 - (b) the assets and liabilities of the business at the last date to which the accounts of the business were made up.

- 2 (1) If unissued shares or debentures of the company are to be applied directly or indirectly in any manner resulting in the acquisition of shares in a body corporate which by reason of the acquisition or anything to be done in consequence thereof or in connection therewith will become a subsidiary of the company, a report made by accountants (who shall be named in the statement) with respect to the profits and losses and assets and liabilities of the other body corporate in accordance with sub-paragraph (2) or (3) of this paragraph, as the case requires, indicating how the profits or losses of the other body corporate dealt with by the report would, in respect of the shares to be acquired, have concerned members of the company, and what allowance would have fallen to be made, in relation to assets and liabilities so dealt with, for holders of other shares, if the company had at all material times held the shares to be acquired.
