- (3) A local authority shall not grant a licence under this Act unless it is satisfied that—
 - (a) it is not contrary to the public interest on the grounds of safety, nuisance or otherwise to grant the licence;

 - (f) while any animal concerned is at the premises where it will normally be held, its accommodation is such that it can take adequate exercise.
- (4) A local authority shall not grant a licence under this Act unless the application for it is made by a person who both owns and possesses, or proposes both to own and to possess, any animal concerned, except where the circumstances are in the authority's opinion exceptional.
- (5) A local authority shall not grant a licence under this Act unless a veterinary surgeon or veterinary practitioner authorised by the authority to do so under section 3 of this Act has inspected the premises where any animal will normally be held in pursuance of the licence and the authority has received and considered a report by the surgeon or practitioner, containing such particulars as in the authority's opinion enable it to decide whether the premises are such that any animal proposed to be kept under the authority of the licence may suitably be held there, and describing the condition of the premises and of any animal or other thing found there.
- (6) Subject to subsections (2) to (5) of this section, a local authority may grant or refuse a licence under this Act as it thinks fit, but where it decides to grant such a licence it shall specify as conditions of the licence—

 - (v) the terms of any such policy shall be satisfactory in the opinion of the authority;
 - (b) conditions restricting the species (whether one or more) of animal, and number of animals of each species, which may be kept under the authority of the licence;

- (c) a condition that the person to whom the licence is granted shall at all reasonable times make available a copy of the licence to any person entitled to keep any animal under the authority of the licence;
 - (d) such other conditions as in the opinion of the authority are necessary or desirable for the purpose of securing the objects specified in paragraphs (c) to (f) of subsection (3) of this section.
- (7) Subject to subsection (6) of this section, a local authority may, in granting a licence under this Act, specify such conditions of the licence as it thinks fit.
- (8) Where a local authority proposes to insert in a licence under this Act a provision permitting any animal to be, for any continuous period exceeding 72 hours, at premises outside the area of the authority, the authority shall consult the local authority in whose area those premises are situated.
- (9) A local authority which grants a licence under this Act may at any time vary the licence by specifying any new condition of the licence or varying or revoking any condition of it (including any condition specified, or previously varied, under this subsection); but any condition of a licence specified by virtue of subsection (6) of this section may not be revoked and any condition specified by virtue of paragraph (a)(ii) of that subsection may not be varied.
- (10) Where a local authority varies a licence under subsection (9) of this section, then—
- (a) if the variation was requested by the person to whom the licence was granted, the variation shall take effect immediately after the authority decides to make it;
 - (b) in any other case, the variation shall not take effect until the person to whom the licence was granted has become aware of the variation and had a reasonable time to comply with it.
