of any part of any protected square referred to in any such order of the Council as aforesaid the provisions of this Act shall as from the date of such notice cease to apply to the part of such protected square to which the notice relates.

(12) No compensation shall be payable in respect of any thing done or any contract made in regard to any protected square after the eleventh day of September one thousand nine hundred and twenty-eight if in the opinion of the arbitrator to whom the question of disputed compensation is referred such thing or contract was not reasonably necessary and was done or made with a view to obtaining or increasing compensation under this or any similar Act.

As to compensation paid to trustees and mortgagees.

6. Money paid by way of compensation under this Act in respect of any estate right or interest in any protected square shall if the money is paid to a trustee or mortgagee be applied in like manner as if it were purchase money arising on the sale of the protected square under any trust or any statutory or other power for that purpose conferred on the trustee or mortgagee.

As to charity lands and lands held by trustees.

7.—(1) No person holding any estate right or interest as trustee in any protected square mentioned in Part II or Part III of the schedule to this Act which is held for charitable purposes and no person holding any estate right or interest in any such protected square in a fiduciary capacity shall be under any liability by reason of his failing to make a claim for compensation in respect of the injurious affection of any estate right or interest in such protected square by reason of any restrictions imposed thereon under any provision of this Act :

Provided that the foregoing indemnity shall not extend to trustees of a protected square within the jurisdiction of the Charity Commissioners for England and Wales or the Board of Education as the case may be unless such trustees have obtained from the said commissioners or board an order to the effect that a claim for compensation need not be made.
