

Income and Corporation Taxes Act 1970

1970 CHAPTER 10

PART VI

SCHEDULE D

CHAPTER V

TRADES, PROFESSIONS AND VOCATIONS : POST-CESSATION ETC. RECEIPTS

Case VI charges on receipts after discontinuance or change in basis of computation

143 Receipts after discontinuance: earnings basis charge, and related charge affecting conventional basis

- (1) Where any trade, profession or vocation the profits or gains of which are chargeable to tax under Case I or Case II of Schedule D has been permanently discontinued, tax shall be charged under Case VI of that Schedule in respect of any sums; to which this section applies which are received after the discontinuance.
- (2) Subject to subsection (3) below, this section applies to the following sums arising from the carrying on of the trade, profession or vocation during any period before the discontinuance (not being sums otherwise chargeable to tax)—
 - (a) where the profits or gains for that period were computed by reference to earnings, all such sums in so far as their value was not brought into account in computing the profits or gains for any period before the discontinuance, and
 - (b) where those profits or gains were computed on a conventional basis (that is to say, were computed otherwise than by reference to earnings), any sums which, if those profits or gains had been computed by reference to earnings, would not have been brought into the computation for any period before the discontinuance because the date on which they became due, or the date on which the amount due in respect thereof was ascertained, fell after the discontinuance.

Status: This is the original version (as it was originally enacted). This item of legislation is currently only available in its original format.

- (3) This section does not apply to any of the following sums—
- (a) sums received by a person beneficially entitled thereto who is not resident in the United Kingdom, or by a person acting on his behalf, which represent income arising directly or indirectly from a country or territory outside the United Kingdom, or
 - (b) a lump sum paid to the personal representatives of the author of a literary, dramatic, musical or artistic work as consideration for the assignment by them, wholly or partially, of the copyright in the work, or
 - (c) sums realised by the transfer of trading stock belonging to a trade at the discontinuance thereof, or by the transfer of the work of a profession or vocation in progress at the discontinuance thereof.
- (4) Where—
- (a) in computing for tax purposes the profits or gains of a trade, profession or vocation, a deduction has been allowed for any debt incurred for the purposes of the trade, profession or vocation, and
 - (b) the whole or any part of that debt is thereafter released, and
 - (c) the trade, profession or vocation has been permanently discontinued at or after the end of the period for which the deduction was allowed and before the release was effected,
- subsections (1) to (3) above shall apply as if the amount released were a sum received after the discontinuance.
- (5) For the purposes of this section, the value of any sum received in payment of a debt shall be treated as not brought into account in the computation of the profits or gains of a trade, profession or vocation to the extent that a deduction has been allowed in respect of that sum under section 130(i) above (bad and doubtful debts).

144 Conventional basis: general charge on receipts after discontinuance or change of basis

- (1) Where any trade, profession or vocation the profits or gains of which are chargeable to tax under Case I or Case II of Schedule D has been permanently discontinued, and the profits or gains for any period before the discontinuance were computed on a conventional basis, tax shall be charged under Case VI of that Schedule in respect of sums to which this subsection applies which are received on or after the discontinuance.

This subsection applies to all sums arising from the carrying on of the trade, profession or vocation during any period before the discontinuance, not being—

- (a) sums otherwise chargeable to tax (including sums to which section 143 above applies despite the words " (not being sums otherwise chargeable to tax)" in subsection (2) of that section), or
- (b) sums to which the said section 143 would have applied but for paragraphs (a) and (b) of subsection (3) of that section,

in so far as the amount or value of the sums was not brought into account in computing the profits or gains for any period before the discontinuance.

- (2) Where, in the case of any trade, profession or vocation the profits or gains of which are chargeable to tax under Case I or Case II of Schedule D, there has been—
- (a) a change from a conventional basis to the earnings basis, or

Status: This is the original version (as it was originally enacted). This item of legislation is currently only available in its original format.

- (b) a change of conventional basis which may result in receipts dropping out of computation,

tax shall be charged under Case VI of that Schedule in respect of sums to which this subsection applies which are received after the change, and before the trade, profession or vocation is permanently discontinued.

This subsection applies to all sums arising from the carrying on of the trade, profession or vocation during any period before the change (not being sums otherwise chargeable to tax) in so far as their amount or value was not brought into account in computing the profits or gains for any period.

- (3) It is hereby declared that where work in progress at the discontinuance of a profession or vocation, or the responsibility for its completion, is transferred, the sums to which subsection (1) above applies include any sums received by way of consideration for the transfer, and any sums received by way of realisation by the transferee, on behalf of the transferor, of the work in progress transferred.
- (4) Where, in the case of any profession or vocation, the profits or gains of which are chargeable to tax under Case I or Case II of Schedule D—
- (a) there has been a change from a conventional basis to the earnings basis, or a change of conventional basis, and
- (b) the value of the work in progress at the time of the change was debited in the accounts and allowed as a deduction in computing profits for tax purposes for a period after the change,

then, in so far as no counterbalancing credit was brought into account in computing profits for tax purposes for any period ending before or with the date of the change, tax shall be charged under subsection (2) above in respect of that amount for the year of assessment in which the change occurred as if that amount were a sum to which the said subsection (2) applies, and the change of basis were a change of the kind described in that subsection.

- (5) Subsection (1) above shall not apply where the permanent discontinuance fell before 19th March 1968; and subsection (2) above shall not apply where the change took place before the said 19th March, and, before that date—
- (a) the decision had been taken to prepare accounts reflecting the change, or
- (b) the trade, profession or vocation had been permanently discontinued.

145 Allowable deductions

- (1) In computing the charge to tax in respect of sums received by any person which are chargeable to tax by virtue of section 143 or 144(1) above (including amounts treated as sums received by him by virtue of subsection (4) of the said section 143), there shall be deducted from the amount which, apart from this subsection, would be chargeable to tax—
- (a) any loss, expense or debit (not being a loss, expense or debit arising directly or indirectly from the discontinuance itself) which, if the trade, profession or vocation had not been discontinued, would have been deducted in computing for tax purposes the profits or gains of the person by whom it was carried on before the discontinuance, or would have been deducted from or set off against those profits or gains as so computed, and

Status: This is the original version (as it was originally enacted). This item of legislation is currently only available in its original format.

- (b) any capital allowance to which the person who carried on the trade, profession or vocation was entitled immediately before the discontinuance and to which effect has not been given by way of relief before the discontinuance.
- (2) No amount shall be deducted under subsection (1) above if that amount has been allowed under any other provision of the Tax Acts.
- (3) No amount shall be deducted more than once under subsection (1) above; and—
- (a) any expense or debit shall be apportioned between a sum chargeable under the said section 143 and a sum chargeable under the said section 144(1) in such manner as may be just,
 - (b) as between sums chargeable, whether under the said section 143 or the said section 144(1), for one chargeable period and sums so charged for a subsequent chargeable period, any deduction in respect of a loss or capital allowance shall be made against sums chargeable for the earlier chargeable period,
 - (c) subject to paragraph (b) above, as between sums chargeable for any chargeable period under the said section 143 and sums so chargeable under the said section 144(1), any deduction in respect of a loss or capital allowance shall be made against the last-mentioned sums rather than the first-mentioned, but, in the case of a loss which is to be allowed after the discontinuance, not so as to authorise its deduction from any sum chargeable for a chargeable period preceding that in which the loss is incurred.
- (4) In computing the charge to tax in respect of sums received by any person which are chargeable to tax by virtue of section 144(2) above, there shall be deducted any expense or debit which is not otherwise allowable and which, but for the change in basis, would have been deducted in computing for tax purposes the profits or gains of the trade, profession or vocation, but no amount shall be deducted more than once under this subsection.

146 Application of charges on events treated as discontinuances

For the purposes of this Chapter, any reference to the permanent discontinuance of a trade, profession or vocation includes a reference to the occurring of any event which, under section 154 or 251(1) of this Act, is to be treated as equivalent to the permanent discontinuance of a trade, profession or vocation.

147 Application of charges where rights to payments transferred

- (1) Subject to subsection (2) below, in the case of a transfer for value of the right to receive any sum to which section 143, 144(1) or 144(2) above applies, any tax chargeable by virtue of the said section 143 or 144 shall be charged in respect of the amount or value of the consideration (or, in the case of a transfer otherwise than at arm's length, in respect of the value of the right transferred as between parties at arm's length), and references in this Chapter to sums received shall be construed accordingly.
- (2) Where a trade, profession or vocation is treated as permanently discontinued by reason of a change in the persons carrying it on, and the right to receive any sum to which section 143 or 144(1) above applies is or was transferred at the time of the change to the persons carrying on the trade, profession or vocation after the change, tax shall not be charged by virtue of the said section 143 or 144, but, except where the change took place before the relevant date, any sum received by those persons by virtue of the

transfer shall be treated for all purposes as a receipt to be brought into the computation of the profits or gains of the trade, profession or vocation in the period in which it is received.

- (3) In subsection (2) above " the relevant date " is—
- (a) in the case of a sum to which section 143 above applies, 6th April 1960, and
 - (b) in the case of a sum to which section 144(1) above applies, 19th March 1968.

Reliefs

148 Treatment of receipts as earned income

Where an individual is chargeable to tax by virtue of section 143 or 144 above, and the profits or gains of the trade, profession or vocation to which he was entitled before the discontinuance or, as the case may be, change of basis fell to be treated as earned income for the purposes of income tax the sums in respect of which he is so chargeable shall also be treated as earned income for those purposes (but, in the case of sums chargeable by virtue of the said section 144, after any reduction therein under section 150 below).

149 Election for carry-back

Where any sum chargeable to tax by virtue of section 143 or 144 above is received in any year of assessment beginning not later than six years after the discontinuance or, as the case may be, change of basis by the person by whom the trade, profession or vocation was carried on before the discontinuance or change, or by his personal representatives, that person or (in either case) his personal representatives may, by notice in writing sent to the inspector within two years after that year of assessment, elect that the tax chargeable as aforesaid shall be charged as if the sum in question were received on the date on which the discontinuance took place or, as the case may be, on the last day of the period at the end of which the change of basis took place; and, in any such case, an assessment shall (notwithstanding anything in the Tax Acts) be made accordingly, and, in connection with that assessment, no further deduction or relief shall be made or given in respect of any loss or allowance deducted in pursuance of section 145 above.

150 Charge under s. 144: relief for individuals born before 6th April 1917

- (1) If an individual born before 6th April 1917, or the personal representative of such an individual, is chargeable to tax under section 144 above, and—
- (a) the individual was engaged in carrying on the trade, profession or vocation on 18th March 1968, and
 - (b) the profits or gains of the trade, profession or vocation were not computed by reference to earnings in the period in which the said 18th March fell, or in any subsequent period ending before or with the relevant date,
- the net amount with which he is so chargeable to tax shall be reduced by multiplying that net amount by the fraction given below.
- (2) Where section 144(2) above applies in relation to a change of basis taking place on a date before 19th March 1968, then, in relation to tax chargeable by reference to that change of basis, that earlier date shall be substituted for the date in subsection (1)(a) above and subsection (1)(b) above shall be omitted.

Status: This is the original version (as it was originally enacted). This item of legislation is currently only available in its original format.

- (3) The said fraction is—
- (a) where on 5th April 1968 the individual had not attained the age of fifty-two, nineteen-twentieths,
 - (b) where on that date he had attained the age of fifty-two, but had not attained the age of fifty-three, eighteen-twentieths, and so on reducing the fraction by one-twentieth for each year he had attained, up to the age of sixty-four,
 - (c) where on that date he had attained the age of sixty-five, or any greater age, five-twentieths.
- (4) In this section—
- " the net amount " with which a person is chargeable to tax under the said section 144 means the amount with which he is so chargeable after making any deduction authorised by section 145 above, but before giving any relief under this section, and
- " relevant date "—
- (a) in relation to tax under section 144(1) above, means the date of the permanent discontinuance, and
 - (b) in relation to tax under section 144(2) above, means the date of the change of basis.
- (5) The preceding provisions of this section shall apply as follows as respects the net amount of any sum chargeable under the said section 144 which is assessed by reference to a sum accruing to a partnership—
- (a) the part of that net amount which is apportioned to any partner (who is an individual), or the personal representative of such an individual, shall be a net amount with which that person is chargeable under the said section 144, and
 - (b) if the part of the said net amount which is so apportioned is a greater proportion of that amount than is the individual's share (that is to say, the part to be included in his total income) of the total amount of the partnership profits assessed to income tax for the three years of assessment ending with the year in which the discontinuance or change of basis took place, the amount of the reduction to be given by way of relief shall not exceed the amount of relief which would have been so given if the apportionment had been made by reference to his share of that total amount.
- (6) For the purposes of this section, the trade, profession or vocation carried on before a permanent discontinuance shall not be treated as the same as any carried on after the discontinuance.

Supplemental

151 Interpretation etc.

- (1) The following provisions have effect for the purposes of this Chapter.
- (2) The profits or gains of a trade, profession or vocation in any period shall be treated as computed by reference to earnings where all credits and liabilities accruing during that period as a consequence of the carrying on of the trade, profession or vocation, are brought into account in computing those profits or gains for tax purposes, and not otherwise, and " earnings basis " shall be construed accordingly.

Status: This is the original version (as it was originally enacted). This item of legislation is currently only available in its original format.

- (3) "Conventional basis" has the meaning given by section 143(2) above, so that profits or gains are computed on a conventional basis if computed otherwise than by reference to earnings.
- (4) There is a change from a conventional basis to the earnings basis at the end of a period the profits or gains of which were computed on a conventional basis if the profits or gains of the next succeeding period are computed by reference to earnings; and, if the profits or gains of two successive periods are computed on different conventional bases, a change of conventional basis occurs at the end of the earlier period.
- (5) In sections 143 and 144—
 - (a) "trading stock" has the meaning given by section 137(4) above,
 - (b) references to work in progress at the discontinuance of a profession or vocation, and to the transfer of work in progress, are to be construed in accordance with section 138(5) above, and
 - (c) the reference to work in progress at the time of a change of basis is also to be construed in accordance with section 138(5) above, substituting therein for this purpose references to the change of basis for references to the discontinuance.
