2.—(1) The National Parks Commission (hereinafter referred to as “the Commission”) shall be a body corporate by that name with a common seal, and shall consist of a chairman and such number of other members as the Minister may determine, of whom one may be appointed to be deputy chairman.

(2) The members of the Commission shall be appointed by the Minister and shall hold and vacate office in accordance with such terms as may be prescribed by or under regulations made by the Minister and, on vacating office, shall be eligible for re-appointment.

PART II NATIONAL PARKS

5.—(1) The provisions of this Part of this Act shall have effect for the purpose of preserving and enhancing the natural beauty of the areas specified in the next following subsection, and for the purpose of promoting their enjoyment by the public.

National
Parks.

(2) The said areas are those extensive tracts of country in England and Wales as to which it appears to the Commission that by reason of—

(a) their natural beauty, and

(b) the opportunities they afford for open-air recreation, having regard both to their character and to their position in relation to centres of population,

it is especially desirable that the necessary measures shall be taken for the purposes mentioned in the last foregoing subsection.

PART II
—cont.

(3) The said areas, as for the time being designated by order made by the Commission and submitted to and confirmed by the Minister, shall be known as, and are hereinafter referred to as, National Parks.

duties of
Commission
in relation to
National
Parks.

6.—(1) It shall be the duty of the Commission as soon as may be after the commencement of this Act, and thereafter from time to time, to consider what areas there are in England and Wales falling within subsection (2) of the last foregoing section, to determine in what order they should be designated under subsection (3) of that section, and to proceed with their designation at such times as the Commission may determine.

(2) The power of the Minister to give directions under section three of this Act shall extend to the giving of directions as to the order and time of designation of the said areas, notwithstanding that the directions may be of a specific character.

(3) As respects areas designated as National Parks, it shall be the duty of the Commission—

- (a) to consider, generally and in relation to particular National Parks, in what way action needs to be taken under this Act and the Act of 1947 for the purposes specified in subsection (1) of the last foregoing section, and to make such recommendations with respect thereto to the Minister and to local authorities as may appear to the Commission to be necessary or expedient, and
- (b) to keep under review the progress made from time to time in accomplishing the said purposes and to make to the Minister or, where the Commission deem it appropriate, to any other Minister or any local authority or other persons, such representations as appear to the Commission to be necessary or expedient as to any matter affecting the accomplishment of those purposes.

(4) Without prejudice to the generality of the last foregoing subsection, it shall be the duty of the Commission, subject to and in accordance with the following provisions of this Act in that behalf,—

- (a) as respects any area designated as a National Park, to give advice to the appropriate planning authorities as to the arrangements to be made for administering the area as a National Park;
- (b) where it appears to the Commission, as respects any particular National Park or part thereof, that the preservation or enhancement of the natural beauty thereof presents special problems or requires special professional or technical skill, to notify their opinion to the appropriate planning authorities and, on the application of any such authority in any case where it

appears to the Commission expedient for the purposes specified in subsection (1) of the last foregoing section, to place the services of officers of the Commission at the disposal of the authority, for such period as may be agreed between the Commission and the authority and on such terms as to payment or otherwise as may be so agreed with the approval of the Minister ;

- (c) to assist such authorities in formulating proposals as to the exercise by such authorities of their powers under this Act for securing the provision of accommodation, access for open-air recreation and other facilities for persons visiting National Parks and otherwise as to the exercise of their powers under this Act as respects National Parks, and to consult with such authorities with respect to the recommendations to be made by the Commission as to the payment of grants by the Minister under this Act ;
- (d) to make to such authorities, as respects the exercise in relation to National Parks of the powers hereinafter conferred on them to make byelaws, recommendations as to the matters in respect of which such byelaws should be made, either generally or in the case of any particular Park ;
- (e) to give advice where any Minister consults the Commission as to proposals for development of land in a National Park, or the appropriate planning authority consult them (whether in compliance with a requirement imposed under this Act or the Act of 1947 or otherwise) in connection with the preparation or amendment of a development plan or in connection with an application for permission to develop any such land ;
- (f) to make recommendations to the Minister and, where the Commission deem it appropriate, to other Ministers as to any proposals for the development of land in a National Park, being proposals for development in a way which appears to the Commission to be inconsistent with the maintenance of the area as a Park ;
- (g) to notify to the Minister, or where the Commission deem it appropriate to other Ministers, the general nature of the action which will in the opinion of the Commission need to be taken as respects land in a National Park for any of the purposes specified in subsection (1) of the last foregoing section, in cases where it appears to the Commission that the Minister in question should be informed thereof before considering future proposals for the development of the land for other purposes ; and

PART II
—cont.

(h) if in any case the Commission are not satisfied that effect will be given to their recommendations or advice as to any matter mentioned in the foregoing paragraphs of this subsection, to refer the matter to the Minister and to advise the Minister as to the exercise of any powers of direction or enforcement (including powers of making orders) conferred on him by this Act or the Act of 1947.

(5) Nothing in this section shall be construed as modifying the effect of any provision of this Act whereby any specific power or duty is conferred or imposed on the Commission or whereby an obligation is imposed on any other person to consult with the Commission.

(6) In this section the expression "appropriate planning authority" means a local planning authority whose area consists of or includes the whole or any part of a National Park, and includes a local authority, not being a local planning authority, by whom any powers of a local planning authority as respects a National Park are exercisable, whether under the following provisions of this Act in that behalf or otherwise; and references in this section to a Minister include references to any Board in charge of a Government department.

Designation
and variation
of National
Parks.

7.—(1) Before making an order designating a National Park the Commission shall consult with every joint planning board, county council, county borough council and county district council whose area includes any land in the area to be designated a Park.

(2) Any such order shall describe the area to be designated a Park by reference to a map and such other descriptive matter as may appear to the Commission to be requisite.

(3) The provisions in that behalf of the First Schedule to this Act shall have effect as to the making, confirmation, coming into operation and validity of any order designating a National Park.

(4) The Minister may by order made after consultation with the Commission vary an order designating a National Park.

(5) Before making an order under the last foregoing subsection the Minister shall consult with every such board and council as aforesaid whose area, or any part of whose area, is comprised in the National Park, whether as existing or as proposed to be varied; and the provisions in that behalf of the First Schedule to this Act shall apply to any order under the last foregoing subsection.

(6) It shall be the duty of the Commission to secure that copies of any order such as is mentioned in this section shall be available, at the office of the Commission, at the offices of each joint

planning board and local authority specified in subsection (1) or subsection (5) of this section, as the case may be, and at such other place or places in or near the Park in question as the Commission may determine, for inspection by the public at all reasonable times.

PART II
—cont.

8.—(1) Not later than three months after the coming into operation of an order designating a National Park, every local planning authority whose area includes any land comprised in the Park shall consult with the Commission on the arrangements to be made for carrying out, in relation to the Park, the following provisions of this section.

Arrangements
for administra-
tion of
functions of
local planning
authorities as
respects
National
Parks.

(2) Where a National Park lies partly within the area of one local planning authority and as to the rest within the area of one or more other such authorities, there shall be a joint planning board constituted under section four of the Act of 1947 for a united district consisting of the area of the Park :

Provided that where, on the representation of any of the said authorities, the Minister is satisfied after consultation with the Commission that by reason of any special circumstances it is expedient so to do for securing efficient administration in the Park, he may direct that as respects all or any of the authorities the foregoing provisions of this subsection shall not have effect unless and until the direction is revoked.

(3) Where a National Park lies wholly within the area of one local planning authority, or while a direction under the proviso to the last foregoing subsection is in force as respects any such authority, there shall be a separate planning committee, or separate sub-committee of a planning committee, appointed under Part II of the First Schedule to the Act of 1947 for so much of the area of the authority as is comprised in the Park, and there shall be delegated to the committee or sub-committee such of the authority's functions under the Act of 1947 and this Act (other than powers to borrow money or to levy or issue a precept for a rate) as may be agreed between the authority and the Commission, or as in default of agreement the Minister may determine.

(4) In relation to local planning authorities whose areas include land in a National Park, the purposes for which under Part III of the First Schedule to the Act of 1947 a joint advisory committee may be established by local planning authorities or the Minister shall include the purpose of advising as to the exercise of all functions under the Act of 1947 and this Act as respects the Park ; and where a direction under the proviso to subsection (2) of this section is for the time being in force as respects any authority, there shall be a joint advisory committee established as aforesaid for the purpose of advising that

authority and all other local planning authorities whose areas include land in the Park as to the exercise of their said functions as respects the Park, or for that purpose and any other purposes for which such a committee can be so established.

(5) Where the foregoing provisions of this section require the establishment of a joint board, or a planning committee or sub-committee, for any area being or comprised in a National Park, the requirement shall be deemed to be complied with, in any case where the Minister after consultation with the Commission approves, if the board, committee or sub-committee is established for that area together with other land; and where under the said provisions a local planning authority is required to establish a separate planning committee or sub-committee for each of two or more such areas, the same committee or sub-committee may be established for both or all the areas.

(6) Not less than one third of the members of—

- (a) a joint board or joint advisory committee constituted for an area being or including the whole or any part of a National Park, or
- (b) a planning committee, or sub-committee of a planning committee, for such an area, where no joint board is constituted for the area,

shall be persons appointed in accordance with the following provisions:—

- (i) in the case of a joint board or joint advisory committee, the said persons shall be appointed by the constituent authorities jointly;
- (ii) in the case of a planning committee or sub-committee of a planning committee, the said persons shall be appointed by the local planning authority;
- (iii) in any case the persons appointed shall be persons nominated by the Minister, after consultation with the Commission;

(7) Notwithstanding anything in section four of the Act of 1947, an order under that section constituting an area, being or including the whole or any part of a National Park, a united district for the purposes of the Act of 1947 may be made without holding a local inquiry.

9.—(1) In preparing a development plan, or proposals for any alterations of or additions to a development plan, for any area being or including the whole or any part of a National Park, the local planning authority shall consult with the Commission and take into consideration any observations made by the Commission.

10.—(1) As soon as may be after the coming into operation of the order designating a National Park, every local planning authority whose area consists of or includes the whole or any part of the Park shall formulate and notify to the Commission the authority's general proposals as to the action needed for the accomplishment, in relation to their area or so much thereof as is comprised in the Park, of the purposes specified in subsection (1) of section five of this Act.

Duty of local planning authority to formulate, and carry out, proposals for the purposes of s. 5 (1)

(2) Without prejudice to the provisions of the last foregoing subsection, every such authority shall—

- (b) not later than such date as the Commission may determine in the said next following financial year and in each following financial year of the authority, formulate and notify to the Commission proposals as to what action needed as aforesaid should be taken in the financial year of the authority next following the notification of the proposals:

Provided that the obligation to formulate and notify proposals under paragraph (b) of this subsection may at any time by agreement between the Commission and the local planning authority either be suspended or be modified by the substitution for a financial year of the authority of such longer period as may be provided by the agreement.

(3) Proposals under either of the two last foregoing subsections shall specify how far, in the opinion of the authority, the action falls to be taken by them and how far by other authorities or persons.

PART II
-cont.

(4) If on the notification to them of any proposals under this section the Commission make any recommendations under section six of this Act—

(a) the local planning authority shall in the light of the recommendations reconsider the proposals and make any amendment thereof (whether by way of addition or modification) appearing to them requisite ;

(b) if on such reconsideration it does not appear to the authority requisite to give effect to any such recommendation of the Commission, the authority shall consult with the Commission.

(5) It shall be the duty of every such authority as aforesaid so far as appears to them practicable to exercise their powers under the Act of 1947 and this Act for giving effect to proposals notified to the Commission under the foregoing provisions of this section, or to such proposals as amended in accordance with the last foregoing subsection.

(6) Nothing in the foregoing provisions of this section shall be construed as requiring that proposals shall have been formulated and notified under those provisions before any power of a local planning authority is exercised, or as otherwise limiting the exercise of any such power.

General powers of local planning authorities in relation to National Parks.

11.—(1) A local planning authority whose area consists of or includes the whole or any part of a National Park shall have power, subject to the provisions of this section, to take all such action as appears to them expedient for the accomplishment of the purposes specified in subsection (1) of section five of this Act in relation to their area or so much thereof as is comprised in the Park.

(2) Nothing in the following provisions of this Act shall be construed as limiting the generality of the last foregoing subsection ; but in so far as those provisions confer specific powers falling within that subsection those powers shall be exercised in accordance with the said provisions and subject to any limitations expressed or implied therein.

(3) The powers conferred on a local planning authority by subsection (1) of this section shall not include any power conferred on that or any other authority by or under any other Act ; but nothing in this subsection shall be construed as limiting the exercise of any specific power conferred by the following provisions of this Act.

(4) Without prejudice to the powers hereinafter conferred, subsection (1) of this section shall have effect only for the purpose of removing any limitation imposed by law on the capacity of a local planning authority by virtue of its constitution, and shall not authorise any act or omission on the part of such an

authority which apart from that subsection would be actionable at the suit of any person on any ground other than such a limitation.

PART II
—cont.

12.—(1) A local planning authority whose area consists of or includes the whole or any part of a National Park may make arrangements for securing the provision in their area (whether by the authority or by other persons)—

Provision of accommodation, meals, refreshments, camping sites and parking places.

(a) of accommodation, meals and refreshments (including intoxicating liquor);

(b) of camping sites; and

(c) of parking places and means of access thereto and egress therefrom,

and may for the purposes of such arrangements erect such buildings and carry out such work as may appear to them to be necessary or expedient:

Provided that a local planning authority shall not under this section provide accommodation, meals or refreshments except in so far as it appears to them that the facilities therefor are inadequate or unsatisfactory, either generally or as respects any description of accommodation, meals or refreshments, as the case may be.

(2) The functions of a local planning authority under the last foregoing subsection shall be exercisable either on land in the Park or on land in the neighbourhood thereof; and where the local planning authority is a joint planning board, land in the neighbourhood of the Park which is in the area of any of the constituent authorities shall be treated for the purposes of the last foregoing subsection as in the area of the joint planning board, whether or not it is in that area.

(3) The foregoing provisions of this section shall not authorise an authority, on land in which any other person has an interest, without his consent to do anything which apart from this section would be actionable at his suit by virtue of that interest.

(4) A local planning authority may acquire land compulsorily for the purpose of any of their functions under this section.

13.—(1) A local planning authority whose area consists of or includes the whole or any part of a National Park may, as respects any waterway in the Park and within the area of the authority, carry out such work and do such other things as may appear to them necessary or expedient for facilitating the use of the waterway by the public for sailing, boating, bathing or fishing:

Improvement of waterways for purposes of open-air recreation.

PART II
—cont.

Provided that a local planning authority shall not under this section provide facilities of any description except in cases where it appears to them that the facilities of that description are inadequate or unsatisfactory.

(2) A local planning authority may, as respects any waterway in their area, enter into an agreement, on such terms as to payment or otherwise as may be specified in the agreement, with any other authority on whom powers of carrying out work are conferred in relation to the waterway by or under any enactment, for the exercise by the said other authority of any power of doing work conferred on the local planning authority by the last foregoing subsection.

(3) Where an agreement is made under the last foregoing subsection for the exercise of any power by any such authority, other than a local planning authority, as is therein mentioned, no limitation imposed by law on the capacity of that authority by virtue of the constitution thereof shall operate so as to prevent the authority from exercising that power.

(4) Where it appears to the Minister, as respects a waterway in the area of a local planning authority, that any power of doing work conferred on the authority by subsection (1) of this section should be exercised by any such other authority as is mentioned in subsection (2) of this section, and the local planning authority have not entered into an agreement with the said other authority under the said subsection (2), the Minister may direct that the said power shall be exercisable by the said other authority:

Provided that no direction shall be given under this subsection except after consultation with the local planning authority and the said other authority.

(5) Before exercising any power conferred by or under this section an authority shall consult with such other authorities, being authorities which under any enactment have functions relating to the waterway in question, as the Minister may either generally or in any particular case direct.

(6) Where any authority consulted under the last foregoing subsection objects to a proposed exercise of powers under this section, and the objection is not withdrawn, the proposal shall not be proceeded with unless on an application in that behalf specifying the proposal and the objection the Minister so directs, and subject to any conditions or modifications specified in the direction; and before giving a direction under this subsection the Minister shall afford to each of the authorities an opportunity of being heard by a person appointed by him for the purpose, and shall consider that person's report.

(7) The foregoing provisions of this section shall not authorise an authority to do anything on land, or as respects water over

land, in which any other person has an interest, if apart from this section the doing thereof would be actionable at his suit by virtue of that interest and he does not consent to the doing thereof:

PART II

18.—(1) Where, as respects any interest in land, the Nature Conservancy have entered into an agreement under the last but one foregoing section and any breach of the agreement occurs which prevents or impairs the satisfactory management as a nature reserve of the land to which the agreement relates, then without prejudice to any other remedy the Nature Conservancy may acquire that interest compulsorily.

(4) A definitive map and statement prepared under subsection (1) of this section shall be conclusive as to the particulars contained therein in accordance with the foregoing provisions of this section to the following extent, that is to say—

(a) where the map shows a footpath, the map shall be conclusive evidence that there was at the relevant date specified in the statement a footpath as shown on the map;

(b) where the map shows a bridleway, or a road used as a public path, the map shall be conclusive evidence that there was at the said date a highway as shown on the map, and that the public had thereover at that date a right of way on foot and a right of way on horseback or leading a horse, so however that this paragraph shall be without prejudice to any question whether the public had at that date any right of way other than the rights aforesaid; and

PART IV
—cont.

(c) where by virtue of the foregoing paragraphs of this subsection the map is conclusive evidence, as at any date, as to a public path, or road used as a public path, shown thereon, any particulars contained in the statement as to the position or width thereof shall be conclusive evidence as to the position or width thereof at the relevant date, and any particulars so contained as to limitations or conditions affecting the public right of way shall be conclusive evidence that at the said date the said right was subject to those limitations or conditions, but without prejudice to any question whether the right was subject to any other limitations or conditions at that date.

(5) A document purporting to be certified on behalf of the surveying authority to be a copy of a definitive map or statement or of any part thereof shall be receivable in evidence and shall be deemed, unless the contrary is shown, to be such a copy.

(6) The provisions in that behalf of Part III of the First Schedule to this Act shall have effect as to the validity of definitive maps and statements prepared under subsection (1) of this section.

Periodical
revision of
maps and
statements.

33.—(1) The authority by whom a definitive map and statement have been prepared under the last foregoing section shall from time to time review the particulars contained therein having regard to events which have occurred at any time between the relevant date specified in the definitive statement and such date as may be determined by the authority for the purposes of the review (in this and the next following section referred to as “the date of review”):

Provided that in the case of a map and statement which have previously been reviewed under this subsection, the foregoing provisions of this subsection shall have effect with the substitution, for the reference to the relevant date specified in the statement, of a reference to the last preceding date of review.

(2) The events so occurring as aforesaid to which an authority shall have regard in carrying out a review under the last foregoing subsection shall include the following events, that is to say—

- (a) the coming into operation of any enactment or instrument, or any other event, whereby a highway required to be shown, and shown, on the map has been authorised to be stopped up, diverted, widened or extended;
- (b) the coming into operation of any enactment or instrument, or any other event, whereby a highway shown on

the map as being a highway of a particular description required to be shown thereon has ceased to be a highway of that description ;

- (c) the coming into operation of any enactment or instrument, or any other event, whereby a new right of way has been created, being a right of way to which this Part of this Act applies ;
- (d) the expiration, in relation to a way in the area of the authority, of any period such that the enjoyment by the public of the way during that period raises a presumption that the way has been dedicated as a public path ; and
- (e) the discovery by the authority of new evidence such that, if the authority were then preparing a draft map under the foregoing provisions of this Part of this Act, they would be required by those provisions to show on the map, as a highway of a particular description, a way not so shown on the definitive map, or on the revised map last prepared in accordance with the following provisions of this section, as the case may be.

(3) A review under subsection (1) of this section shall be carried out at such time as the authority carrying out the review may consider appropriate, so however that the date of review shall not in any case be a date later than the expiration of five years after the relevant date, or the last preceding date of review, whichever is the later :

Provided that nothing in this subsection shall affect the validity of any review carried out under the said subsection (1) or of any document prepared or thing done in consequence of such a review.

(4) Subject to the following provisions of this section, on completing a review under subsection (1) of this section the authority shall prepare a revised map and statement, consisting of the definitive map and statement, or of the revised map and statement last prepared under this section, as the case may be, subject to such modifications (if any) of the particulars contained therein as may appear to the authority to be requisite having regard to the review, and shall include in the revised statement a note of the date of review.

(5) If after carrying out a review under subsection (1) of this section it appears to the authority as respects the whole or any part of their area that a revised map and statement prepared in accordance with the last foregoing subsection would not differ from the definitive or last revised map and statement, the authority shall cause notice of that fact, specifying the date of review and how much of their area is affected by the notice, to be published in the London Gazette and in one or more local news-

PART IV

papers circulating in the area of the authority, and shall not be required to prepare a revised map and statement in consequence of that review in respect of so much of their area as is specified in the notice:

Provided that if within such time (not being less than twenty-eight days) as may be specified in the notice any representation is made to the authority that as respects the whole or part of so much of their area as is specified in the notice a revised map and statement prepared as aforesaid would differ from the definitive or last revised map and statement—

- (a) the authority, after considering the representation and affording to the person by whom it was made an opportunity of being heard by a person appointed by the authority for the purpose, shall determine whether the representation is well founded and shall serve notice of their determination on the person by whom the representation was made;
- (b) any person aggrieved by a determination of the authority under the last foregoing paragraph may, at any time within fourteen days after the service upon him of the notice of determination, serve notice of appeal against that determination on the Minister and on the authority;
- (c) where notice of appeal is duly served under the last foregoing paragraph, the Minister, after giving to the appellant and to the authority an opportunity of being heard by a person appointed by him for the purpose, shall either dismiss the appeal or direct that effect shall be given to the representation;
- (d) if the authority determine that a representation is well founded or the Minister directs that a representation shall have effect, the authority shall be required to prepare a revised map and statement in consequence of the review, so however that where the representation relates to part only of their area they shall not by virtue of that representation be required so to prepare a revised map and statement for any other part of their area.

Supplementary provisions as to revision of maps and statements.

34.—(1) A revised map and statement prepared in accordance with the last foregoing section shall be prepared in three successive stages, that is to say in draft, provisional and definitive form respectively; and the provisions of sections twenty-eight to thirty-two of this Act shall apply in relation to a review under the last foregoing section and to the preparation as aforesaid of a revised map and statement as they apply in relation to a survey

and to maps and statements prepared in consequence of a survey, but with the following modifications, that is to say—

PART IV
—cont.

- (a) for references to the survey, to the surveying authority and to the relevant date there shall be substituted references to the review, to the authority carrying out the review and to the date of review respectively ;
- (b) for references to the draft, provisional and definitive map and statement there shall be substituted references to the revised map and statement as prepared in draft, provisional and definitive form respectively ; and
- (c) the reference in subsection (1) of section thirty-one of this Act to land on which the map shows a public path, or a road used as a public path, shall be construed as relating only to land on which the path or road was not shown, or was differently shown, on the last preceding revised map prepared in definitive form which included that land, or, if there has been no such map, on the definitive map.

(2) An authority carrying out a review under the last foregoing section shall so determine the date of review as to be not earlier than six months before the date on which notice of the preparation of the revised map and statement in draft form is published in accordance with the provisions of subsection (1) of section twenty-nine of this Act as applied by the last foregoing subsection.

(3) Where in accordance with subsection (5) of section twenty-seven of this Act two or more definitive maps and statements relating to different parts of the area of an authority have been prepared at different times, the authority shall at one and the same time review the particulars contained in each of those maps and statements ; and accordingly the provisions of the last foregoing section shall apply as if the relevant date for the purposes of each of those maps and statements were the earliest of the relevant dates specified therein or such later date as, on the application of the authority, the Minister may in any particular case determine.

35.—(1) Subject to the provisions of this section, the foregoing provisions of this Part of this Act (in this and the next following section referred to as “the survey provisions”) shall not apply to the administrative county of London.

Application of
ss. 27 to 34 to
particular
areas.

(2) The London County Council or the council of a county borough may by resolution adopt the survey provisions as respects any part of the said county or of the county borough, as the case may be, specified in the resolution, and those provisions shall thereupon apply accordingly.

PART IV
—cont.

(3) If it appears to the Minister, as respects any part of the administrative county of London or of a county borough, that it is expedient that the survey provisions should apply thereto, and the London County Council or the council of the county borough, as the case may be, have not passed a resolution adopting those provisions as respects that part, the Minister may, after consultation with the council in question, make an order directing that those provisions shall apply to that part of the said county or county borough, as the case may be.

(4) The council of a county, other than the administrative county of London, may by resolution exclude from the operation of the survey provisions any part of the county which appears to the council to be so fully developed that it is inexpedient that those provisions should apply thereto:

Provided that a resolution under this subsection shall not have effect unless approved by the Minister.

(5) Where by virtue of a resolution under subsection (2) of this section, or of an order under subsection (3) thereof, the survey provisions apply to any part of the administrative county of London or of a county borough, those provisions shall have effect in relation thereto—

- (a) in the case of a part of the administrative county of London, as if that part were a separate county and the London County Council were the council thereof, and as if, for references in those provisions to a county district, there were substituted references to a metropolitan borough;
- (b) in the case of a part of a county borough, as if that part were a county and the county borough council were the council thereof;
- (c) in either case, as if, for references in section twenty-seven of this Act to the date of the commencement of this Act, there were substituted references to the date on which the resolution or order in question comes into operation;
- (d) in either case, subject to the modification that subsection (5) of section thirty-three of this Act shall not apply as respects part only of the area to which the order or resolution relates.

(6) The making or revocation of a resolution or order under this section, or the happening of any other event whereby land becomes or ceases to be comprised in an area to which the survey provisions apply, shall not, as respects any map or statement prepared before the event happened, affect the application in relation to the map or statement of subsection (4) of section thirty-two of this Act or that subsection as applied by subsection (1) of the last foregoing section.

36.—(1) Where under the Act of 1947 a joint planning board is for the time being constituted for a united district, then, if the council of every county wholly or partly comprised in that district consents, the powers and duties under the survey provisions of each of those councils as respects any area comprised in the united district may be exercised and performed by the board; and references in this Part of this Act to the surveying authority shall be construed accordingly.

PART IV
—cont.
Exercise of
functions as
to surveys,
etc., by joint
planning
boards.

(2) Subsection (1) of section twenty-eight of this Act shall have effect in relation to a survey carried out by a joint planning board as if the reference therein to the councils of county districts and parishes included a reference to the council of every county wholly or partly comprised in the area of the board.

(3) Where by virtue of a resolution passed or order made under the last foregoing section the survey provisions apply to part of a county borough, being a part wholly or partly comprised in a united district for which a joint planning board is constituted, references in the two last foregoing subsections to a county shall be construed as including references to that county borough.

(4) If, at the date when by virtue of such a resolution or order as aforesaid the survey provisions become applicable to part of a county borough, any functions under those provisions are being exercised by a joint planning board for a united district which includes that part, and the county borough council does not consent to the exercise of those functions by the joint planning board as respects that part, the foregoing provisions of this section shall have effect as if that part were not comprised in the united district.

37.—(1) Where it appears to the Minister that circumstances exist such as are mentioned in the next following subsection and that by reason of those circumstances the preparation of a provisional map and statement under section thirty of this Act, or the preparation of a definitive map and statement under section thirty-two thereof, has been or is likely to be unduly delayed, the Minister, after consultation with the surveying authority, may direct the authority to prepare the provisional or definitive map and statement, as the case may be, within such time (not being less than three months from the date of the direction) as may be specified in the direction.

Power of
Minister to
expedite
preparation of
maps and
statements.

(2) The circumstances referred to in the last foregoing subsection are the following circumstances, that is to say—

- (a) in the case of a provisional map and statement, that the matters for the time being outstanding are so numerous, or that any such matters are of such a character, as to prevent the completion within a reasonable time of the action required to be taken under section twenty-nine of this Act, and

PART IV
—cont.

(b) in the case of a definitive map and statement, that by reason of the congestion of business at quarter sessions, or at any committee of quarter sessions to which applications under section thirty-one of this Act are referred, or by reason of the time taken or likely to be taken to dispose of any appeal under subsection (7) of the said section thirty-one, the determination of all applications under the said section thirty-one which, apart from this section, would have to be determined before the definitive map and statement can be prepared is not likely to be completed within a reasonable time.

(3) Where the Minister gives a direction under subsection (1) of this section as respects the preparation of a provisional map and statement, subsection (3) of section thirty of this Act shall have effect in relation to the preparation thereof with the following modifications, that is to say—

(a) the direction may require the surveying authority to disregard representations or objections made under subsection (3) of section twenty-nine of this Act as respects any matter, or matters of any class, specified in the direction, being a matter or matters outstanding at the date of the direction ; and

(b) subject to the provisions of the last foregoing paragraph, the surveying authority shall give effect to any representations or objections made with respect to matters outstanding at the date of the direction, being representations or objections made under the said subsection (3) as to anything omitted from the draft map and statement (other than a limitation or condition to which a right of way is alleged to be subject), and shall disregard all other representations or objections made with respect to matters outstanding at that date.

(4) Where the Minister gives a direction under subsection (1) of this section as respects the preparation of a definitive map and statement, subsection (2) of section thirty-two of this Act shall have effect in relation to the preparation thereof subject to the following modifications, that is to say—

(a) any way in respect of which an application under paragraph (a) or paragraph (c) of subsection (1) of section thirty-one of this Act has been made but not finally determined at the date of the direction shall be omitted from the definitive map and statement ;

(b) any way in respect of which an application under paragraph (b) of the said subsection (1) has been made but not finally determined at the said date shall be shown on the definitive map as if the rights conferred on the

public by the public right of way thereover were the rights specified in the application, and not the rights indicated in the provisional map and statement ; and

- (c) in the case of any way in respect of which an application under paragraph (d) of the said subsection (1) has been made but not finally determined at the said date, the definitive statement shall include a note of the limitations or conditions specified in the application and of the fact that the application has been made and has not been finally determined ;

and subsection (2) of section thirty-three of this Act shall have effect, in relation to any review of the particulars contained in the definitive map and statement, as if the events therein mentioned included the final determination of any such application as is mentioned in paragraphs (a) to (c) of this subsection.

(5) The surveying authority shall furnish the Minister with such information, and produce to him for inspection such documents, as he may require for the purposes of this section.

(6) References in this section to matters outstanding at any time shall be construed as references to matters as to which representations or objections have been made under section twenty-nine of this Act and have not been finally determined before that time.

38.—(1) Regulations made by the Minister may prescribe the scale on which maps are to be prepared under any of the foregoing provisions of this Part of this Act, and the method of showing or recording thereon, or in any statement required by those provisions to be annexed thereto, anything required by those provisions to be so shown or recorded.

Supplementary provisions as to maps and statements.

(2) The places at which copies of a draft, provisional or definitive map and statement, or of a revised map and statement prepared in draft, provisional or definitive form, are to be available for inspection in accordance with the provisions of this Part of this Act in that behalf shall include one or more places in each county district comprised in the area to which the map and statement relate and, so far as appears practicable to the surveying authority or the authority carrying out the review, as the case may be, a place in each parish so comprised :

Provided that the authority shall be deemed to comply with the requirement to have a copy available for inspection in a county district or parish if they have available for inspection there a copy of so much of the map and statement as relates to the county district or parish.

(3) Notwithstanding anything in subsection (1) of section thirty-two of this Act or in the last foregoing subsection, an authority shall not be required to keep available for inspection

PART IV
—cont.

more than one copy of any definitive map and statement, or revised map and statement prepared in definitive form, if as respects the land to which that map and statement relate a subsequent revised map and statement so prepared have come into operation; and the said one copy may be kept at such place in the area of the authority as they may determine.

*Creation of new public rights of way*Creation of
rights of way
by agreement.

39.—(1) The council of a county borough or county district shall have power to enter into an agreement with any person having the necessary power in that behalf for the dedication by that person of a footpath or bridleway over land in the county borough or county district, as the case may be:

Provided that the powers conferred by this subsection shall not be exercisable—

- (a) by the council of a rural district except with the consent of the county council and, if the county council is not the local planning authority, the consent of that authority;
- (b) by the council of any other county district except with the consent of the local planning authority; and
- (c) by the council of a county borough, not being the local planning authority, except with the consent of that authority.

(2) An agreement made under the last foregoing subsection (hereinafter referred to as a “public path agreement”) shall be on such terms as to payment or otherwise as may be specified in the agreement, and may, if it is so agreed, provide for the dedication of the footpath or bridleway subject to limitations or conditions affecting the public right of way thereover.

(3) Where a public path agreement has been made it shall be the duty of the council to take all necessary steps for securing that the footpath or bridleway is dedicated in accordance therewith.

(4) References in this section to the dedication of a footpath or bridleway shall be construed as including references to the widening or extension of a footpath or bridleway.

Compulsory
powers for
creation of
public rights
of way.

40.—(1) Where it appears to the council of a county borough or county district that there is need for a public right of way on foot, or on foot and on horseback, over land in their area and they are satisfied that, having regard to—

- (a) the extent to which the right of way would add to the convenience or enjoyment of a substantial section of the public, or to the convenience of persons resident in the area, and

- (b) the effect which the creation of the right of way would have on the rights of persons interested in the land, account being taken of the provisions as to compensation hereinafter contained,

it is expedient that the right of way should be created, the council may by order (hereinafter referred to as a "public path order") made by them and submitted to and confirmed by the Minister create a public right of way over the land.

(2) A right of way created by a public path order may be either a right of way on foot only, or a right of way on foot and on horseback, as may be specified in the order, and may be either unconditional or subject to such limitations or conditions as may be so specified.

(3) Subject to the provisions of the next following section, the powers conferred by this section shall not be exercisable—

- (a) by the council of a rural district except with the consent of the county council and, if the county council is not the local planning authority, the consent of that authority ;
- (b) by the council of any other county district, except with the consent of the local planning authority ; and
- (c) by the council of a county borough, not being the local planning authority, except with the consent of that authority.

(4) A public path order shall be in such form as may be prescribed by regulations made by the Minister, and shall contain a map, on such scale as may be so prescribed, defining the land over which a public right of way is thereby created.

(5) The provisions in that behalf of the First Schedule to this Act shall have effect as to the making, confirmation, coming into operation and validity of public path orders.

(6) References in this section to the creation of a public right of way shall be construed as including references to the widening or extension of the area over which there is an existing public right of way ; and references therein to a right of way on horseback shall be construed as including references to a right of leading a horse along the highway.

41.—(1) The Minister, on the application of the council of a county, may direct, either generally or as respects the creation of a particular right of way, that the powers conferred by the two last foregoing sections or either of them on the council of a county district specified in the direction, being a district in the county in question, shall be exercisable by the county council and shall not be exercisable by the council of the county district:

Exercise by other authorities of powers under ss. 39 and 40.

PART IV
—cont.

Provided that, in relation to the creation of rights of way in a National Park, this subsection shall have effect as if—

- (a) references to the council of a county included references to a local planning authority whose area consists of or includes any part of the Park, and
- (b) references to a county district in the county included references to a county borough or county district any part of which is comprised in the area of such a local planning authority.

(2) A county council exercising a power by virtue of a direction under the last foregoing subsection shall consult the local planning authority, where that authority is a joint board, but shall not be required to obtain the consent of the board to the exercise of the power.

(3) Where it appears to the Minister in any particular case that there is need for a public right of way as mentioned in subsection (1) of the last foregoing section, and the Minister is satisfied as mentioned in that subsection, the Minister, after consultation with the appropriate authority, may direct the authority to make and submit to him a public path order creating the right of way or may himself make the order; and where the Minister gives a direction under this subsection, the provisions of subsection (3) of the last foregoing section shall not apply.

(4) In the last foregoing subsection the expression “the appropriate authority,” in relation to the making of a public path order, means the authority upon whom power to make the order (whether the power is exercisable with the consent of any other authority or not) is conferred by the last foregoing section or by that section as modified by a direction given under subsection (1) of this section.

Diversion and Closure of Public Paths

Diversion of
public paths.

42.—(1) Where an owner, lessee or occupier of land crossed by a public path satisfies the council of the county borough or county district in which the land is situated that for securing the efficient use of the land or of other land held therewith or providing a shorter or more commodious path it is expedient that the line of the path across his land, or part of that line, should be diverted (whether on to other land of his or on to land of another owner, lessee or occupier), the council may by order (hereinafter referred to as a “diversion order”) made by them and submitted to and confirmed by the Minister—

- (a) create, as from such date as may be specified in the order, any such new public right of way as appears to the council requisite for effecting the diversion, and
- (b) extinguish, as from such date as may be so specified in accordance with the provisions of the next following

subsection, the public right of way over so much of the path as appears to the council requisite as aforesaid.

PART IV
—CONT.

(2) Where it appears to the council that any work requires to be done to provide necessary facilities for the convenient exercise of any such new public right of way as is mentioned in paragraph (a) of the last foregoing subsection, the date specified under paragraph (b) of that subsection shall be later than the date specified under paragraph (a) thereof by such time as appears to the council requisite for enabling the work to be carried out.

(3) A public right of way created by a diversion order shall be either a right of way on foot only, or a right of way on foot and on horseback (including a right of leading a horse along the highway), as may be specified in the order in accordance with the nature of the right of way extinguished by the order, and may either be unconditional or may (whether or not the last-mentioned right was subject to limitations or conditions of any description) be subject to such limitations or conditions as may be so specified.

(4) Before determining to make a diversion order on the representation of any owner, lessee or occupier, the council may require him to enter into an agreement with the council to defray, or to make such contribution as may be specified in the agreement towards—

- (a) any compensation which may become payable under the following provisions of this Part of this Act in consequence of the coming into operation of the order, or
- (b) where the council are the highway authority as respects the path in question, any expenses which they may incur in bringing the new site of the path into a fit condition for use by the public, or
- (c) where the council are not the highway authority, any expenses which may become recoverable from them by the highway authority in consequence of the order under the provisions of subsection (4) of section forty-eight of this Act.

(5) The Minister shall not confirm a diversion order unless he is satisfied that the diversion to be effected thereby is expedient as mentioned in subsection (1) of this section, and further that the path will not be substantially less convenient to the public in consequence of the diversion and that it is expedient to confirm the order having regard to the effect which—

- (a) the diversion would have on public enjoyment of the path as a whole,

PART IV
—cont.

(b) the coming into operation of the order would have as respects other land served by the existing public right of way, and

(c) any new public right of way created by the order would have as respects the land over which the right is so created and of any land held therewith,

so however that for the purposes of paragraphs (b) and (c) of this subsection the Minister shall take into account the provisions as to compensation hereinafter contained.

(6) A diversion order shall be in such form as may be prescribed by regulations made by the Minister, and shall contain a map, on such scale as may be so prescribed, showing the existing site of so much of the line of the path as is to be diverted by the order and the new site to which it is to be diverted, and indicating whether a new right of way is created by the order over the whole of the new site or whether some part thereof is already comprised in a public path and, in the latter case, defining the part thereof so comprised.

(7) The provisions in that behalf of the First Schedule to this Act shall have effect as to the making, confirmation, coming into operation and validity of diversion orders.

(8) References in this section and in the said First Schedule to the diversion of the line of a path shall be construed as including, in the case of a path which terminates at a point on any public path or other highway, references to modifying the line of the path so as to terminate at another point on the same highway or on a highway connected therewith, being a point substantially as convenient to the public.

**Closure of
public paths.**

43.—(1) Where it appears to the council of a county borough or county district as respects a public path in their area that it is expedient that the path should be stopped up, otherwise than by way of a diversion order, on the grounds that the path is not needed for public use, the council may by order (hereinafter referred to as an "extinguishment order") made by them and submitted to and confirmed by the Minister extinguish the public right of way over the path.

(2) The Minister shall not confirm an extinguishment order unless he is satisfied that it is expedient so to do having regard to the extent (if any) to which it appears to him that the path would, apart from the order, be likely to be used by the public, and having regard to the effect which the extinguishment of the right of way would have as respects land served by the path, account being taken of the provisions as to compensation hereinafter contained.

(3) An extinguishment order shall be in such form as may be prescribed by regulations made by the Minister, and shall contain a map, on such scale as may be so prescribed, defining the land over which the public right of way is thereby extinguished.

(4) The provisions in that behalf of the First Schedule to this Act shall have effect as to the making, confirmation, coming into operation and validity of extinguishment orders.

(5) Where in accordance with regulations made under paragraph 4 of the said First Schedule proceedings preliminary to the confirmation of an extinguishment order are taken concurrently with proceedings preliminary to the confirmation of a public path order or a diversion order, then in considering under subsection (1) of this section whether the path to which the extinguishment order relates is needed for public use, or under subsection (2) of this section to what extent (if any) that path would apart from the order be likely to be used by the public, the council or the Minister, as the case may be, may have regard to the extent to which the public path order or diversion order would provide an alternative path.

(6) References in this section to a public path shall be construed as including references to a part of such a path.

(7) For the purposes of subsections (1) and (2) of this section, any temporary circumstances preventing or diminishing the use of a path by the public shall be disregarded.

44.—(1) Subject to the following provisions of this section, the powers of making diversion orders and extinguishment orders conferred by the two last foregoing sections shall not be exercisable—

Exercise of
powers of
making
diversion and
extinguishment
orders.

(a) by the council of a rural district except with the consent of the county council and, if the county council is not the local planning authority, the consent of that authority;

(b) by the council of any other county district, except with the consent of the local planning authority;

(c) by the council of a county borough, not being the local planning authority, except with the consent of that authority; and

(d) by any local authority as respects a path, or part of a path, in a National Park, except after consultation with the Commission.

(2) Where a public path lies partly within and partly outside a county borough or county district, the powers conferred by the two last foregoing sections on the council of the county

PART IV
—cont.

borough or county district, as the case may be, shall extend to the whole of the path as if the path lay wholly within their area :

Provided that, in relation to so much of the path as lies outside the area of the council, the said powers shall not be exercisable—

- (a) as respects any part of the path in a rural district, except with the consent of the council of that district and of the county council, and, if that county council is not the local planning authority, the consent of that authority ;
- (b) as respects any part of the path in any other county district, except with the consent of the council of that district and the consent of the local planning authority ; and
- (c) as respects any part of the path in a county borough, except with the consent of the council of the county borough and, if that council is not the local planning authority, the consent of that authority.

(3) The Minister, on the application of the council of a county, may direct, either generally or as respects the diversion or stopping up of a particular public path or part thereof, that the powers conferred by the two last foregoing sections or either of them (including those powers as extended by the last foregoing subsection) on the council of a county district specified in the direction, being a district in the county in question, shall be exercisable by the county council and shall not be exercisable by the council of the county district.

(4) A county council exercising a power by virtue of a direction under the last foregoing subsection shall consult the local planning authority, where that authority is a joint board, but shall not be required to obtain the consent of the board to the exercise of the power :

Provided that a county council shall not exercise any such power as aforesaid as respects so much of a public path as lies in another county except with the consent of the council of that county and, if the last mentioned council is not the local planning authority, the consent of that authority.

(5) Where an owner, lessee or occupier of land crossed by a public path satisfies the Minister that a diversion thereof is expedient as mentioned in subsection (1) of the last but one foregoing section, or where it appears to the Minister as respects a public path that it is expedient as mentioned in subsection (1) of the last foregoing section that the path or part thereof should be stopped up, then if—

- (a) the appropriate authority have not made and submitted to him a diversion order or an extinguishment order, as the case may be, and

(b) the Minister is satisfied that, if such an order were made and submitted to him, he would have power to confirm the order in accordance with the provisions in that behalf of the two last foregoing sections,

the Minister, after consultation with the said authority, may direct the authority to make and submit to him a diversion order or an extinguishment order, as the case may be, or may himself make the order; and where the Minister gives a direction under this subsection, the provisions of subsection (1) of this section, of that subsection and of the proviso to subsection (2) of this section, or the proviso to the last foregoing subsection, as the case may be, shall not apply.

(6) A council proposing to make a diversion order such that the authority who will be the highway authority in respect of any part of the path after the diversion will be a different body from the existing highway authority in respect thereof shall, before making the order, notify the first-mentioned authority.

(7) In subsection (5) of this section the expression “the appropriate authority,” in relation to the making of a diversion order or an extinguishment order, means the authority upon whom power to make the order (whether the power is exercisable with the consent of any other authority or not) is conferred by or under the relevant provisions of the two last foregoing sections and of subsections (2) and (3) of this section.

45.—(1) The three last foregoing sections shall apply in relation to public rights of way created before as well as after the commencement of this Act.

Supplementary

(2) The provisions of the three last foregoing sections shall be without prejudice to the provisions of any other enactment under which highways may be stopped up or diverted or public rights of way may be extinguished.

(3) A diversion order or extinguishment order affecting in any way the area of more than one authority may contain provisions requiring one of the authorities to defray, or contribute towards, expenditure incurred in consequence of the order by another of the authorities; and a diversion order diverting any part of the line of a path from a site in the area of one highway authority to a site in the area of another may provide that the coming into operation of the order shall not discharge any liability to repair of the first mentioned authority or impose any such liability on the last mentioned authority.

(4) A diversion order or extinguishment order shall not be made so as to extinguish a right of way over land on, over or under which there is any apparatus belonging to statutory undertakers unless the undertakers consent to the making of the order.

PART IV

and any such consent may be given subject to the condition that there are included in the order such provisions for the protection of the undertakers as they may reasonably require.

The consent of statutory undertakers to any such order shall not be unreasonably refused, and any question arising under this subsection whether any requirement or refusal is reasonable shall be determined by the appropriate Minister.

*Compensation Provisions*Compensation

(2) A claim for compensation under this section shall be made within such time and in such manner as may be prescribed by regulations made by the Minister, and shall be made to the authority by whom the order was made.

(3) For the purposes of the application of this section to an order made by the Minister under subsection (3) of section forty-one of this Act or subsection (5) of the last but one foregoing section, references in this section to the authority by whom the order was made shall be construed as references to the authority who, immediately before the making of the order, were, for the purposes of the said subsection (3) or (5), the appropriate authority in relation to the making of an order for the creation, diversion or stopping up of the public path or part of a public path to which the order relates.

(4) Nothing in this section shall confer on any person, in respect of a right of way created by a public path order or diversion order, a right to compensation for depreciation of the value of an interest in land, or for disturbance in his enjoyment of land, not being in either case land over which the right of way was created or land held therewith, unless the creation of the right of way would have been actionable at his suit if it had been effected otherwise than in the exercise of statutory powers.

*Liability for Repair of Public Paths*Liability for
repair of
public paths.

47.—(1) Subject to the following provisions of this Part of this Act, the rule of law whereby a highway is repairable by the inhabitants at large shall apply to all public paths, whether coming into existence before or after the commencement of this Act, notwithstanding anything contained in any enactment

PART IV
—cont.

(a) no order made under section twenty-one of the Highway Act, 1864, or section twenty-four of the Highways and Locomotives (Amendment) Act, 1878 (which sections provide for the making of orders for discontinuing the maintenance of unnecessary highways) shall have effect after the commencement of this Act as respects any public path; and

(b) after the commencement of this Act no proceedings shall be instituted under either of the said sections for an order relating to a public path.

(3) Where apart from this section any person would be under an obligation to repair a public path, whether under any enactment, or by reason of tenure, enclosure or prescription—

(c) where the highway authority exercise a right of recovery under the last foregoing paragraph, then, if the said person would have been entitled to recover from some other person the whole or part of the expenses of repairing the path if he had repaired it himself, he shall be entitled to recover from that other person the whole or the like part, as the case may be, of the expenses recovered from him by the highway authority:

Provided that the right of recovery conferred by paragraph (b) of this subsection shall not be exercisable unless, before repairing the path, the highway authority have given notice to the said person that the path is in need of repair, specifying a reasonable time within which he may repair the path, and the said person has failed to repair the path within that time.

(2) An authority on whom a copy of a certificate is served under the last foregoing subsection may apply to the Minister on the ground that the work specified in the certificate, or any part thereof, is unnecessary or unduly expensive or is undesirable in the interests of amenity; and where such an application is made the Minister shall either cause a local inquiry to be held or shall give to the applicants and to the highway authority an opportunity of being heard by a person appointed by him for the purpose and, after considering the report of the person appointed to hold the inquiry or the person so appointed as aforesaid, shall make such order confirming, quashing or varying the certificate as he may think fit.

(3) Where the certificate of a highway authority in respect of a public path is quashed under the last foregoing subsection, the path shall not be required to be maintained in a better condition than the condition in which it was at the date of the certificate; and where under the last foregoing subsection such a certificate is varied, the path shall not be required to be maintained in a better condition than the condition in which it is immediately after the completion of the work specified in the certificate as so varied.

(4) Subject to the provisions of subsection (2) of this section, it shall be the duty of the highway authority to carry out any work specified in a certificate under subsection (1) thereof; and where the authority have carried out the work they may recover from the authority on whom a copy of the certificate was served any expenses reasonably incurred by them in carrying out that work, including any expenses so incurred in the discharge of any liability for compensation in respect of the carrying out thereof.

- (ii) if the Minister is not satisfied with a certificate made under the last foregoing paragraph, he shall either cause a local inquiry to be held or shall give to the local authority an opportunity of being heard by a person appointed by him for the purpose and, after considering the report of the person appointed to hold the inquiry or the person so appointed as aforesaid, shall make such order either confirming or varying the certificate as he may think fit ; and
- (iii) subject to the provisions of the last foregoing paragraph, it shall be the duty of the highway authority to carry out the work specified in a certificate made by them under paragraph (i) of this subsection.

as to long-

- (b) if the appeal was against the imposition of conditions, direct that the authorisation granted by the highway authority shall, as may be specified in the direction, have effect either unconditionally or subject to such modified conditions as may be so specified.

(6) Where in the case of a public path an authorisation is granted by the highway authority under subsection (4) of this section or by the Minister under the last foregoing subsection, the public right of way shall be deemed to be subject to a condition that the stiles, gates or works may be erected and maintained in accordance with the authorisation and so long as the conditions attached thereto are complied with.

(2) In considering what action should be taken as aforesaid, a local planning authority shall have regard to all relevant circumstances, including—

the local planning authority shall as soon as may be after the completion of the review forward to the Minister a statement of their opinion, and publish a notice setting out the contents of the statement.

(3) A notice under the last foregoing subsection shall be published in the London Gazette and in at least one local newspaper circulating in the area of the local planning authority, and shall specify the time (not being less than three months) within which, and the manner in which, representations may be made to the Minister as respects their area that action needs to be taken as mentioned in subsection (1) of the last foregoing section.

(5) Nothing in this or the last foregoing section shall be taken as requiring that a local planning authority shall have completed their review under the last foregoing section before exercising their powers under this Part of this Act of making access agreements or orders or of acquiring land.

63.—(1) Within one year from the completion of their review under the last but one foregoing section or within such longer period as the Minister may in any particular case allow, a local planning authority shall, unless they have forwarded to the Minister a statement under subsection (2) of the last foregoing section, prepare and forward to the Minister a map on such scale as may be prescribed by regulations made by the Minister showing as respects the area of the authority, in such manner as may be so prescribed—

- (a) the approximate extent of land in the area of any of the descriptions specified in subsection (2) of section fifty-nine of this Act, and

- (b) what action has been taken under this Part of this Act for enabling the public to have access to such land,

agreements.

(2) An access agreement may provide for the making of payments by the local planning authority of either or both of the following descriptions, that is to say in consideration of the making of the agreement and by way of contribution towards expenditure incurred by the person making the agreement in consequence thereof.

(3) An access agreement may be made either irrevocably or subject to such provisions for revocation or variation as may be specified in the agreement.

65.—(1) Subject to the provisions of this section, the authority by whom an access order may be made shall be the local planning authority in whose area the land in question is situated; and an order made by such an authority shall be submitted to the Minister and shall not have effect unless confirmed by him.

PART V
—cont.

(3) An access order shall contain a map, on such scale as may be prescribed by regulations made by the Minister, defining in such manner as may be so prescribed—

(b) so far as appears practicable to the authority making the order, any of the said land which, in the opinion of that authority, is at that time excepted land otherwise than by reason of being agricultural land ;

and the order shall also include such descriptive matter, if any, as may be so prescribed or as may appear to the said authority to be requisite for the purposes of the order.

(4) The provisions in that behalf of the First Schedule to this Act shall apply to the making, confirmation, coming into operation and validity of access orders.

(b) in the case of land in a National Park it is represented to the Minister by the Commission that a local planning authority have not complied with a request made under the last foregoing subsection,

the Minister, after consultation with the local planning authority, may direct the authority to make the order or may himself make the order.

and liabilities
of owners.

66.—(1) A person interested in any land comprised in an access agreement or order, not being excepted land, shall not carry out any work thereon whereby the area to which the public are able to have access by virtue of the agreement or order is substantially reduced :

Provided that nothing in this subsection shall affect the doing of anything whereby any land becomes excepted land.

(2) The operation of subsection (1) of section sixty of this Act in relation to any land shall not increase the liability, under any enactment not contained in this Act or under any rule of law, of a person interested in that land or adjoining land in respect of the state thereof or of things done or omitted thereon.

(3) Any restriction arising under a covenant or otherwise as to the use of any land comprised in an access agreement or order shall have effect subject to the provisions of this Part of this Act, and any liability of a person interested in such land in respect of such a restriction shall be limited accordingly.

(4) For the purposes of any enactment or rule of law as to the circumstances in which the dedication of a highway or the grant of an easement may be presumed, or may be established by prescription, the use by the public or by any person of a way across land at any time while it is comprised in an access agreement or order shall be disregarded.

67.—(1) An access agreement or order may make such provision as appears expedient for the purposes of the agreement or order for securing that sufficient means of access to the land comprised in the agreement or order will be available for the public while the land is so comprised. Provision of
means of
access.

(2) Provision made by an access agreement or order by virtue of this section may be provision for any one or more of the following matters, that is to say—

- (b) the construction of new means of access to the land ;

- (c) require, or authorise any person to require, any work to be carried out at the expense of any person interested in the land except as hereafter in this section expressly provided.

(4) Where it appears to the local planning authority in whose area the land is situated that any work is required for giving effect to any such provision of an access agreement or order

PART V
—cont.

as is specified in paragraphs (a), (b) and (d) of subsection (2) of this section, the authority may agree with the owner and occupier of the land as to the carrying out of the work, and where it is agreed that it shall be carried out otherwise than by the authority may defray the cost of the carrying out thereof, or may contribute such part of that cost as may be specified in the agreement.

(5) If, in a case falling within the last foregoing subsection—

(a) the local planning authority are unable to make an agreement, or

(b) the owner or occupier fails to carry out within a reasonable period any work which he has agreed to carry out, the local planning authority, after giving to the owner and the occupier not less than fourteen days' notice of their intention so to do, may take all necessary steps for carrying out the work; and where, in a case to which paragraph (b) of this subsection applies, the agreement provided that the authority should contribute part of the cost of carrying out the work, the authority may recover the amount of any expenses reasonably incurred by them in carrying out the work, reduced by their contribution under the agreement, from the person by whom under the agreement the cost (apart from the authority's contribution) of carrying out the work would fall to be borne.

(6) In this section the expression "means of access," in relation to land, means any opening in a wall, fence or hedge bounding the land or any part thereof, with or without a gate, stile or other works for regulating passage through the opening, any stairs or steps for enabling persons to enter on the land or any part thereof, or any bridge, stepping stone or other works for crossing a watercourse, ditch or bog on the land or adjoining the boundary thereof.

Power of local
planning
authority to
enforce access.

68.—(1) If any person contravenes the provisions of subsection (1) of the last but one foregoing section, or any such restriction as is specified in paragraph (c) of subsection (2) of the last foregoing section, the local planning authority whose area comprises the land in respect of which the contravention occurred may serve on that person a notice requiring him, within such period as may be specified in the notice, to carry out such work so specified as may appear to the authority to be requisite for remedying the contravention, being work for restoring or re-opening any means of access to the land or for providing new means of access thereto.

(2) If within the period specified in a notice under the last foregoing subsection the person on whom the notice is served fails to comply therewith, the local planning authority may take all necessary steps for carrying out the work specified in

the notice and may recover from that person any expenses reasonably incurred by them in carrying it out.

PART V
—cont.

(3) Any person on whom a notice is served under subsection (1) of this section may, at any time within the period specified in the notice for carrying out the work so specified, complain to a court of summary jurisdiction for the petty sessional division or place within which the land to which the notice relates is situated—

- (a) that the period specified as aforesaid is too short ;
- (b) that the work specified in the notice, or some of that work, is not requisite for remedying the contravention ;
- (c) that he has not contravened the provisions or restriction in question ; or
- (d) that the work specified in the notice, or so much of the work as is requisite for remedying the contravention, has been carried out.

(4) Any summons issued on a complaint under the last foregoing subsection shall be served on the local planning authority.

(5) On any such complaint the court, if satisfied of the grounds of the complaint, may—

- (a) extend the period within which the work was required to be carried out by the notice, or
- (b) quash the notice as respects the whole or any part of the work specified therein,

as the nature of the complaint may require ; but if not so satisfied shall dismiss the complaint.

(6) The Summary Jurisdiction Acts shall apply to the proceedings on any complaint under this section ; and any person aggrieved by the decision of the court on any such complaint may appeal to a court of quarter sessions.

(7) Where a complaint is made to the court under this section, the time between the making of the complaint and the determination thereof, and of any appeal from that determination, shall be disregarded in determining the period within which, in accordance with the notice, the work specified therein is to be carried out.

69. If, upon application made to the Minister of Agriculture and Fisheries by any person interested in land comprised in an access agreement or order, or by any other person appearing to the said Minister to have a sufficient interest in the matter, the said Minister is satisfied that, by reason of any exceptional conditions of weather for the time being prevailing, access by the public to the land or any part thereof is likely to result in fires occurring thereon, the said Minister may direct that subsection

PART V
—cont.

(1) of section sixty of this Act shall not have effect in relation to the land during such period as may be specified in the direction.

Compensation
for access
orders.

70. Where the value of the interest of any person in land is depreciated in consequence of the coming into operation of an access order, then subject to the following provisions of this Part of this Act the local planning authority in whose area the land comprised in the order is situated shall pay to that person compensation equal to the amount of the depreciation :

Provided that nothing in this section shall confer on a person a right to compensation for depreciation of an interest in land, being land which is not comprised in the order or if so comprised is excepted land, except if and in so far as either—

- (a) it is held with land comprised in the order which is not excepted land, or
- (b) the omission of any other person to exclude the public from the land comprised in the order or any part thereof would have been actionable at the suit of the first-mentioned person if the access order had not come into operation.

Compensation
to be assessed
with regard to
effect of first
five years of
access.

71.—(1) For the purpose of enabling compensation under the last foregoing section to be assessed in the light of experience gained of the actual effect on land of the coming into operation of access orders, any such compensation shall not, save as herein-after provided, be claimed or payable before the expiration of a period of five years from the coming into operation of the order giving rise to the compensation (in this and the next following section referred to as “the relevant order”).

(2) Nothing in the last foregoing subsection shall be construed as requiring such compensation to be assessed as at a date later than the date of the coming into operation of the relevant order ; but in calculating the compensation it shall be assumed that, on a sale at that date of the interest in respect of which the compensation is claimed, the purchaser would have had knowledge—

- (a) of the actual effect during the said period, on the land in which the said interest subsists and the use of that land, of the coming into operation of the relevant order ;
- (b) of the fact and date of any revocation or variation during that period of the relevant order ;
- (c) of the fact and date of any changes during that period, as respects land comprised in the relevant order, from or to excepted land.

(3) If during the said period of five years the relevant order is revoked, or varied so as to exclude from the operation thereof any land not being excepted land, the foregoing provisions of

this section shall thereupon have effect, so far as concerns any claim for compensation in respect of the operation of the relevant order as respects the said land, as if for any reference to the said period of five years there were substituted a reference to the period beginning with the coming into operation of the relevant order and ending with the said revocation or variation.

PART V
—cont.

(4) Where at different times within a period of five years two or more parcels of land become comprised in access orders, and any person has an interest in each of those parcels, then, with the consent of every person having an interest in each of the parcels other than the one first so comprised, the foregoing provisions of this section shall apply in relation to each of the last mentioned parcels with the substitution for any reference to the period of five years from the coming into operation of the order by virtue of which that parcel became so comprised as aforesaid of a reference to a period of five years from the coming into operation of the order by virtue of which the first of the parcels became so comprised.

72.—(1) Any person claiming to be entitled to an interest in land in respect of the depreciation of which compensation will become payable under the last but one foregoing section may apply to the local planning authority by whom the compensation will be payable to record his claim; and where an application is duly made under this subsection the authority shall record the claim accordingly in such manner as may be prescribed by regulations made by the Minister.

Claims for
compensation,
and interest.

(2) An application under the last foregoing subsection shall be made in such manner and within such period (not being less than three months) after the date when the relevant order came into operation as may be prescribed by regulations made by the Minister, and shall be accompanied by such particulars of the interest in land in respect of which it is made as may be so prescribed:

Provided that nothing in this subsection shall authorise the imposition of any requirement that an applicant under subsection (1) of this section shall state the amount of the compensation.

(3) Within such period as may be prescribed by regulations made by the Minister (not being less than three months) after the end of the period after which under the last foregoing section compensation may be claimed, any person who has applied under subsection (1) of this section for the recording of a claim to compensation, or any person claiming under him in respect of that compensation, may apply to the local planning authority, in such manner as may be so prescribed, for the payment of the compensation.

PART V
—cont.

(4) An application under the last foregoing subsection shall state the amount of compensation claimed by the applicant; and regulations of the Minister made for the purposes of this subsection may require the application to be accompanied by such evidence of the title of the applicant to the compensation as may be prescribed by the regulations.

(5) Any compensation payable under the last but one foregoing section shall become due when, on an application for the payment thereof duly made under subsection (3) of this section, the amount of the compensation has been agreed or, in default of agreement, has been determined in manner hereinafter provided; and any such compensation shall be payable with interest, at such rate as may be so prescribed as aforesaid, from the date on which the relevant order came into operation to the date at which the compensation is paid.

Payments on account in cases of special hardship.

73.—(1) At any time during the period after which, under the last but one foregoing section, compensation may be claimed in respect of the coming into operation of an order, a person claiming to be entitled to such compensation may apply to the local planning authority for a payment on account of the compensation on the ground of special circumstances whereby the postponement of compensation until after the end of the said period will cause him undue hardship; and if the authority are satisfied that such circumstances exist they shall make to him a payment on account of the compensation of such amount as they may determine.

(2) Any person aggrieved by the refusal of a local planning authority to make a payment on account under the last foregoing subsection, or by their determination thereunder of the amount of the payment to be made to him, may appeal to the Minister; and the Minister, after affording to the said person and to the authority an opportunity of being heard by a person appointed by the Minister for the purpose, may either confirm the decision of the authority or direct that they shall make a payment on account of such amount as appears to the Minister to be just.

Application to waterways in National Parks.

74. The foregoing provisions of this Part of this Act shall apply to waterways in a National Park as those provisions apply to open country.

Exercise of powers under s. 13 as respects open country and waterways comprised in access orders.

75.—(1) An access order, whether made in respect of open country or in respect of a waterway, may specify work to be carried out (either at one time or from time to time) on land comprised in the order in the exercise of the powers conferred by section thirteen of this Act.

(2) An authority proposing, in the exercise of the said powers, to carry out any work on land comprised in an access order, whether the work is specified in the order or not, shall give to

the owner and occupier of the land not less than fourteen days' notice of their intention so to do, specifying the work to be carried out.

PART V
—cont.

(3) Where the work specified in a notice given under the last foregoing subsection is not work specified in the access order, then if before the expiration of the notice the owner or occupier of the land serves notice of objection on the authority, the authority shall not carry out the work except in accordance with the provisions of the two next following subsections.

(4) An authority on whom notice of objection has been served under the last foregoing subsection shall afford to the objector an opportunity of being heard by a person appointed by them for the purpose and shall then determine either—

(a) not to carry out the work to which the objection relates,
or

(b) to carry out the work, either as originally proposed or with such modifications as the authority may determine,

and shall serve notice of their determination on the objector; and where the authority determine as mentioned in paragraph (b) of this subsection, they may proceed with the work in accordance with the determination at any time after the expiration of fourteen days from the date on which notice of the determination is served on the objector:

Provided that if the objector serves notice of appeal under the next following subsection the authority shall not proceed with the work except in accordance with the provisions of that subsection.

(5) Any person aggrieved by a determination of an authority under the last foregoing subsection may within the period of fourteen days therein mentioned serve notice of appeal against the determination on the Minister and on the authority; and where notice of appeal is served under this subsection the Minister, after affording to the appellant and to the authority an opportunity of being heard by a person appointed by him for the purpose, shall either direct that the authority shall be at liberty to carry out the work (whether as specified in the notice given under subsection (2) of this section or subject to such modifications or conditions as the Minister may think fit) or shall direct the authority not to carry out the work.

(6) Any power conferred by paragraph (b) of subsection (4) of this section or by the last foregoing subsection to modify the work specified in a notice given under subsection (2) of this section shall not be exercised so as to affect land not affected by the notice.

PART V
—cont.Acquisition by
local
authorities of
land for public
access.

76.—(1) Where it appears to a local planning authority, as respects any open country in their area, other than excepted land,—

- (a) that it is requisite that the public should have access thereto for open-air recreation ; and
- (b) that in the circumstances it is expedient that such access thereto should be secured by the acquisition of the land by the local planning authority,

the authority may acquire the land compulsorily.

In this subsection the expression “ excepted land ” includes, in relation to any compulsory purchase, land such that if an access agreement or order had been made at the time when the compulsory purchase order was confirmed the land would by virtue of paragraph (d) of subsection (5) of section sixty of this Act have been excepted land for the purposes of the access agreement or order.

(2) Where, in connection with the acquisition of any land under the last foregoing subsection it appears to the local planning authority that the proper exercise of their functions under this section will be substantially prejudiced unless other land surrounded by the first-mentioned land, or contiguous or adjacent thereto, is acquired therewith, the powers conferred by the last foregoing subsection shall extend to the acquisition of that other land.

(3) A local planning authority may carry out on land acquired by them for the purposes of this section, and for the time being held by them for those purposes, such work as they may consider requisite for providing convenient means of access to the land or otherwise for the said purposes.

(4) While land acquired by a local planning authority under this section is held by them for the purposes thereof, it shall be the duty of the authority so to manage the land as to give to the public access for open-air recreation to so much thereof as appears to the authority to be practicable, having regard to the nature of the different parts of the land, to anything done thereon which may result in danger to the public or to persons employed thereon unless public access to the land or to adjoining land is restricted, and to all other relevant circumstances.

Acquisition
by Ministers
of land for
public access.

77.—(1) Where it appears to the Minister, as respects any open country in a National Park, not being excepted land,—

- (a) that it is requisite that the public should have access thereto for open-air recreation ; and
- (b) that in the circumstances it is expedient that such access thereto should be secured by the acquisition of the land by him,

the Minister may, with the consent of the Treasury, acquire the land by agreement, whether by way of purchase, lease or exchange, or acquire the land compulsorily.

PART V
—cont.

In this subsection the expression "excepted land" includes, in relation to any compulsory purchase, land such that if an access agreement or order had been made at the time when the compulsory purchase order was confirmed the land would by virtue of paragraph (d) of subsection (5) of section sixty of this Act have been excepted land for the purposes of the access agreement or order.

(2) Subsection (2) of the last foregoing section shall apply, in relation to the acquisition of land under the last foregoing subsection, but with the substitution for references to the local planning authority of references to the Minister.

(3) The provisions of subsections (2) to (4) of section fourteen of this Act shall apply to land acquired by the Minister under this section, with the substitution, for the reference in the said subsection (2) to the accomplishment of the purposes therein mentioned, of a reference to the securing of public access for open-air recreation to so much of the land as appears to the Minister to be practicable, having regard to the matters mentioned in subsection (4) of the last foregoing section.

(4) Where in accordance with subsection (1) of this section, or that subsection as extended by subsection (2) of this section, the Minister would have power, with the consent of the Treasury, to acquire any land, but it appears to him and to the Minister of Agriculture and Fisheries, having regard to the character of the land, that the land is more suitable for acquisition by the last mentioned Minister, the said power shall be exercisable by the last mentioned Minister.

(5) The Minister or the Minister of Agriculture and Fisheries, as the case may be, may carry out on land acquired by him for the purposes of this section, and for the time being held by him for those purposes, such work as he may consider requisite for providing convenient means of access to the land or otherwise for the said purposes, or may arrange for any such work to be carried out by persons to whom the land is transferred.

78.—(1) A local planning authority whose area comprises any land—

Maps of land
subject to
public access.

- (a) which is subject to an access agreement or order, or
- (b) has been acquired under either of the two last foregoing sections and is for the time being held for the purpose for which it was acquired,

shall prepare and keep up to date a map, on such scale as may

PART V
—cont.

be prescribed by regulations made by the Minister, defining in such manner as may be so prescribed—

- (i) the land subject to the agreement or order or the land acquired and held as aforesaid, as the case may be ;
- (ii) in the case of land subject to such an agreement or order, any land comprised therein which, in the opinion of the authority, is for the time being excepted land, otherwise than by reason of being agricultural land, and which in their opinion it is practicable to define on the map ;
- (iii) in the case of land acquired and held as aforesaid, any land comprised therein from which, for the purpose of avoiding danger to the public or to persons employed thereon, or because it is excepted land, or for any other reason, the public are excluded, and which in their opinion it is practicable so to define.

(2) An authority who are required by the last foregoing subsection to prepare and keep up to date any map shall, so long as they are required so to do, have copies of the map available for inspection by the public at such places as the authority may determine ; and the authority may, if they think fit, display, at places where the public obtain access to the land to which the map relates—

- (a) reproductions of the map on an appropriate scale,
- (b) notices specifying any restrictions on access to the land or any part thereof, whether the restrictions have effect by virtue of any of the provisions of this Part of this Act or otherwise.

**Provisions as
to woodlands.**

79.—(1) If, on the submission of an access order to the Minister for confirmation, a representation or objection is duly made as respects any land—

- (a) that the land is used, or about to be brought into use, for the growing of timber for commercial purposes, and that the use or proposed use of the land as aforesaid will be substantially prejudiced by the application of the provisions of section sixty of this Act to the land, or
- (b) that the land is used for the growing of timber so as to be of value for the amenity of the neighbourhood and that the growth or regeneration of the timber will be substantially prejudiced as aforesaid,

then, subject to the provisions of this section, if the Minister is satisfied that the conditions specified in paragraph (a) or (b) of this subsection are fulfilled he shall not confirm the order so as to apply the said provisions to the land.

(2) Where, as respects land comprised in an access agreement, it is represented to the Minister, and the Minister is satisfied, that the conditions specified in paragraph (a) or (b) of the last foregoing subsection are fulfilled, then subject to the provisions of this section—

- (a) the Minister shall notify to the authority by whom the agreement was made the fact that he is satisfied as aforesaid, and thereupon the authority shall vary the agreement so as to exclude the land ;
- (b) the fact that the agreement is expressed to be irrevocable shall not prevent its variation so as to exclude the land ; and
- (c) if the concurrence of any party to the agreement other than the said authority, or of the successor in title to his interest, cannot be obtained to the variation of the agreement as aforesaid, the authority may by order made with the approval of the Minister vary the agreement.

(3) Where, as respects land comprised in an access order (whether made by the Minister or by a local authority), it is represented to the Minister, and the Minister is satisfied, that the conditions specified in paragraph (a) or (b) of subsection (1) of this section are fulfilled, then subject to the provisions of this section the Minister shall make an order varying the access order so as to exclude the land.

(4) Before coming to a conclusion on any such representation as is mentioned in the two last foregoing subsections, the Minister shall either cause a local inquiry to be held or afford to the person by whom the representation was made an opportunity of being heard by a person appointed by the Minister for the purpose, and shall consider the report of the person by whom the inquiry was held or the person appointed as aforesaid, as the case may be.

(5) In determining whether the conditions specified in paragraph (a) or (b) of subsection (1) of this section are fulfilled in the case of any proposed access order, the Minister shall have regard to the provisions of subsection (3) of section sixty of this Act ; and references in this section to varying an agreement or order so as to exclude land shall include references to varying an agreement or order by the imposition of such restrictions under the said subsection (3) as may be specified by the Minister as requisite for the purposes of this section.

(6) In this section the expression “ timber ” includes trees of every description, and also saleable underwood ; but notwithstanding anything in the foregoing provisions of this section those provisions shall not apply where the use or proposed use mentioned in subsection (1) of this section is such that the land is or will become agricultural land.

SCHEDULES

FIRST SCHEDULE

PROVISIONS AS TO MAKING, CONFIRMATION, COMING INTO OPERATION AND VALIDITY OF CERTAIN INSTRUMENTS

PART I

Orders designating National Parks, Public Path Orders, Diversion Orders and Extinguishment Orders, and Access Orders

1.—(1) Before—

- (a) an order designating a National Park,
- (b) a public path order, diversion order or extinguishment order, or
- (c) an access order,

is submitted to the Minister for confirmation, the authority by whom the order was made shall give notice in the prescribed form stating the effect of the order and that it has been made and is about to be submitted for confirmation, naming places in the locality to which the order relates where copies of the order and of the map referred to therein may be inspected, and specifying the time (not being less than twenty-eight days) within which, and the manner in which, representations or objections with respect to the order may be made.

(2) Before the Minister makes an order varying an order designating a National Park, or makes a public path order, diversion order or extinguishment order or an access order, he shall prepare a draft of the order and shall give notice stating that he proposes to make the order and the effect thereof, naming places in the locality to which the draft relates where a copy of the draft and of the map referred to therein may be inspected, and specifying the time (not being less than twenty-eight days) within which, and the manner in which, representations or objections with respect to the draft may be made.

(3) The notice to be given under either of the two foregoing subparagraphs shall be given—

(a) in the case of an order designating a National Park or an order varying such an order, by publication in the London Gazette, in two newspapers circulating in the country generally and in at least one local newspaper circulating in the area of every local planning authority whose area includes any of the land to which the order relates;

(b) in the case of a public path order or an access order, by publication in the London Gazette and in at least one local newspaper circulating in the locality in which the land to which the order relates is situated, and by serving a like notice on every owner, lessee and occupier (except tenants for a month or any period less than a month) of any of that land, so however that—

1st Sch.
—cont.

(ii) if the Minister so directs in the case of any land, then in addition to publication the notice shall be addressed to "the owners and any occupiers" of the land (describing it) and a copy or copies of it shall be affixed to some conspicuous object or objects on the land;

(c) in the case of a diversion order or an extinguishment order, by publication and the service of notices as mentioned in head (b) of this sub-paragraph and also—

(i) by serving such a notice as is therein mentioned on the council of every county, county borough, county district or parish, and the parish meeting of every rural parish not having a separate parish council, being a county, borough, district or parish which includes any of the land to which the order relates; and

(ii) by causing a copy of the notice to be displayed in a prominent position at the ends of so much of any public path as is to be diverted or stopped up by virtue of the order.

(4) Where under this paragraph any notice is required to be served on an owner of land and the land belongs to an ecclesiastical benefice, a like notice shall be served on the Church Commissioners.

2.—(1) If no representations or objections are duly made, or if any so made are withdrawn, the Minister may, if he thinks fit, confirm or make the order, as the case may be, with or without modifications.

(2) If any representation or objection duly made is not withdrawn, the Minister shall, before confirming or making the order, as the case may be, if the objection is made by a local authority cause a local inquiry to be held and in any other case either—

(a) cause a local inquiry to be held, or

(b) afford to any person by whom any representation or objection has been duly made and not withdrawn an opportunity of being heard by a person appointed by him for the purpose,

and, after considering the report of the person appointed to hold the inquiry or to hear representations or objections, may confirm or make the order, as the case may be, with or without modifications:

Provided that in the case of a public path order or diversion order, if objection is made by statutory undertakers on the ground that the order provides for the creation of a public right of way over land covered by works used for the purposes of their undertaking or the curtilage of such land, and the objection is not withdrawn, the order shall be subject to special parliamentary procedure.

(3) Notwithstanding anything in the foregoing provisions of this paragraph, the Minister shall not confirm or make an order so as to affect land not affected by the order as submitted to him or the draft order prepared by him, as the case may be, except after—

and, in the case of a public path order or diversion order, if objection is made by statutory undertakers on the ground that the order as modified would provide for the creation of a public right of way over land covered by works used for the purposes of their undertaking or the curtilage of such land, and the objection is not withdrawn, the order shall be subject to special parliamentary procedure.

(4) Where, in the case of an access order, it is represented by the persons carrying on a statutory undertaking, being a water undertaking, that any land comprised in the order as submitted to the Minister or in the draft order prepared by him, as the case may be (or, where notice of a proposed modification has been given under head (a) of the last foregoing sub-paragraph, any land to which the proposed modification relates), should be excluded from the operation of the order on the ground that by reason of—

- (a) the proximity of the land to any reservoir used for the purposes of the undertaking, or

the operation of section sixty of this Act as respects that land would be likely to involve danger to the purity of the water supply which could not be prevented by the taking of any reasonable measures, sub-paragraph (2) of this paragraph, or head (c) of the last foregoing sub-paragraph, as the case may be, shall have effect in relation to that representation as if it provided for the consideration of the report therein referred to by the Minister and the Minister of Health acting jointly.

3. As soon as may be after any such order as is mentioned in paragraph 1 of this Schedule has been confirmed or made by the Minister, the authority by whom the order was made, or, in the case of an order made by the Minister, the Minister, shall publish, in the manner required in relation to the class of order in question by sub-paragraph (3) of paragraph 1 of this Schedule, a notice in the prescribed form describing the effect of the order, stating that it has been confirmed

or made, and naming a place where a copy thereof as confirmed or made may be inspected at all reasonable hours, and—

- (a) where under the said sub-paragraph (3) notice was required to be served, shall serve a like notice and a copy of the order as confirmed or made on any persons on whom notices were required to be served under that sub-paragraph or under sub-paragraph (4) of paragraph 1 of this Schedule; and
- (b) where under the said sub-paragraph (3) a notice was required to be displayed, shall cause a like notice to be displayed in the like manner as the notice required to be displayed under that sub-paragraph:

Provided that no such notice or copy need be served on a person unless he has sent to the authority or Minister (according as the notice or copy would require to be served by an authority or by the Minister) a request in writing in that behalf specifying an address for service.

4.—(1) The Minister may, subject to the provisions of this Part of this Schedule, by regulations make such provision as to the procedure on the submission and confirmation of orders to which this Part of this Schedule applies as appears to him to be expedient.

(2) Provision may be made by regulations of the Minister for enabling proceedings preliminary to the confirmation of an extinguishment order to be taken concurrently with proceedings preliminary to the confirmation of a public path order or diversion order.

(3) In this Part of this Schedule the expression “prescribed” means prescribed by regulations made by the Minister.
